Addie travels to Haiti often trying to improve the world. During her first trip to Haiti in 2019, she realized the children of this poor country do not have the resources for games and toys and she took 6 ball gloves and taught some children American baseball. It was a hit and they loved the game. She has started a donation campaign in our local community asking for donations of used ball gloves in good condition and will donate

them to schools in Part-Au-Prince, Haiti during her next trip Sept, 2020. She also has interest in starting a recycle program in this country (currently this is not in place) to try to help them clean the city of mountains of garbage and improve health and living conditions.

This little girl is 13 years old and wise beyond her years. She is humble, kind, and amazing.

# Addison King

**Addison  
King**

Addison McCall (myself) would like to eventually go to the nba, grinds every day to get better and will not stop until I make it professionally. I have gone through many challenges including high blood pressure, injuries, restrictions, and I'm still able to jump high, be a good scoring option for my team and a leader.

# Addison McCall

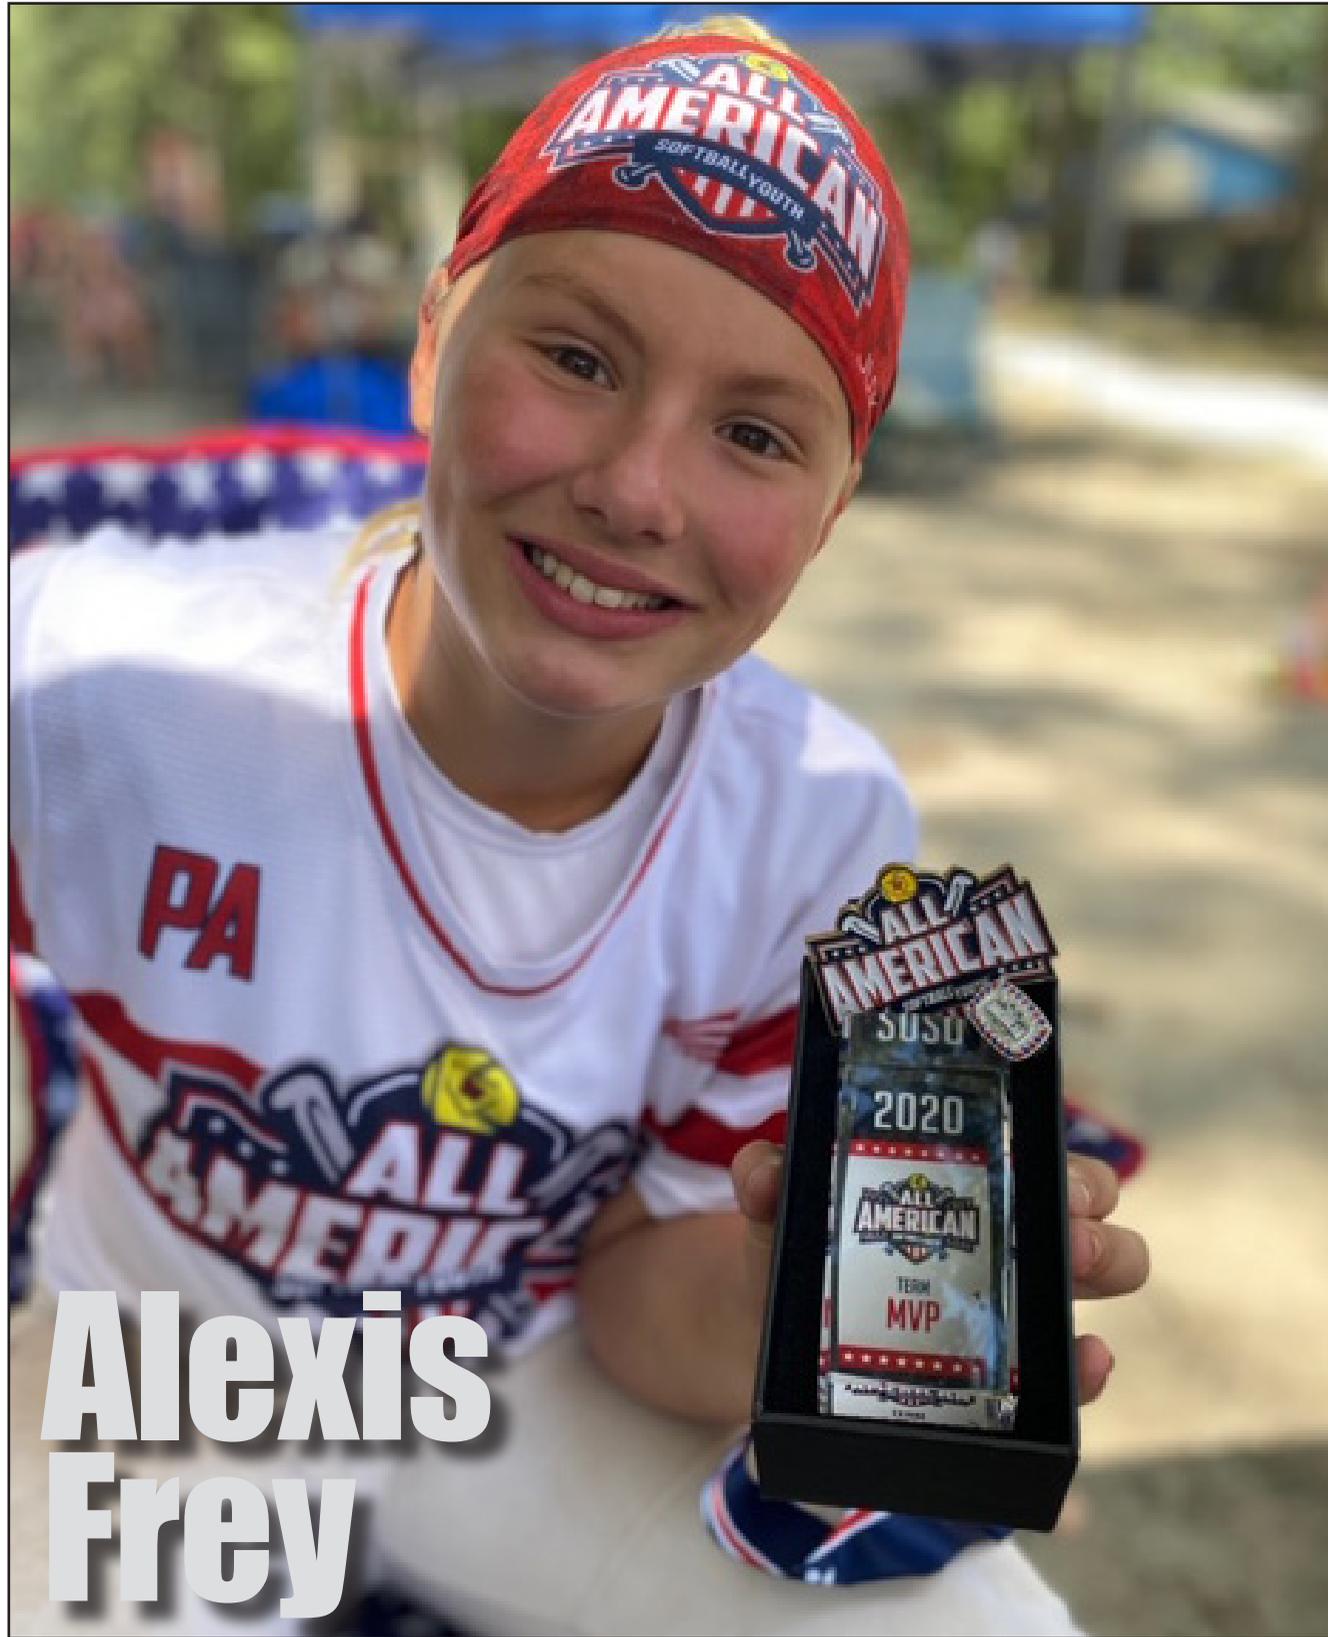

# Alando Mendoza

Alando is a pitcher and a 3rd baseman along with playing short stop. He has played since he was 4 years old and it shows. Alando can pitch 73 miles per hour at the age of 12 and continues to improve in velocity and accuracy. Batting Alando has hit over 15 homeruns

in the last 3 years. He has played for Croslex Pride in the past and started with Hitz Thorpe in Chesterfield in 2019 and continues with that organization to improve his skills. His lifetime goal is to play in the MLB.

# Alexis Frey

Alexis began playing softball at age 7. She tried out for Competitive travel Fastpitch at age 8 and made the local 10U team. She played 2 years of 10U ball and worked for a record over 150 wins in those 2 years with her teammates. Alexis worked hard and moved up to 12U with her teammates as a 10 year old this 2020 season . During her first year of 12U ball she earned herself the starting 1st base position and the clean up spot in the lineup from her coaches. Alexis received unanimous votes as Team MVP of the first tournament of the year with her defense and hitting performance. The 2020 season led Alexis and her team to their first Eastern Nationals tournament where they claimed runner-up in the tournament. Alexis ended the season batting over .550 across 8 tournaments including States and Nationals.

