Alex is currently 8 years old (he will be 9 on October 25th) and he loves playing baseball. He likes playing all the different positions on defense and he loves to hit the ball at bat. He currently bats righty and throws righty and is playing on the Minors team at Van Nest Little League in the Bronx.

He will be attending St. Clare's of Assisi School remotely this September as a 4th grader. His favorite subject is math (like his momma).

Alex also loves playing fortnite with his friends, playing basketball and a wide assortment of board and card games.

Aliyanah Rogers

Ali started martial arts, with her twin sister at age . They competed when there still was not alot of girls. They competed twice with WKU Team USA, once to Orlando and once to Ireland. After they xam back they needed a break and in 8th grade Ali was recruited to wrestle. She is now a Junior and only girl on her team. She is a 2 time state qualifier and 2 time All American. She is the first ever FCA girls qrestling huddle leader and li es everything qrwstling. She is helping grow the sport in Georgia and breaking barriers.

Allie Northcutt

My daughter Allie Northcutt is 7 years old! She was born on Nov. 5th 2012. She started playing ball when she was 4 years old. When she was a little over 5 we got her on a select travel ball team & ever since then she has played year round. Softball is her life & we wouldn't change having to drive her all over to games, practices & lessons for anything! She plays SS but has also plays third & second some. When she's not playing for her team she often picks up for other teams! She strives to better than she was the day before. When she's not practicing with her team or at home she's doing private lessons. I would describe her as very coach able, determined & hard worker!!

Brooklyne McVay

Brooklyne has played softball since she was 7 years old. She wanted to become a pitcher, but was told she needed to become a back catcher before she could pitch. She worked hard and trained hard for months and months. She got her nickname "spider monkey" from one of her former teams; Blue Steel. Since she has been playing she has received 18 rings, 10 medals, and a bracelet in 4 years. Since pitching, she has thrown 5 no hitting games, hit 9 home runs in one season, 3 in one tournament. She is 11 years old and pitches in the low 50's with 5 different pitches. She plays with her full

heart no matter what happens in the game. She is the leader of her teams and enjoys making new friends no matter where she is. She is a straight A student who is also in Gifted and Talented at her school. Her goal in life is to graduate high school as Valedictorian, with a softball scholarship. She has multiple schools in mind to go to college for becoming a micro-biologist.

She has faced challenges as far as breaking her catching arm and teaching herself to swap hit.

This is Christopher. He is 11 years old and is 11 years old. He was born with Spina Bifida, Hydrocephalus, a Neurogenic bladder and bowel, and Hip Dysplasia. He has never let anything hold him back. He has played baseball, has participated in special Olympics track and now plays wheelchair basketball for the Massillon Tigers.

This is his third year and he is the youngest player on his team to make baskets. He is fast and strong. You tell him he can't do something and he will show you he can and will do it no matter how many times he fails. I may be his mom but he is my hero and I look up to him. He is in the 5th grade and attends Massillon Intermediate School.

Harrison Bear Bayles

Harrison started baseball at 4 years old. He began private lessons at age 6 and started playing travel ball at age 7. He plays first base and pitches. He hit his first 3 run homer at age 10. He has played middle school baseball for two years at East Laurens Elementary. He has been chosen to play All-Stars for little league since age 7. Recently, he started playing travel ball with Dublin Havoc. He was chosen as a All-Star in The Top Gun Tournament. There he hit a grand

slam to win the ball game that was tied. The next two weekends in travel ball, he hit two 3 run homers and ended the ball season with a 275 foot walk off homer. He hopes to continue his baseball career in both middle and high school and continue playing travel ball and continue on through college. He loves going to the cages on his days off, and looks to better himself and everyone around him.

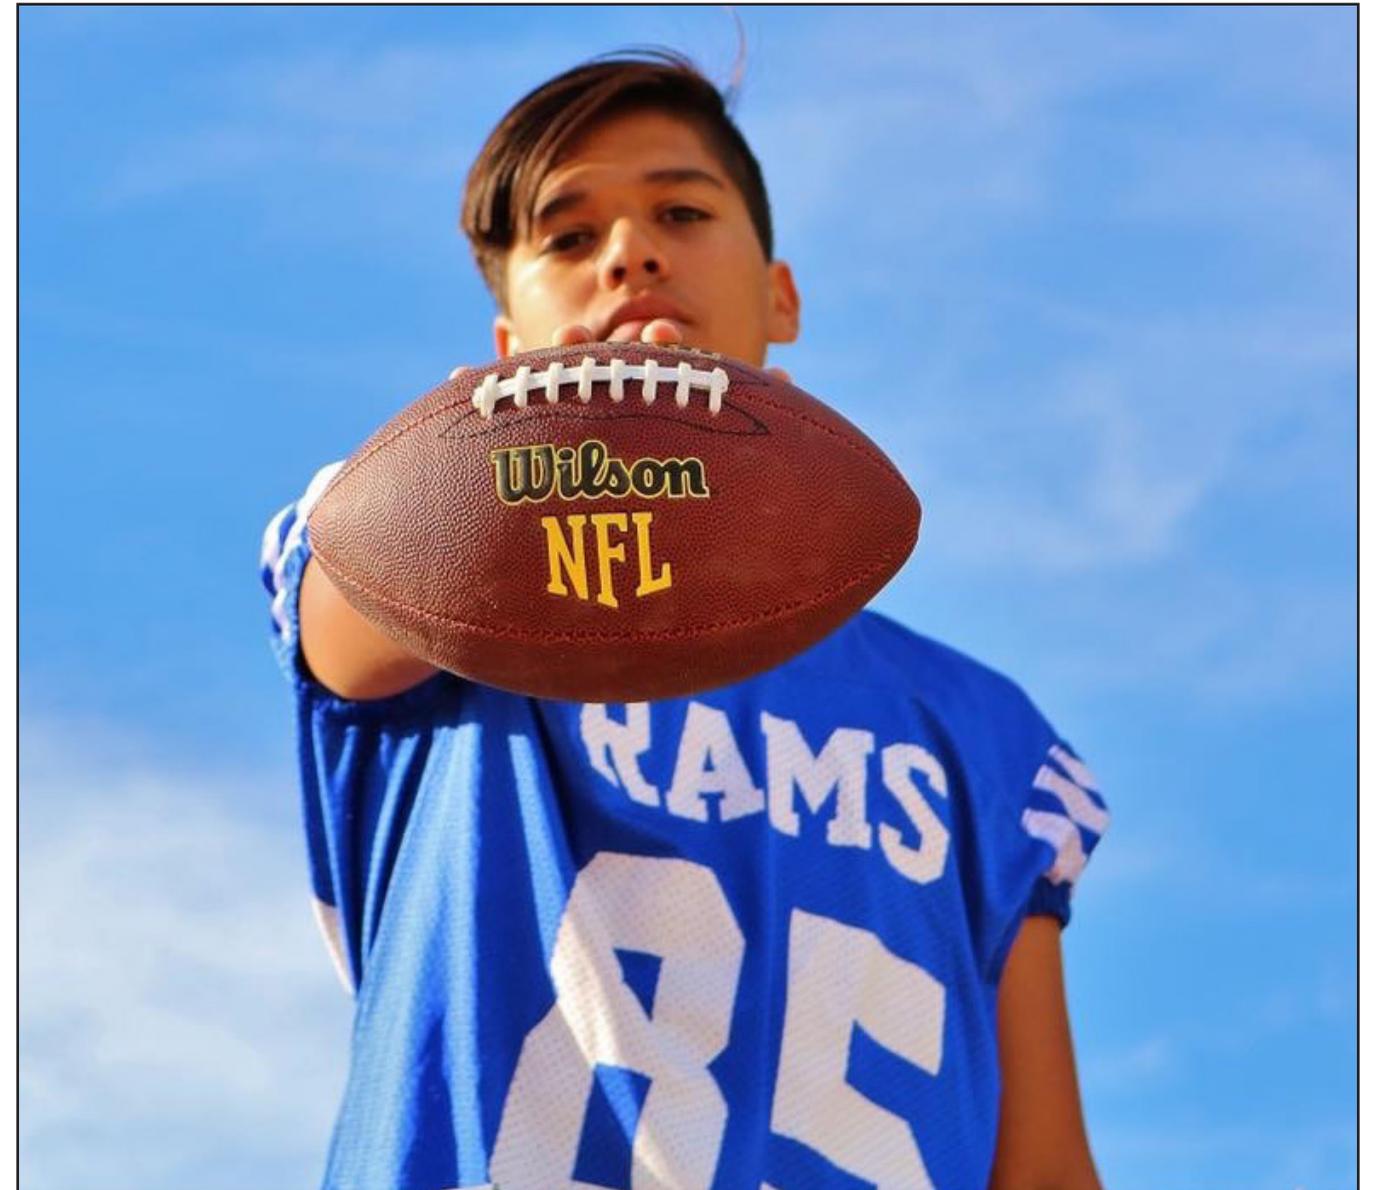

Isaiah Rogers

Isaiah RogersReal Statistics :Got cut his first year of middle school!!2nd year worked harder and made the team ..8th grade year ...took his middle school team to the playoffs and lost In the semi finalsawarded to the cp3 middle school all star team ...rising freshman and covid hit and stop everything not just for him but

his peers as well #thevisionon hold for 3months but had to get up and make things happen !! By doing so he made the 8th grade /NCAAU Allstar team.This year he will be attending Reagan Highschool and looking to do good things

Isaias (Isa for short) is a 17 year old young man who loves sports fast pace sports like football but also enjoys a slower pace sport like fishing. Isa is a senior in high school this year, he is on track to go into the medical field. He will be graduating as a CNA and continue his school to become an RN or NA. He has always been a great student and has never been in trouble. He is a shy kid with a great head on his shoulders. Isa has had the same group of friends since kindergarten. Isa is a talented and athletic young man, he has been playing soccer since he was 7 yrs old. He has played football and soccer for his school (Del Río High School) but he found a passion for flag football at 14 yrs old. (After the age of 15 you are too old to play in the junior leagues but too young to play in the adult leagues) So Isa made his

own team at 15 and named his team The Pink Panthers but was shut down by the league due to the fact that it was an adult league. He asked and pleaded with them until they agreed to let him play after waivers, parent signatures and extra rules were set it place it was a go for him and his team of high schoolers. He set out to find his team sponsors for uniforms and made it happen. He was sponsored by Napa Auto Part and has been playing and competing in the city leagues and tournaments for 2 yrs now. He is well known in town for his crazy moves and incredible speed on the field, as a quarterback and receiver on offense and as a rusher on defense. Isa's talent is incredible and undeniable but in a small town like Del Rio, Texas you don't always get noticed.

James Farley

James Farley is 14 years old and attends East Hickman middle school in Lyles, TN. James enjoys playing football, baseball and basketball. James has been playing football for the past 8 years. James plays for his middle school team, SMT Game Changers and has also

participated in several games with Football America the Magazine. He excels at any position given to him literally blowing past the majority of the kids his age. He usually plays offensive and defensive line. James loves any position on defense as he is