Alexis was also nominated and selected for the 2020 Softball Youth All American games where she competed with other top athletes across the country. The team won the tournament and were awarded Champions of the SYAGG. Alexis was awarded Team MVP by her coaches and got recognition in the assessment part of the tournament for having the best 40 yard dash time for the class of 2027 and the fastest pitching velocity. Once the tournament commenced, Alexis was then notified she was scouted and chose for the Softball Youth Elite

# Anthony McClain

Yes Anthony McClain better known as AJ to some people my son but he's a very hard-working driven child to be only turn 11 years old he goes up & Beyond in whichever sport he plays if it's the baseball field the football field on the basketball court he always puts in the work they need to get the job done he may not be big in size but the work he puts out is more than what most people expect from him. He always wants to go and get more training because he knows the key to Perfection is training and hard work nothing comes easy

Ariana Turner is a country girl from a small town in southern Illinois. she is a true athlete that plays softball, soccer, basketball, volleyball, and track. her true love is softball! she has been on a softball field since the day she has been able to pick up a bat and a ball! she started playing softball in park league when she was 5 years old. she went to open field tryouts for jr high softball at the age of 10 in the 5th grade. we thought it was a long shot due to the team consisting of players aged from 6th -8th graders. Ariana was always playing above her age so we wasn't surprised when she made the 8th grade varsity team as starting short stop when she

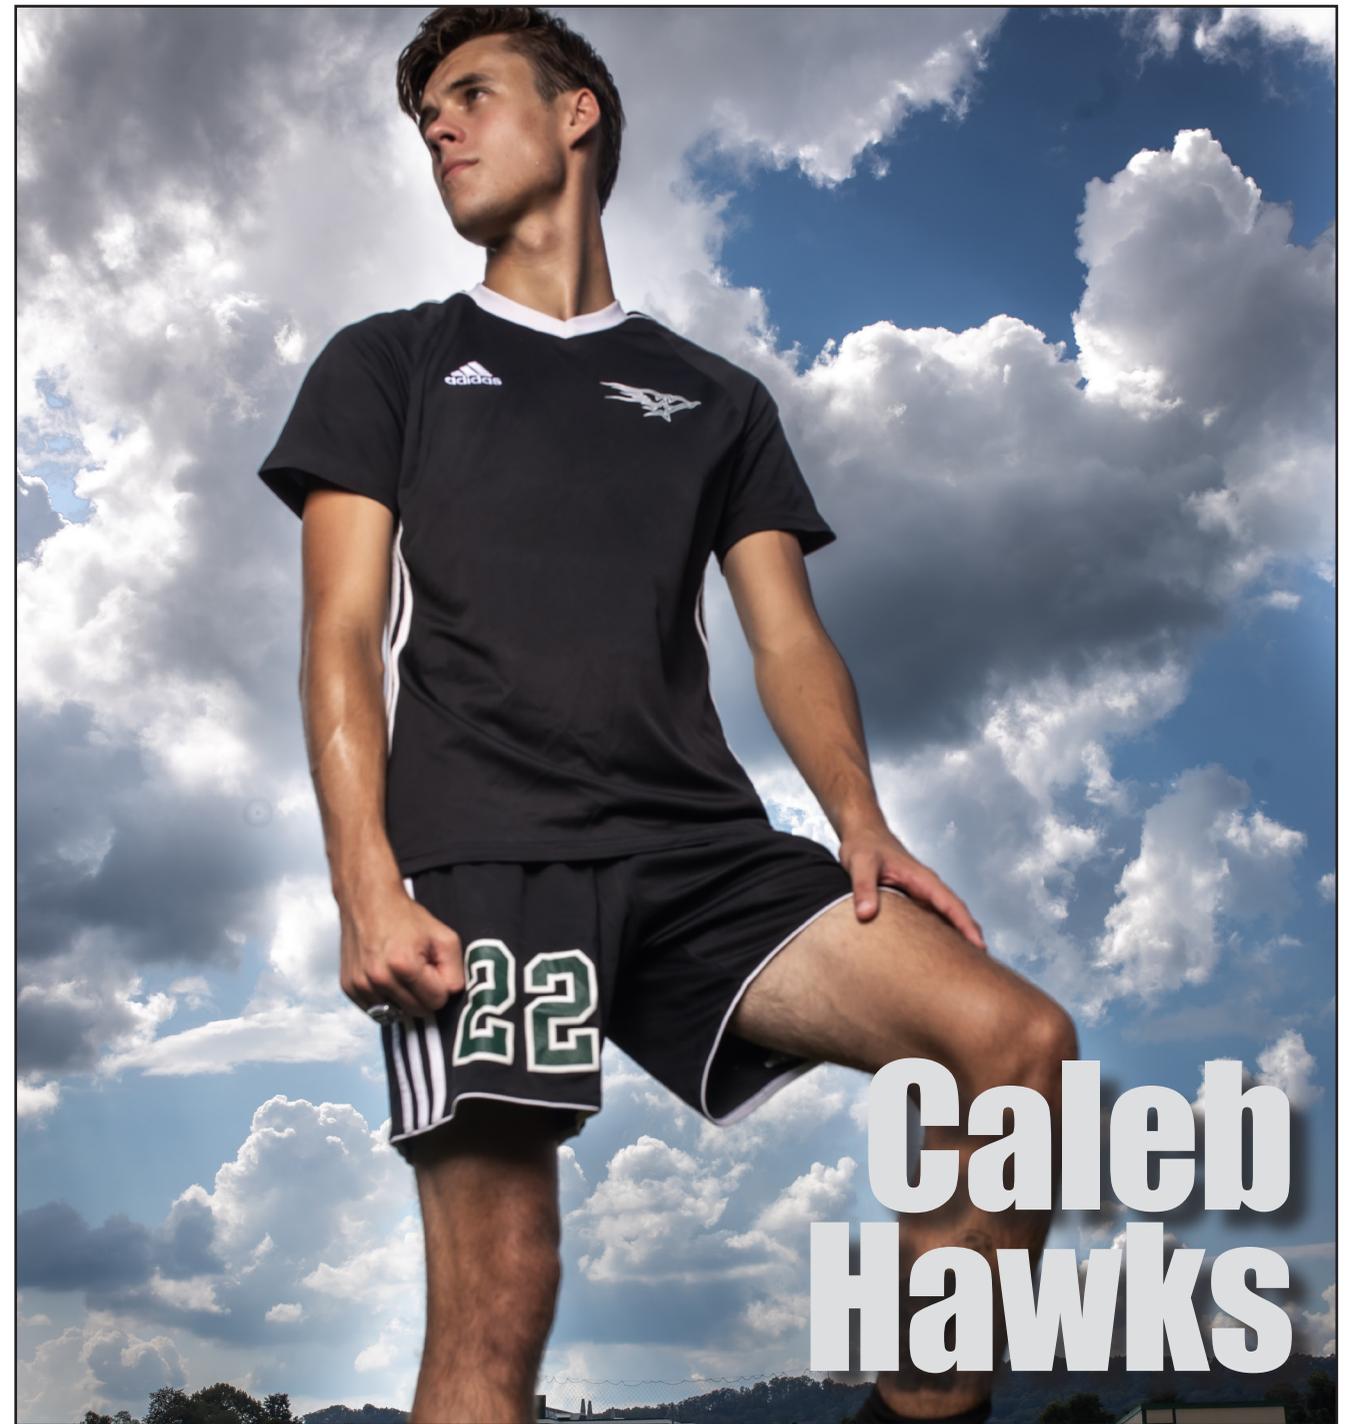

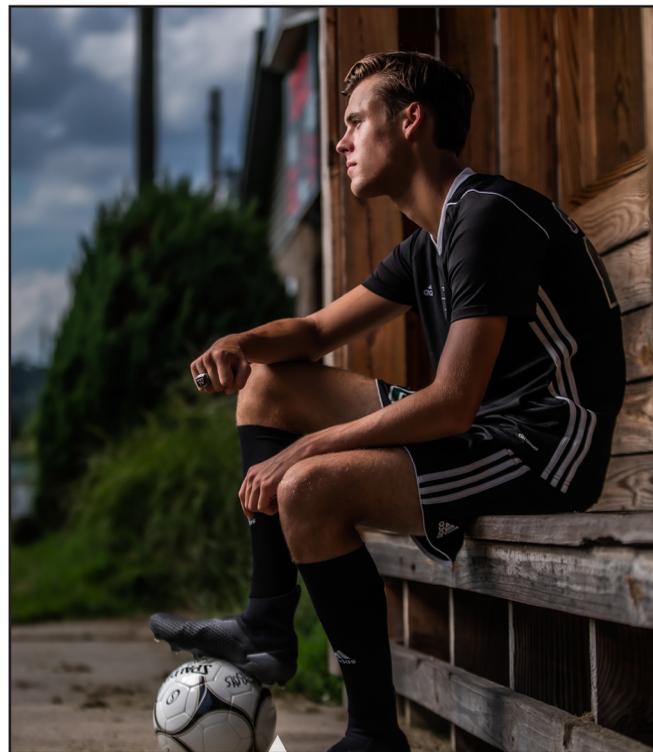

was only a fifth grader!! she had an amazing season and received the most achieved player award! the next season she transitioned to the catcher position due to the starting catcher moving on to 9th grade. this was her 6th grade year!! she received the #1 pick for the first team all conference award 2 years in a row 6th & 7th grade! she also started playing travel ball for Semo Smashers at the age of 10. hitting her first over the fence home run at the 10u nationals in kc Missouri!! the next two seasons in travel ball she had amazing seasons hitting and playing 3rd base. she has now been the starting catcher on Semo Smashers 12u team for