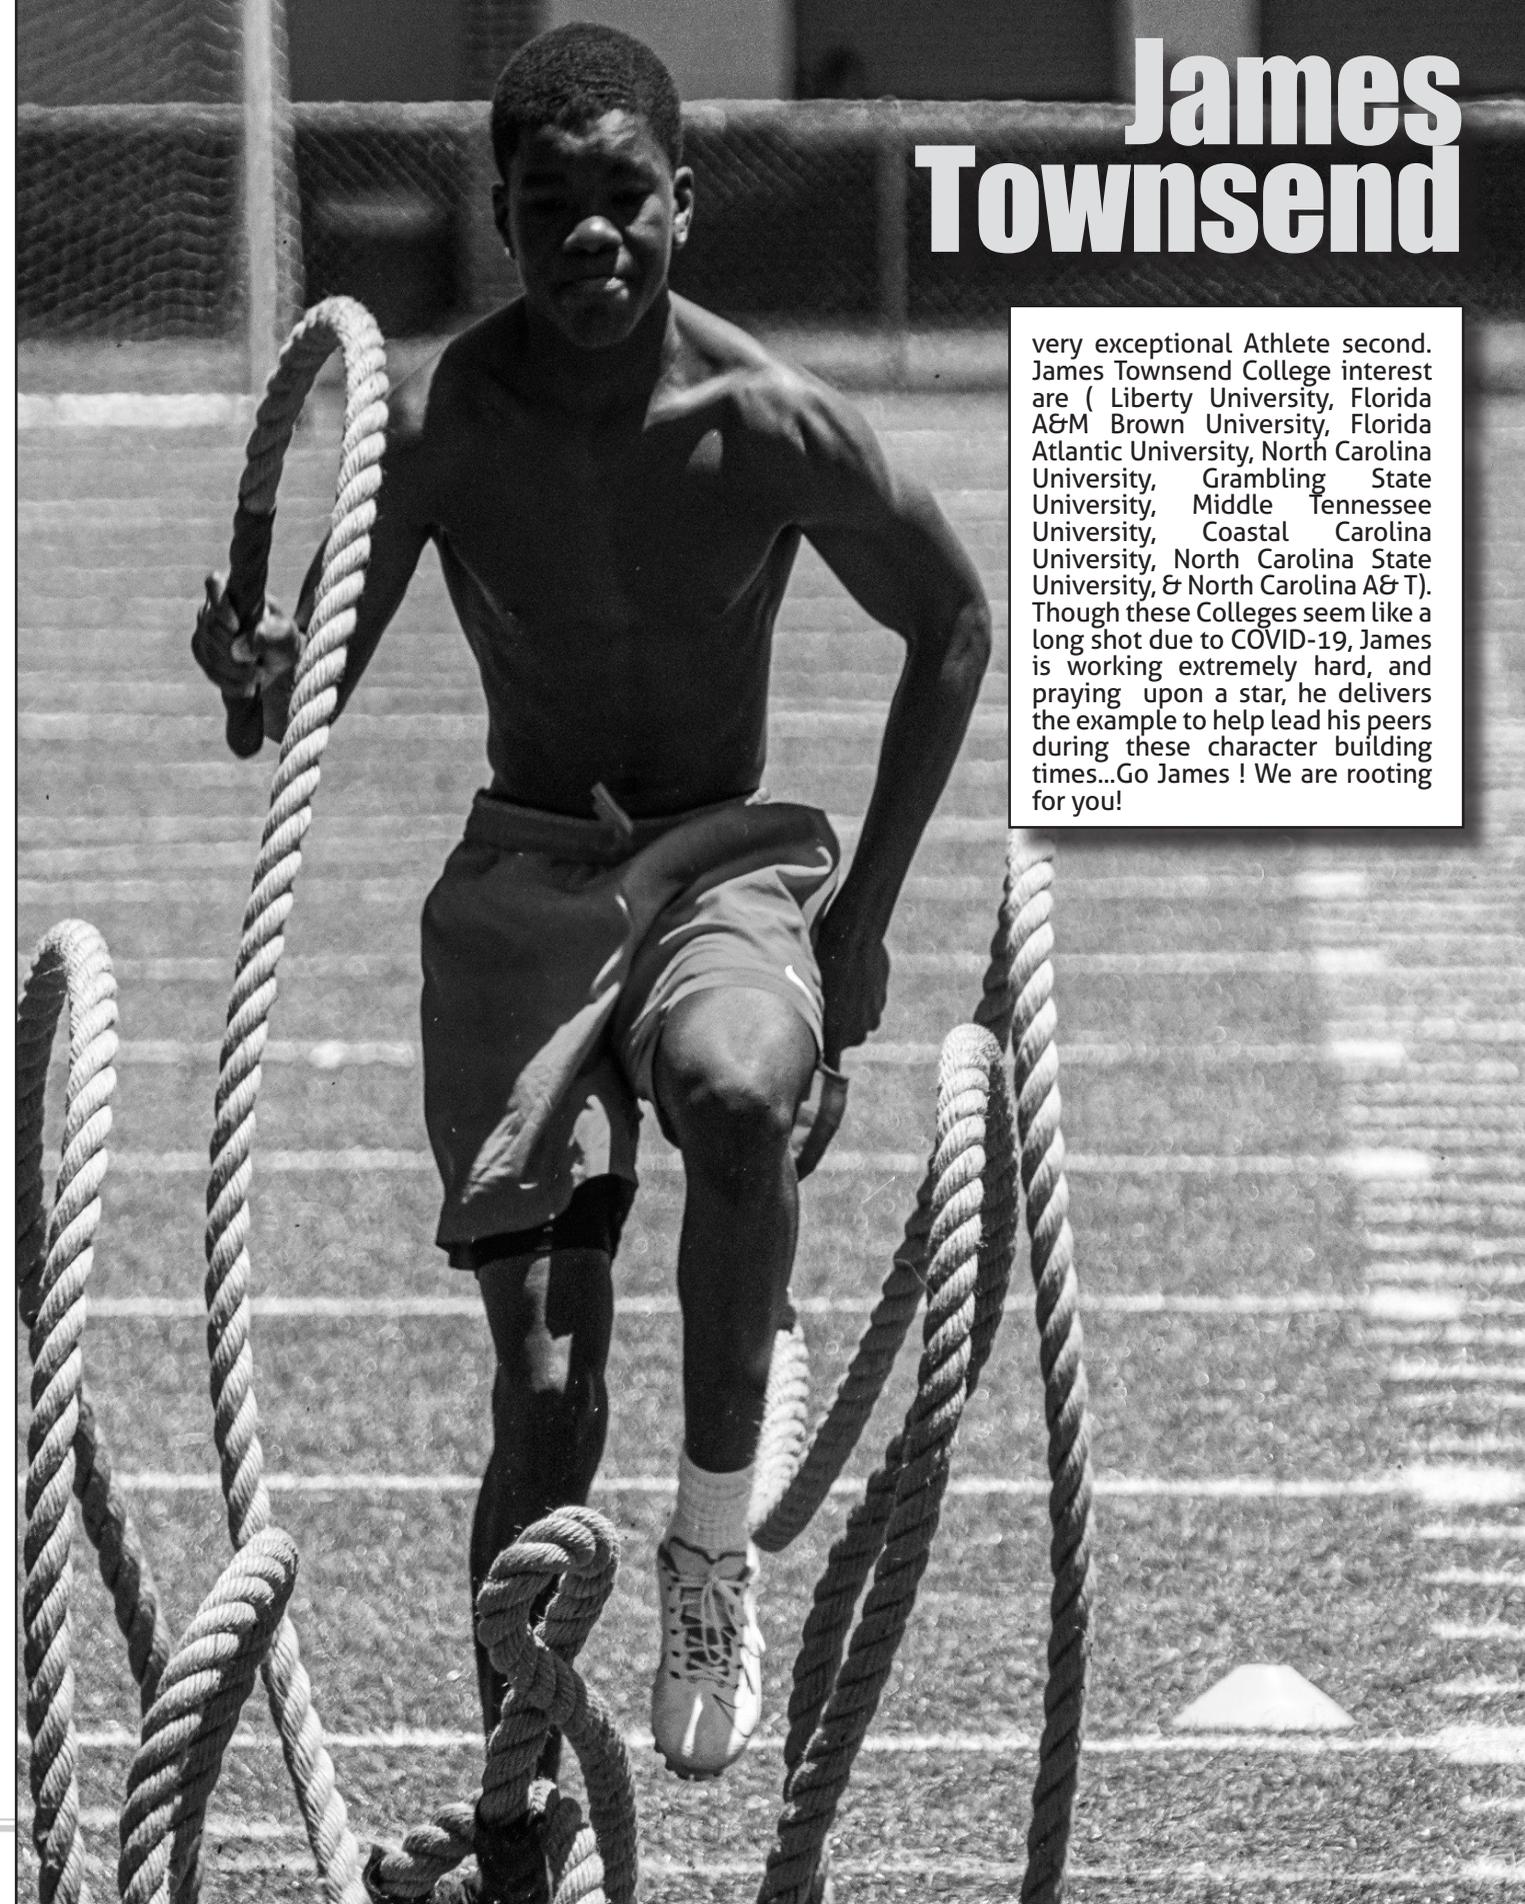

unstoppable placed in front of any offensive line. He has received awards for best defensive player. His goal is to one day play for the Florida gators then continue past college and play for the Atlanta Falcons. James is a hard worker both on and off the field.

Meet James Townsend, a 16 Year old Hardeeville South Carolina native, who attends the rising Ridgeland-Hardeeville High as a Junior this year. James is no ordinary Student-Athlete, at first glance, you would doubt the young man he is, not because he stands 5'7 at 141lbs, no, it's because of his humble heart, his character packs the punch of 10 men. We all know respect, character & principles are the seeds to positive manifestation, and James Townsend exemplifies that. James was always the smallest player on the football field as a Defense Back, but his 9th grade year was a turning point for him. His high school team went to playoffs to compete with Dillion High School, which they ranked Top 10 in the State of South Carolina. James stated that night after a upsetting loss, "Coach, I want to be better next season, so that I can help my teammates beat the best teams". It was something in his eyes, as if he knew he had a plan. The off-Season of his 9th grade year, on a cold winter night, and the players were cleaning & organizing equipment return, but on the ride home, James paused the radio, and stated to his Coach "When can we start Coach, I'm tired of people putting me down for my size, I believe and know what I'm capable of Coach". James & his Coach began to hold workouts most days after school and over Christmas break, up until spring practice of the next following season. James became a totally different Student-Athlete Mentally, Spiritually & Physically due to the adversities he bared, and eagerness to build a better future for himself. James would start all 10 games of his Sophomore 2019 season, becoming "Defense 2nd Team All LowCo Sports Defensive back" And earning a Invite to "The All-American Combine" in San Antonio Texas, January of 2020. He would find himself competing against some of the best Student-Athletes in Country during this event. Success does not stop in San Antonio, James would continue to be the example amongst his peers, because he would then transition into a 2nd sport called "Track & Field", James and the RHHS track team started the season off with a great placement at the first and only track meet, due to COVID 19. James was on the verge of losing hope, because he stated "It's no way we've worked this hard Coach and now it's a pandemic". To say the least, that did not stop James, his Coach convinced him to believe, that as people we have to look at the good in every situation, because having a positive attitude determines the outcome of our growth. James & his Coach continued to find camps & other recruiting tools that were necessary. James and his Coach would hold training sessions from Savannah Georgia to Hardeeville South Carolina, wherever he could find a location Suitable during the pandemic, just incase football season was ending. James main philosophy was "Work through it". So James & his Coach would drive to camps & combines during the pandemic, praying for the safety of themselves and the people they encounter, but all the while trying to create an opportunity to hopefully be recruited his Junior Season. James is now struck with an even harder blow, his High school has postponed fall sports due to the outbreak of COVID-19. James states "One of the hardest things to do is to get knocked down and keep getting up" James Townsend is a Honor Student first, and a

James Townsend

very exceptional Athlete second. James Townsend College interest are (Liberty University, Florida A&M Brown University, Florida Atlantic University, North Carolina University, Grambling State University, Middle Tennessee University, Coastal Carolina University, North Carolina State University, & North Carolina A& T). Though these Colleges seem like a long shot due to COVID-19, James is working extremely hard, and praying upon a star, he delivers the example to help lead his peers during these character building times...Go James ! We are rooting for you!

Jordan Jakiah Garcia

Kaleb Mayes - Ricardo Bosko

Kaleb and Ricardo are great a packaged deal. They are cousins who have been raised together and are like brothers. They are 7 and 8 yrs old (they are 10 months apart). The boys do everything together and are known as a duo, wherever one is the other is right there with him. They are soccer and flag football players. They usually play on the same teams. They have tried other sports but were not interested. They started playing flag football at 4 and

5 yrs old and loved it. They learned the sport quickly and became well know in their age division. Ricardo is a great quarterback but is also an amazing receiver and defensive player. Kaleb is a receiver and running back, occasionally a quarterback and a great defensive player as well. They have their own language and read each other on the field. These two are also great soccer players and well know also in the soccer community. They play in

3 different city leagues and 1 league in Mexico which they were recruited for. These two are always on the go, besides school (which they are A students) they have crazy schedules that include practices and games all week long. Just to add to their craziness they have recently taken up Taekwondo. They don't have much down time but when they do they enjoy video games and riding motorcycles.

Lexy has been playing travel ball since she was 10 years old. She started pitching lessons at the age of 8 and hasn't let up since. While pitching is her passion she's relentless on the field whether it's playing the Middle Infield or Outfield. She's one of the toughest outs at the plate in her division. Lethal on the left side with a power slap, she's a guarantee on base.

As a first year 12u player she went with her team to Colorado Springs CO and placed in the top 5 out of many talented 12u second year teams. Lexy didn't disappoint at the plate- having numerous hits to help her team get the wins. Being a one time National champion and defensive MPP and 4 time State champion She's definitely going places. Her dream is to one day play for LSU.

Makenzie Houston

This is Makenzie Houston. She loves Softball. She has played since she was 5 years old. She is now 13 years old. She play travel ball and school ball. Last year she got to play high school varsity ball in the seventh grade. The positions she play the most are short stop and catcher. She can pretty much play anywhere on the field. She likes to lead the team with a positive attitude and she is very good in situations that put a

lot of pressure on other players. She was used as the designated batter her 7th grade year for South Panola Varsity team. She scored runs or moved players every time she was used in the game. She takes softball really serious. She also play basketball but softball is her main focus. She hope to one day be at a D1 college winning rings.