2 years. her team played USSSA NATIONALS in Tennessee this year where Ariana was entered into the home run derby witch had 63 girls entered! hitting 18 home runs Ariana won the SE USSSA NATIONAL CHAMPIONSHIP HOME RUN DERBY!! she was also nominated to play the Missouri ALLSTATE GAMES! she was also entered in to the home run derby and she won!! she is now moving into 14u with 2 HOME RUN DERBY titles under her belt in the same year!! she is the next up and coming athlete!! she is reaching for the stars in hopes and dreams of playing college softball!!!

**Brantley  
Gray**

Caleb has shown exceptional growth as an athlete. He started playing soccer a little late, at age nine. Technically he had a lot of work to do to catch up. His first coaches didn't believe in him but as time went by he was coached by Scott Wells, who saw so much potential in Caleb. They trained and Caleb began to be recognized. He has been a varsity player all through high school and was a starter on the first state championship team for the Winfield High School boys soccer program.

He was chosen from a regional camp to participate in the 2019 West Ham national camp and from there was chosen to attend the boys Elite trip to London. He was also presented with an opportunity to attend a 3 month residential soccer program in Italy. He is a captain of his team going into his senior year. Regardless of how you start, with passion and effort great things can be achieved.

My son has had the dedication and hard work put into baseball since he was as young as 4 years old. His first over the fence homerun was in t-ball when he was just 5 years old. He has a total of 16 over the fence homerun hits from 2014 to current and a total of 33 championship rings, plus numerous other awards! He is the cleanup batter in his lineup and defensive play he plays first base and pitcher. He has the drive and determination to be the best athlete he can be and is very deserving for all the hard work he has put in to become better over time. He works hard not only on the field but off the field as well!

# Cayson Cuellar

**Desirae  
Gullett**

# Drew Lawson

Drew is a two sport athlete at Bob Jones High School in Madison, AL. He is a 3rd year varsity starter for the 7A football program and a 2019 All State Center. The 6'2", 295 lb Senior has had 21 starts over the last two seasons. Drew was named the Offensive player of the year and a Team captain for the 2019 football season. In the BJHS wrestling program, Drew has a 62-20 record with 46 pins. In September of 2019, Drew played a varsity 7A football game on Friday night, showered and got in his family's car, and headed straight to Georgia for the wrestling Super 32 Qualifier. Drew slept in the back of the minivan while his father drove over night to get him to the tournament. They arrived in ATL with about 2 hours to spare before weigh-ins. Drew came in 4th for the heavyweight division, qualifying for arguably one of the toughest wrestling tournaments in the US. Once the tournament was over, he enjoyed two dinners and

slept! On December 22, 2019 Drew sustained a season ending injury during a heavyweight wrestling match. His ACL was completely torn. His MCL and Meniscus also sustained damage. The next day Drew began to pre-hab the injury by swimming daily. January 5th Drew had surgery in Birmingham, AL to repair the knee. January 6th he began physical therapy at Austin PT twice a week. He also continued swimming to keep up his cardio and weightlifting for the upper body. Rehab, building muscle, and studying the OLP training courses to become OLP certified became his daily focus while recovering. On June 3, 2 days before he was 5 months post op, Drew was cleared 100% with no restrictions to return to football and wrestling. Drew also follows LaCharles Bentley's OLP training courses for offensive linemen. He is looking forward to his senior football and wrestling seasons.

# Gemma Hix

My name is Gemma Hix. I am 9 years old and I live in Georgia. My journey as a softball player started when I was 7 years old. After playing softball through my local park and rec, I quickly realized my passion for the sport!! I currently play for Coweta Select 10u as a Pitcher, Catcher and 3rd base. I strive to perform at the highest level which is only possible

by taking hitting, catching and pitching lessons weekly. I enjoy learning more about this sport by watching videos of college games and YouTube videos.

My goals for the future are to one day play for a D1 college (UCLA or Washington). My strongest abilities on the field would be my hitting (Swinging my Easton ghost

double barrel)! I love to fill that 4th spot on the roster and get RBIs! I enjoy meeting other athletes and learning from them as well. I represent #13 on my back which is inspired by my dad! I'm always looking for a better challenge and ways to improve on the dirt diamond.

# Haley Shade

Haley Shade is a cross country runner, soccer player and catching coach for the Gulf Coast Vipers travel softball organization. Now, all this is fun for her...but her passion is shown when she is behind the plate catching herself.

Haley decided she wanted to be a catcher early on, and hasn't stopped. She played REC up through 12u. After REC then went into tournament softball and chased this rings. Haley currently plays showcase with Pride out of Petal Mississippi.

She has trained with the greats as Jen Schro, Kaitlyn Lee and Morgan Stuart, countless many collage coaches while many of their camps.

She us a junior now, but as a freshman she made the high school

varsity team and has been their ace ever since.

Her throw downs are spot on, her technique is flawless, she is aggressive! Watching her play if their is someone in base you know she's gonna try to pick off.

Haley also on her 'free time' helps coach the travel team Gulf Coast Vipers, and give lessons to their many catchers they have on the roster from 8u to 12u. They girls absolutely love her and the feeling is felt back from her. All her catchers are amazing! The way she explains what and why and how they do things is unmatched. I've coached a long time, and she explains things to these girls better than I do and on another level.

Her dreams of playing collage,

playing for team USA and coaching the next level are right there in her grasp.

She aspires to attend almost any collage in the SEC. She also understands if she goes to a D1 collage she might not play to start right off the bat, so she is open to play JUCO then transfer over to D1 after two years. Her plans change as all high schoolers do, but her dreams keep adding, either she wants to be a teacher and coach a school team. A physical therapist in sports medicine, now thr latest she is studying and job shadowing to be a lawyer. She has the passion to do anything she wants, and there will never be a harder worker in the room.

Remember the name Haley Shade #haley23

Ian  
Ramos

Jacob has been playing baseball since spring of 2019. His first year his team won their league championship. After their season was over he was selected to play Allstars and his team came second in the state of Florida. He is a very caring and loving child. He makes friends with just about anyone. He loves to be on the baseball field practicing and learning the game.

# Jacob Brown

Jade began playing softball or t-ball at the age of 4. She loved the sport from the start and we continued on up to travel ball, middle school ball and now high school ball. Jade is a true utility player. She can play every position except for pitcher but has taken some lessons in that position as well. Jade's main positions where she thrives and plays is, Short Stop, 2nd Base and Catcher. Jade considers herself as a ball hog and wishes that every ball hit, comes her way so she can make a play at Short Stop or 2nd base. Jade picked up catching because she got to touch the ball every play. Softball has not come

without its challenges with injuries such as a broken hand, fractured tibia and dislocated fingers. At the age of 5, one year after starting the sport Jade developed type 1 diabetes. She was very ill for so some time until we were able to learn and manage her disease. Jade is now on an insulin pump and her diabetes is managed well most of the time. Jade refused to let her diabetes stop her from playing. Jade understands the effects diabetes has on her body and does a great job knowing when she needs to check her blood sugar. Jade is also very open about her disease and

most all team mates have watched her or even helped her check her blood sugar at times. Jade has made us very proud of how hard she plays and how determined she is to not let anything stop her. Jade is on a very competitive travel team, Explosion 2024 and also plays for the Gibbs High School Softball Team, which is known to have a tough program. Throughout the years, Jade has developed many close relationships with team mates, coaches and umps. She has shows great leadership and sportsmanship and is hoping to continue her softball career after highschool.

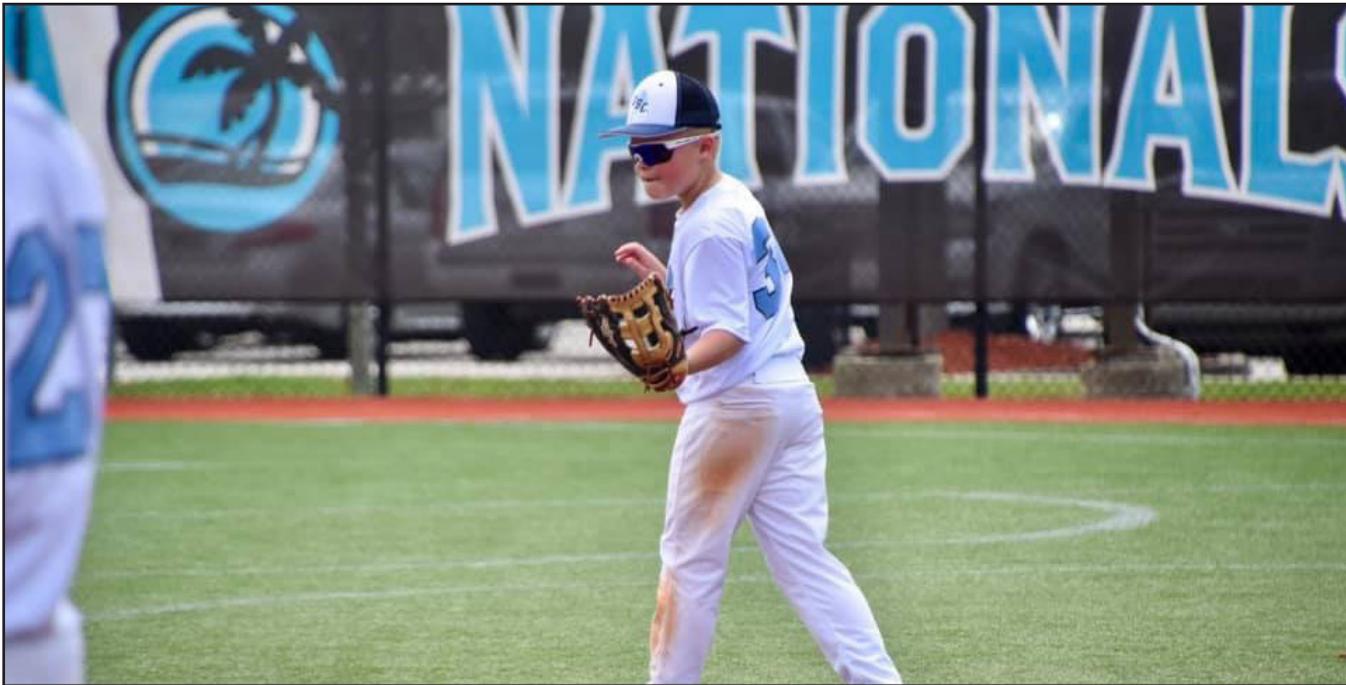

Joe Roach is following in his fathers footsteps. Our left handed baseball player wants to play in the MLB one day and is working hard to get there. He works out every day, has a strict diet, and gets in as much practice as he can. Starting out on a local rec team at 8, he fell in love and made a select team at the next open tryouts. Joe lives at the ball fields, as he catches all the over the fence hits at his dads games. He was actually hired by other teams at tournaments to gather all their home runs! He came

home with \$40.00 in his pocket at their last tournament and decided to make a business out of it. With COVID slowing down the spring season, Joe managed to get his first over the fence homer and added another one two weeks later. He took advantage of every opportunity he had to improve his game and locked himself a position on a select majors team. Joe's favorite ball player is his dad and his dad's favorite ball player is Joe, both each other's hero's.