Mariam Sylla

"Mariam is the true definition of a leader weather it's on the court in the classroom she's always willing to do the right thing" -Avid teacher

"She has a very bright future ahead of her and one day Mariam sylla will be a household name"

I'm a 16 year old football player from New York and I have big dreams. I want to play at the next level and hopefully one day in the nfl, because what football player doesn't dream of that right. But I'm constantly looked down on, doubted, hated, and any other word that associated with those things by not only my teammates but my coaches and other people as well. I come from nothing and I just want to be the one in my family that makes it big. My family really only consists of my dad, my little brother, and I. I've never been in a good financial

situation and I just want to take my family out of that position when I'm older. But that all starts with getting recognized and that's what I hope you guys can do for me. I've been playing football for about 5 years now and It's just my passion now it's all I ever really think about. I just have really big dreams and I know I have the power to make them come true. I've been out working everyone this offseason and it's going to pay off. That's all I have, or all I can think of at the moment so yeah that's basically a little summary of me.

Reagan Williams

Reagan Williams, aka Tater, has been playing ball since she was 4 years. Now at 11 she is the bracket pitcher for her travel softball team out of Van Buren Ar. She knows and plays well at every position on the field but she says that pitching and catching are her favorite because she has her hands on the ball at all times. While she hasn't hit an out of the park home run yet, she is getting real close. She enjoys her friends at school but would rather be on the field practicing. If she isn't sore and sweating by the time a game or practice is over then she feels like she hasn't accomplished anything. Along with softball Tater enjoys jujitsu and being the best she can at school.

Richard Scott

Richard Scott is 13 years old and lives in Franklin, IN. Currently he attends Franklin Community Middle School where he is on their 8th grade football team. Richard plays defensive tackle and offensive guard. He has played football since he was 6 years old. Richard plays for Franklin Little League as well as a first baseman and pitcher. He has played baseball since he was 6 years old. In 2014 Richard met Mr Brain Myers with Pilsung ATA Martial Arts, while he was attending Creekside Elementary School. He had been chosen to break a board for his good behavior. Mr. Myers gave him a certificate for a free lesson in TaekwonDo. Richard was hooked. As he moved up through his belt ranks he was proving himself as a leader. At the age of 10 he earned his 1st degree Black Belt. As part of his training he had