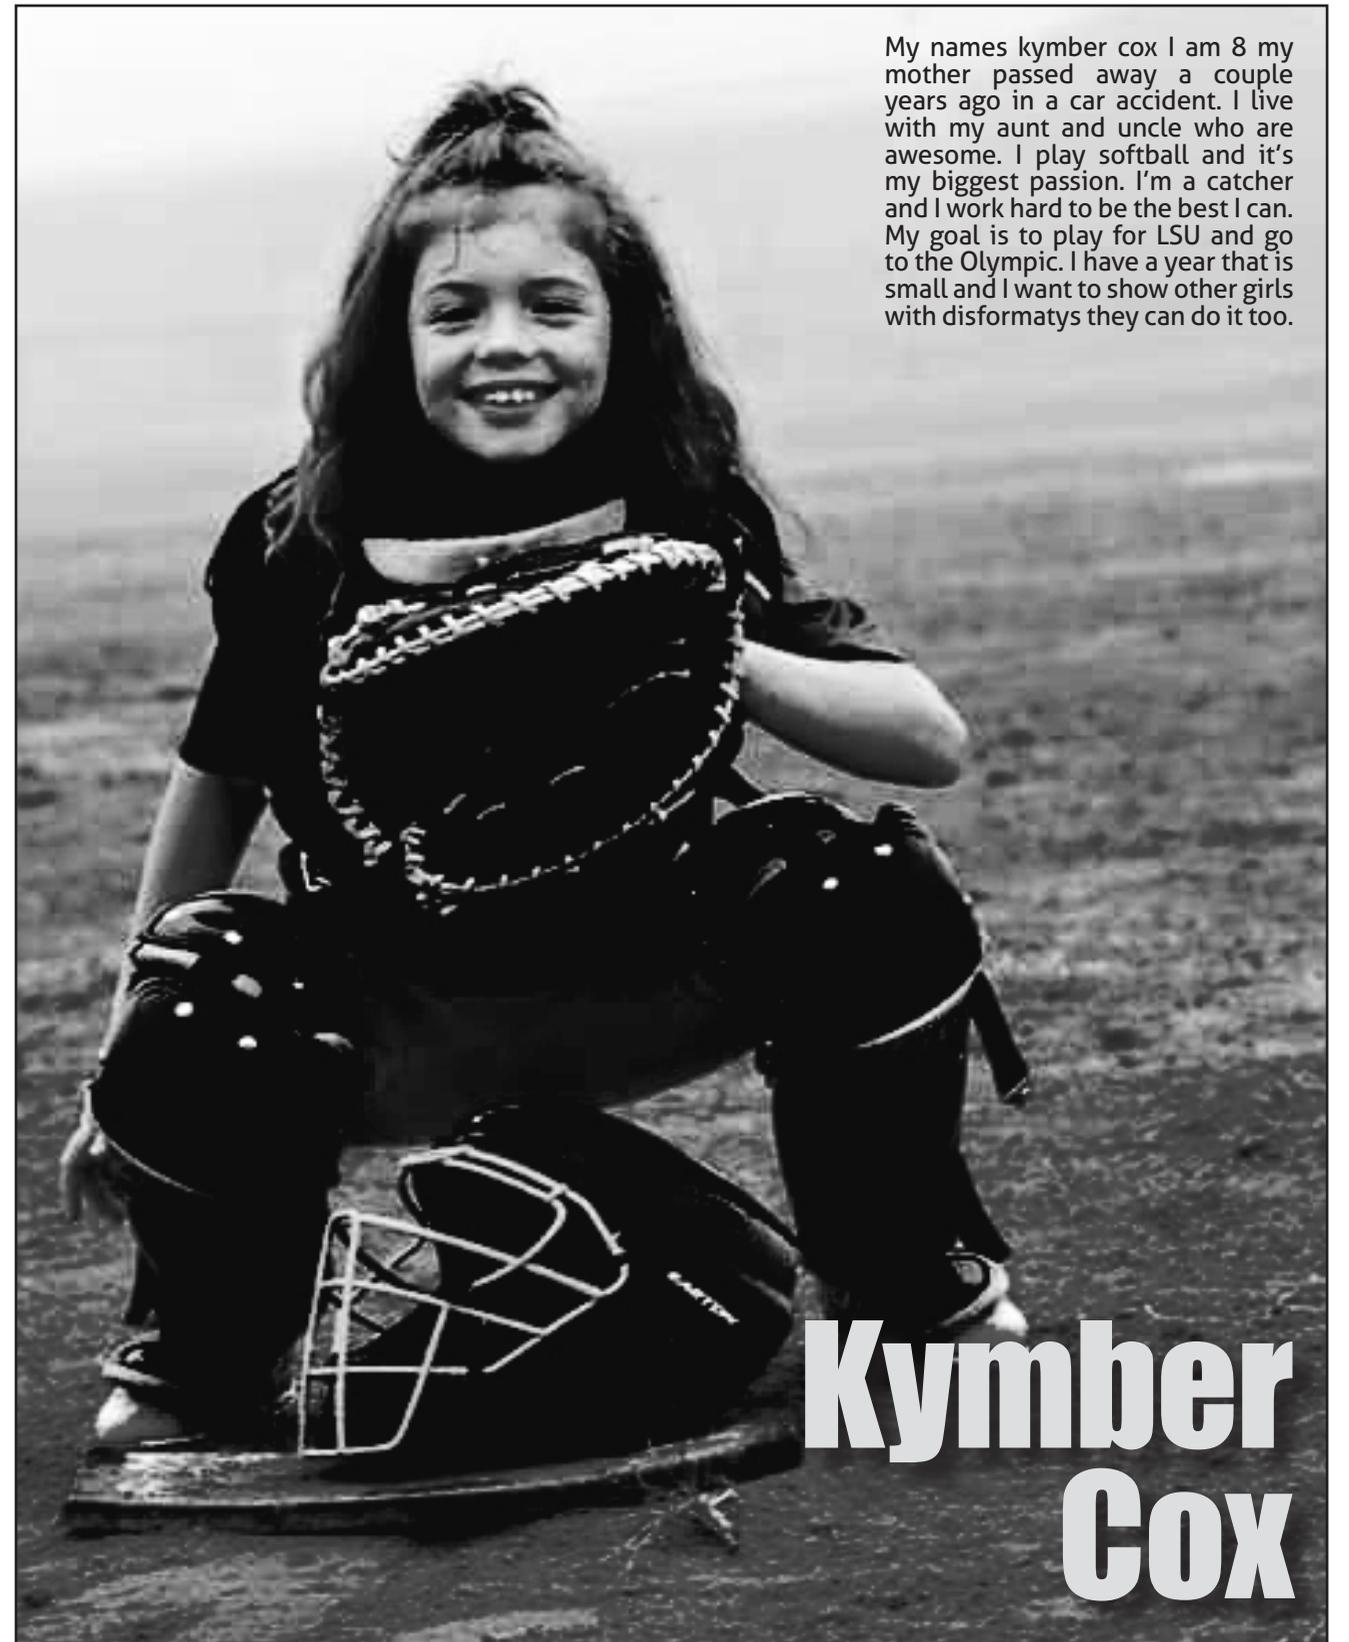

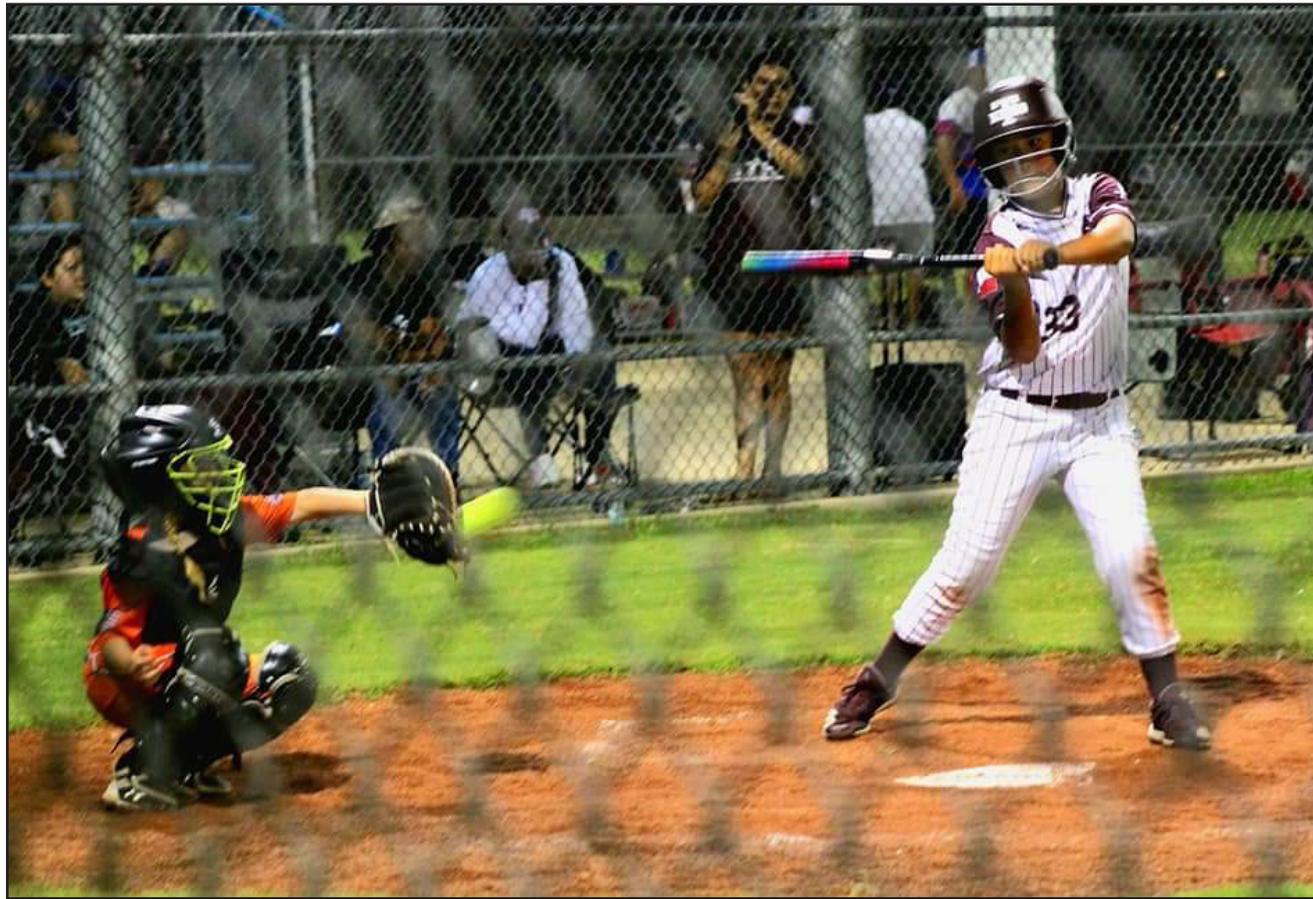

# Killian Piner

My son is 12 years old, and is a competitive swimmer and baseball player. He is in 6th grade and is very handsome. He loves sports and I think he would be perfect for this.

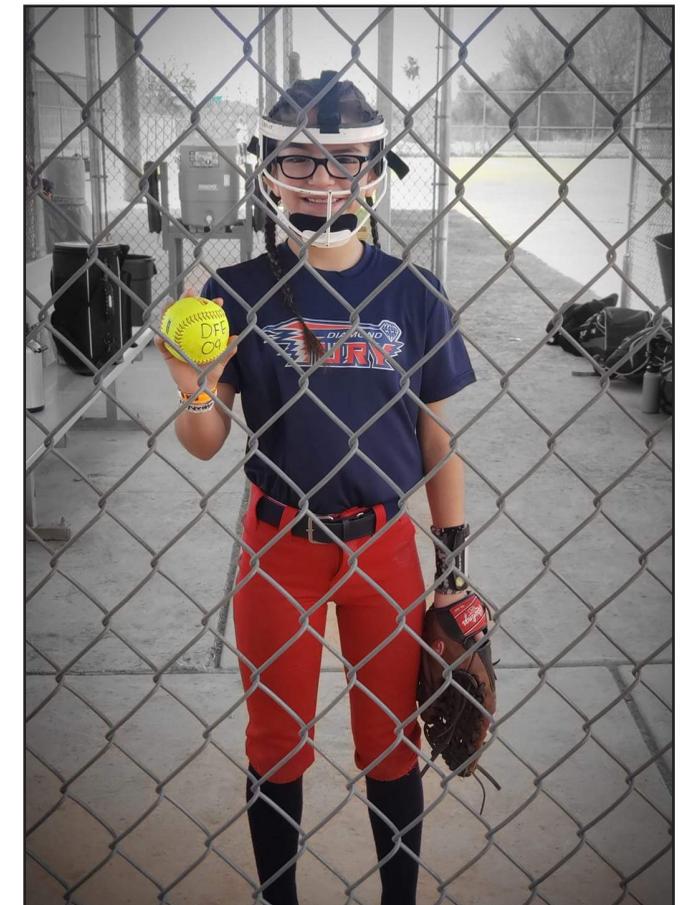

My names kymber cox I am 8 my mother passed away a couple years ago in a car accident. I live with my aunt and uncle who are awesome. I play softball and it's my biggest passion. I'm a catcher and I work hard to be the best I can. My goal is to play for LSU and go to the Olympic. I have a year that is small and I want to show other girls with disformatys they can do it too.

# Kymber Cox

# Mei'lynn Cantu

Mei'lynn has been playing sports since she was 3 years old. She has been nominated to play in the All American games for softball and soccer. She is a pitcher and also a catcher, and an all over utility player for softball. For soccer Mei'lynn plays goalie and forward her speed is a huge advantage for her. She is 11 years old and a great athlete.

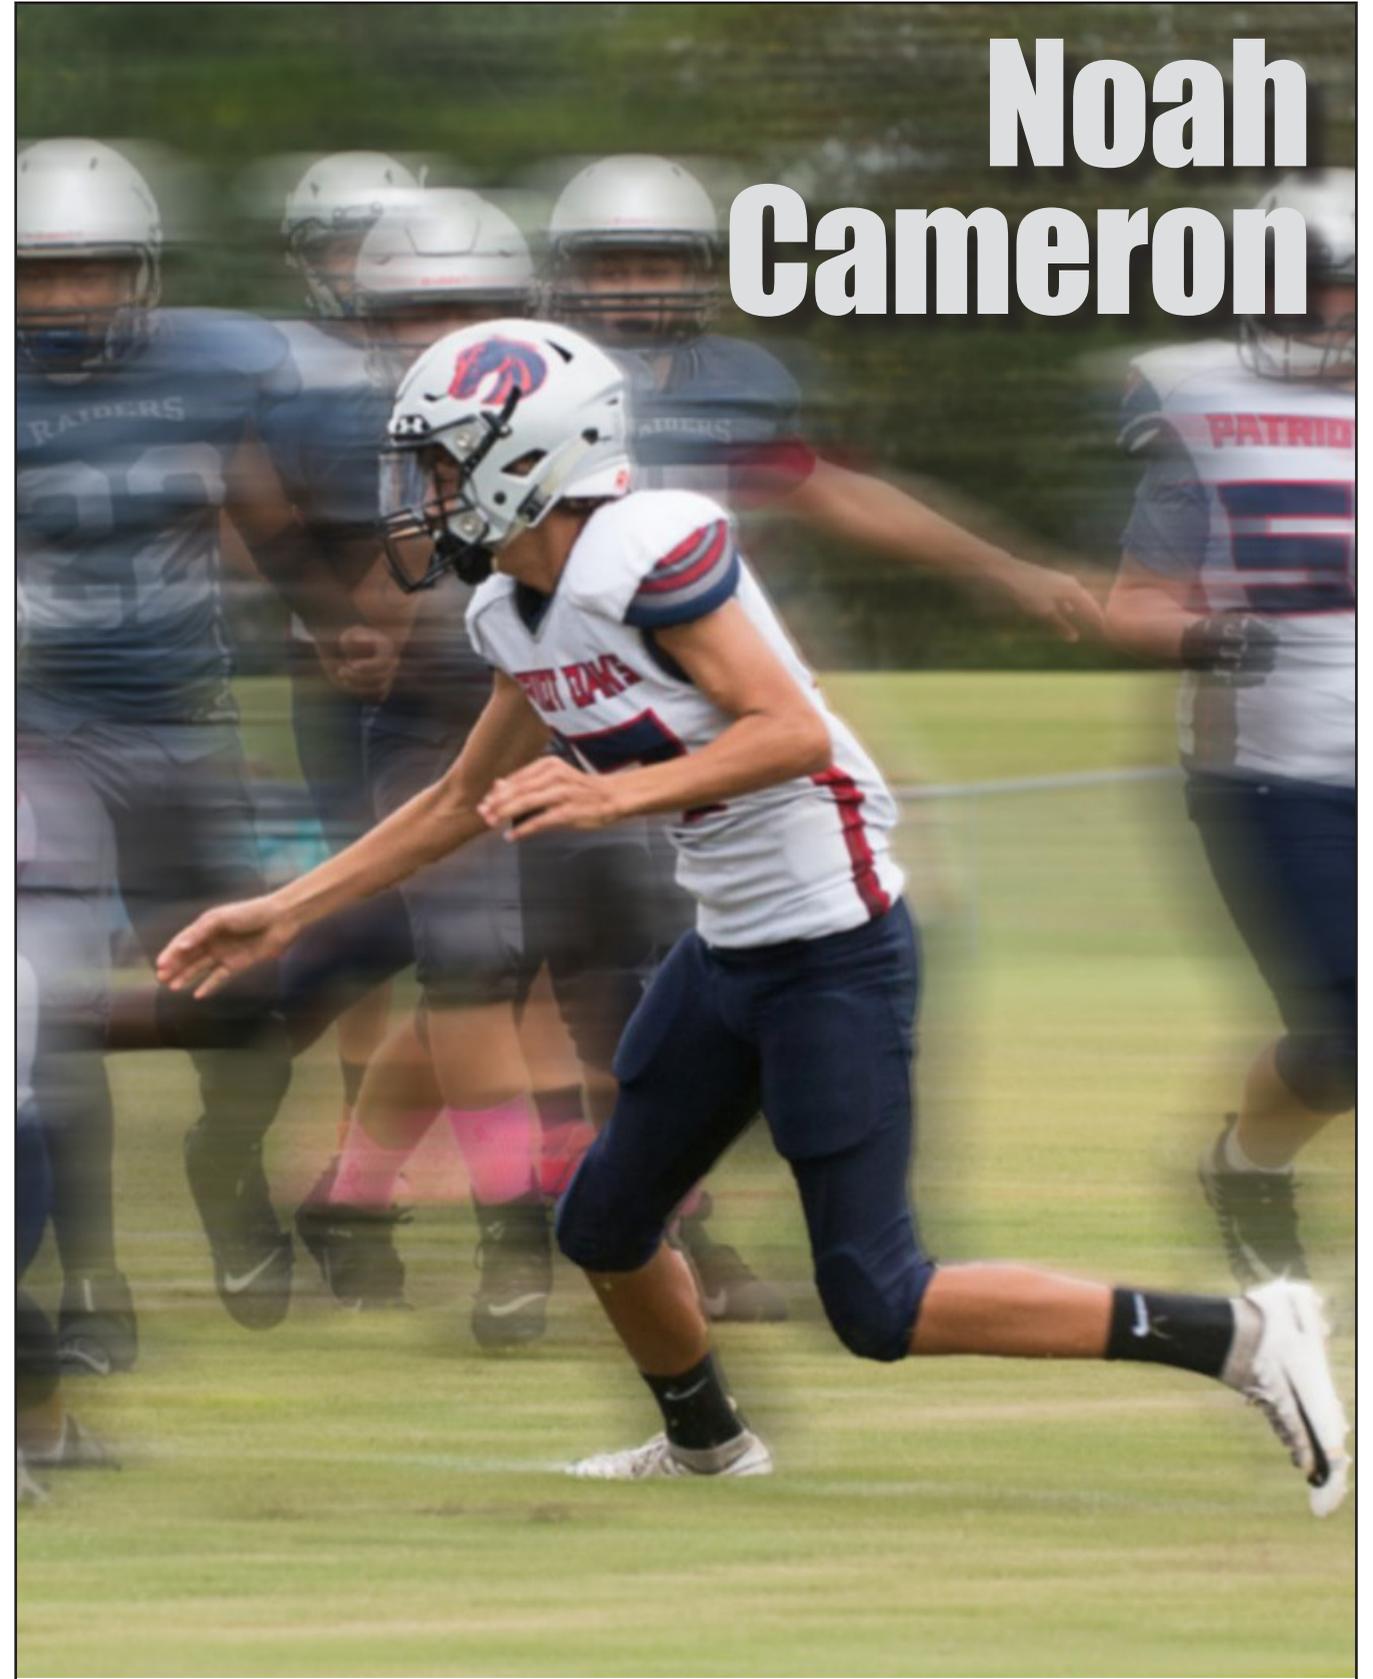

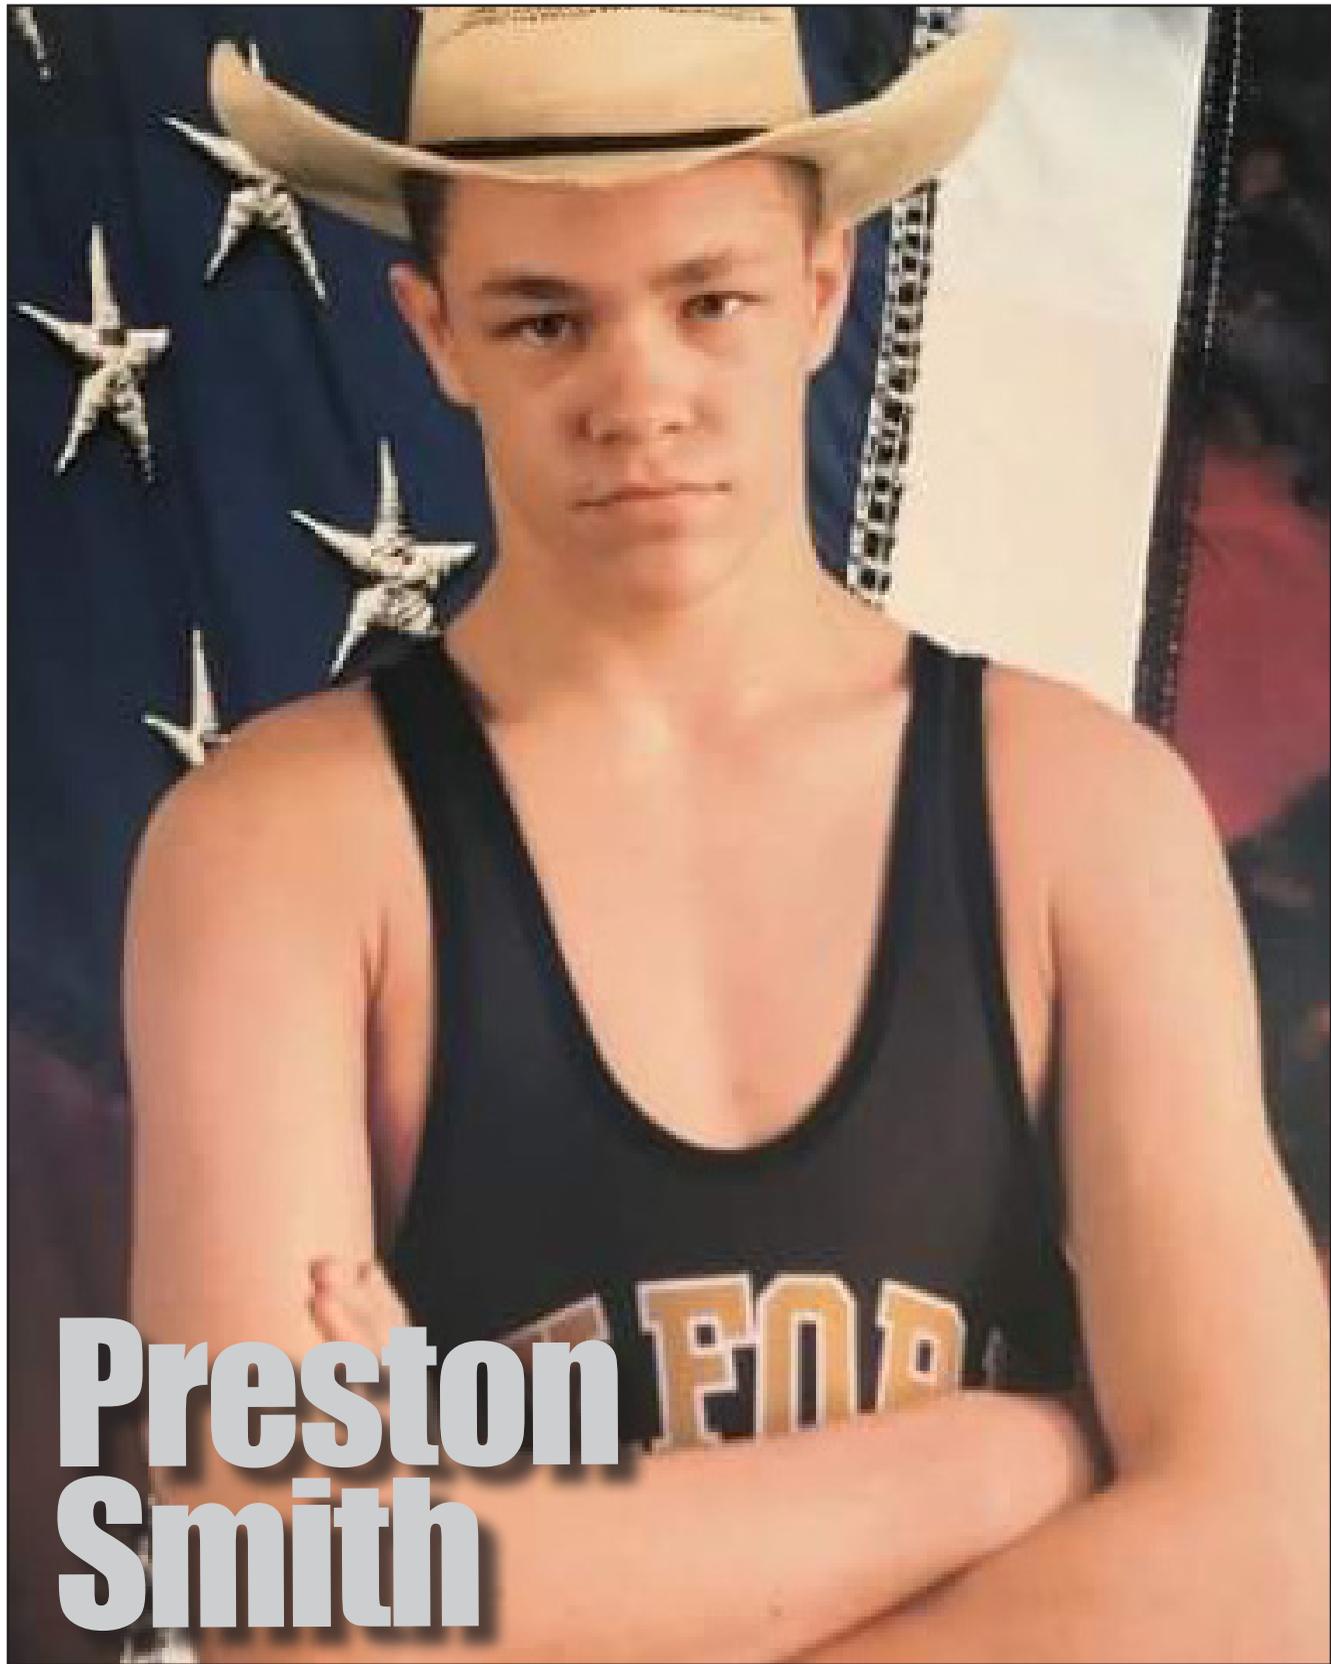

# Noah Cameron

Been playing football for 5 years now, now entering highschool after working all summer been invited to the fbu top gun showcase was one of the best players on my team last year

# Preston Smith

2x state dual wrestling champ Wrestling since kindergarten now a 10th grader. Jv and varsity football Has about 70+ medals Excellent sportsmanship. Wonderful motivation Determined, Funny

Aggressive, Heart of gold Over come 2 major eye surgeries due to cranial nerves being paralyzed and wrestle at college level Wants to be a coach

# Ryleigh Jo Seal

Ryleigh Jo is an amazing little athlete! She amazes me every day with her strength, commitment, and dedication! She plays soccer and softball. Between the both of them we pretty much live at the ball park even on the weekends, sometimes even for hours and hours at a time moving from one practice to another. She never complains. She never wants to miss a practice because shes tired or does not feel like it. If we happen to have a free day she is begging her dad to pitch or throw to her! She wants to continue to play both sports as long as she possibly can because she can not choose between either of them. She knows one day she going to have to choose and when that choice is made she wants to take it as far as she can for as long as she can!

I am a football player in my sophomore year in high school. I am 15 years old. I play tight end, middle linebacker, and fullback. I played for the Dearborn Heights redskins for 5 years and have an offer to Davenport university for football. My goal is to play d1 football and Make it pro. I workout everyday starting with a mile run and footwork drills and ending with stretches and sometimes weights. I wasn't REALLY blessed with money so my motivation is to help my family and prove all of the people who doubted me wrong.

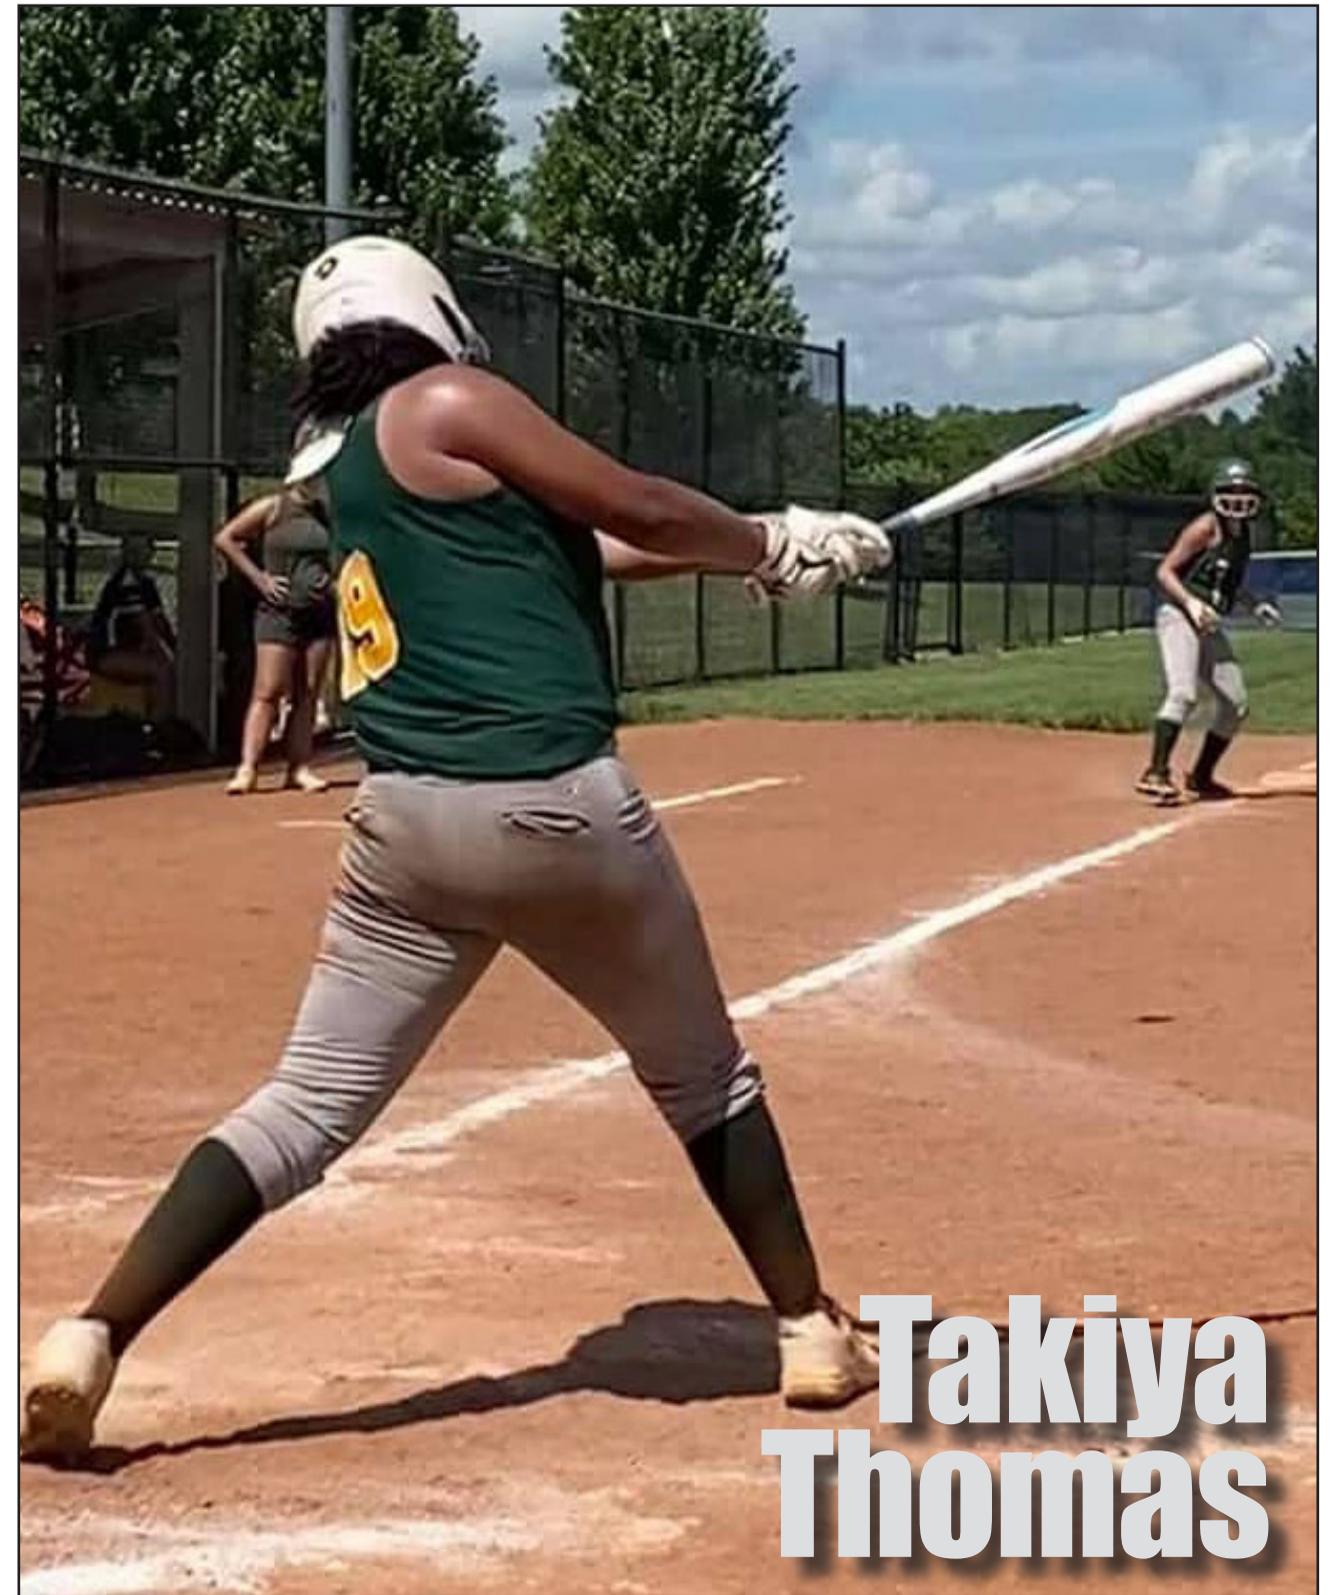

# Shawn Travis

Takiya is currently a sophomore in high school. She had a rough start in life, she spent most of her first two years in and out of hospitals. She was diagnosed with an immunodeficiency, celiac disease, chronic respiratory disease, asthma, microcytic anemia, cyclic neutropenia, migranes and GERD. She had in home nursing care 20 hrs per day for the first 5 years of her life. She was on about 15 meds daily, breathing treatment every 2 hours around the clock, required oxygen support frequently while sleeping and had to get weekly infusions of gamma globulin for her immune system issues. She coded at 3 years old and had to be flown to a children's hospital. Her doctors didn't think she would be able to attend school or play sports. When kindergarten enrollment time came she looked at her doctor and told him she was going to school and would someday be a doctor to help kids like herself.

She started Kindergarten that year. That year she decided she wanted to try soccer. We had to get a very long oxygen tube and run up and down the field behind her because she was too little to carry the tank and run but she did it. That summer her sister was playing softball and Takiya picked up a softball for the first time. She immediately fell in love. When she was 8 her health had improved enough that her doctors cleared her to play. She had to take her oxygen tanks into the dugout and would hook up to it between innings but she never missed a game. A coach asked the girls if any of them wanted to learn to pitch. She raised her tiny little arm and that moment she found her purpose and destiny. The next summer at just 9 years old she was picked up by a 12U travel team. At the first tournament the pitcher broke her leg. My tiny little mighty girl was told to warm up and get on the mound. She pitched that whole

tournament and was given an MVP by the opposing team coaches. Since that summer she has worked constantly to be the best player and teammate she could. At 13 she was picked up to pitch by 16 and 18U teams. No matter how sick she was she has never missed a tournament. She has left the ball park in an ambulance and I cannot count the times I have driven her straight to the ER after a tournament. Her goal to become a doctor is still her plan. She carries a 3.8 GPA and recently won an academic scholarship for a full ride post high school. She plans to play softball in college while being pre-med. She also wants to play for USSSA pride. She is one of the most determined and dedicated children I have ever met! If her nose isn't in a book studying you will find her at the indoor facility practicing or on the field.

# Terrence Guillory

Trenton, has played baseball for North Manchester Hooksett Little League since tee-ball when he was 5yrs old,, being moved up to Minors (coach pitch) half way through the season at 5yrs old. Every year in his little league career he was been on the All Star team. His 10-12yr years he made the district 2 all star tournament team., his baseball team made it to the N.H. district game his 12yr in 2019 only to lose to Portsmouth, NH.

This year Trenton earned a spot on the N.H. Prospect 12u team in the EBL-New England. He played 1st base and pitcher. He completed his season batting a .358 with 15 RBIs. ERA of .4998 with a WHIP of 1.75. He has really grown into his body and has become confident in his abilities at the plate and the mound. This year he became a powers hitter with 3 homeruns on the season as well. We credit that to the amazing staff at the

Sports Mill in Manchester N.H. and the N.H. Prospects, as well as his little league coachs Bou Baker, Mr. Hebert, Travis Horne, Sean Jordan and Bob Blaisdell.

His greatest accomplishment thus far was in the Perfect Game 25 tournament that took place in Marlborough MA. July 23 2020, Trenton pitched 5 innings allowing only 2 hits, no runs and striking out 13 against the TC Kings 12U.

Trey started playing High School Varsity Football in the 8th grade in Union parish. He rushed for a about 900 yds. He is one of the most respectable kids. He's very humble and well mannered. He got invited to an Exos camp this yr where he was one of the MVP RB. His biggest achievement in my eyes was never giving up after the passing of his grandfather in April. His

grandfather meant the world to him and he loved Union football. Trey's biggest dream/goal is to play for LSU. He is a hard worker who is very dedicated and very determined. Trey Holly is not only a great football player but an excellent baseball player as well. He was a varsity pitcher and short stop player.

# Treyvion Holly