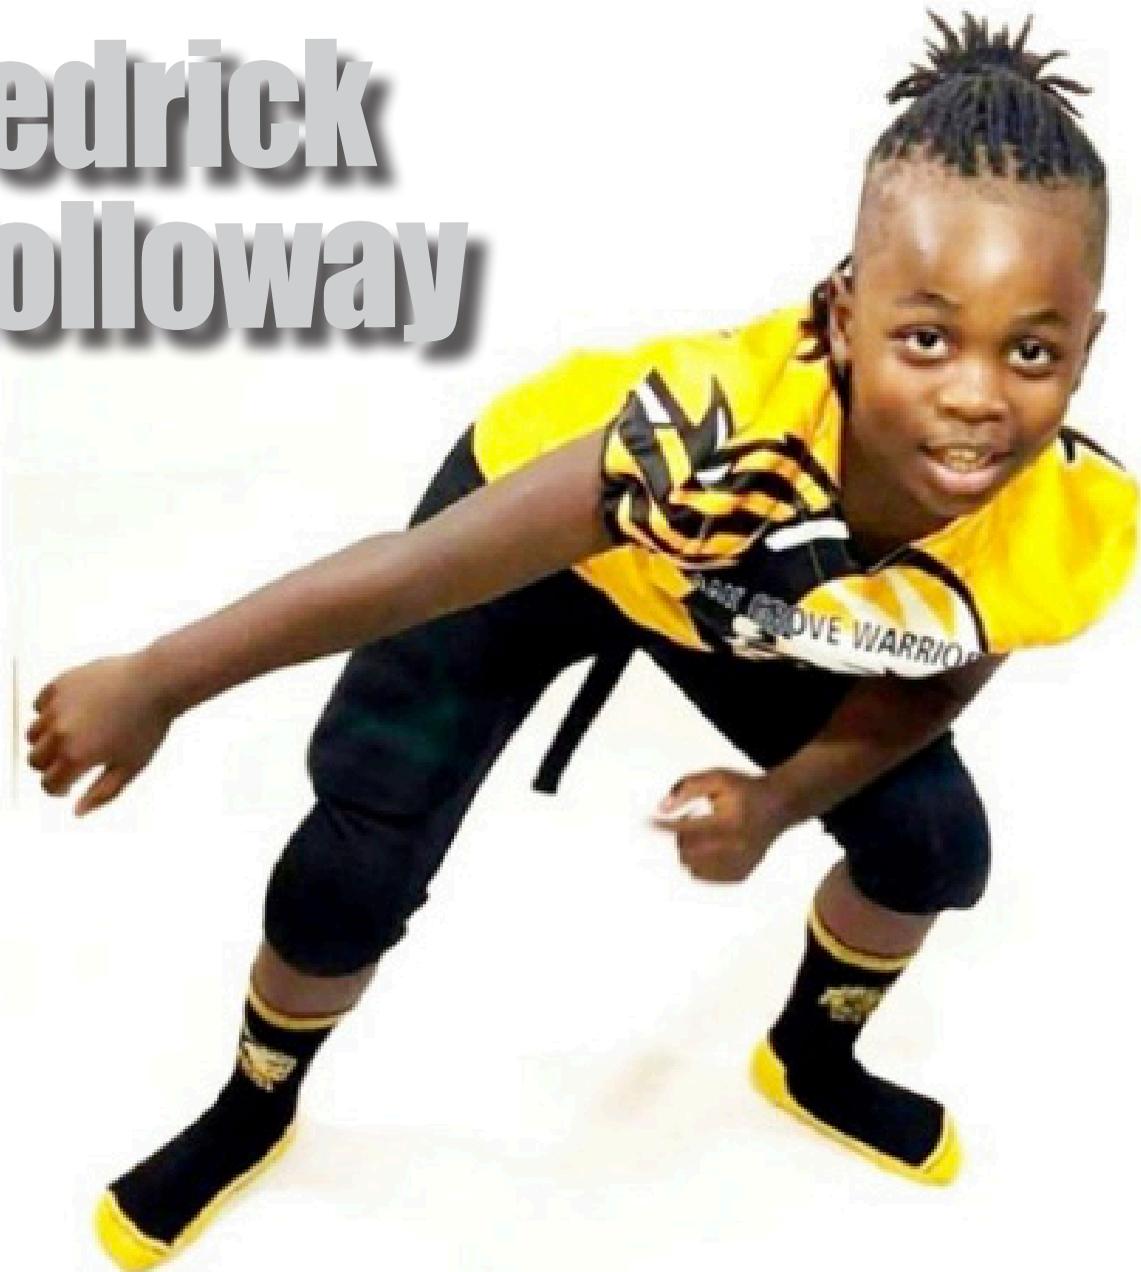

to complete a community service project. He chose to raise money to purchase a tackle vest for a Franklin Police Department K9. He did a bake sale, put collection cans at local businesses and held a silent auction. The auction contained items from the Indianapolis Indians, an autographed basketball from the Pacers, movie tickets, a tool kit donated by AutoZone, a gift card from Kroger and other items. His goal was to raise enough for one vest, he blew that goal out of the water and collected over \$2100. That was enough to purchase three vests, one for each of the K9 Officers that they had at that time. He continued to train and in 2018 Richard earned his 2nd degree Black Belt. Richard collected toys for Riley's Children Hospital. He chose this hospital because one of his sisters had been a patient there

as well as a few of his close friends. He is currently training to earn his 3rd degree Black Belt. He will be testing for it on September 18th. For his community service project he volunteered to work alongside the Franklin Community Food Service Staff to pass out meal bags. While the schools were shut down during the Covid-19 pandemic they were still feeding the children in the community. They handed out over 128,000 meals in about 5 months. During the pandemic Richard took zoom classes for TaekwonDo and was able to earn his instructor's collar. He worked so hard at home and found areas outside to practice. He has three wonderful instructors, Mr and Mrs Myers and Ms Crystal. He wouldn't be where he is today without their help and guidance. Richard's parents couldn't be more proud of him.

Sedrick Holloway

Sedrick Holloway have been playing football since the age of four .Sedrick is an all around athlete. When Sedrick grandmother pass away he started to focus only on football because that was something him an her shared she always said before he every played that he was going to be a good football player her saying was that he had been in this world before stating that he was playing way ahead of his time. At the age of four he played with the poplarville hornets his position was outside linebacker an second string running back even though he played very well at linebacker he always

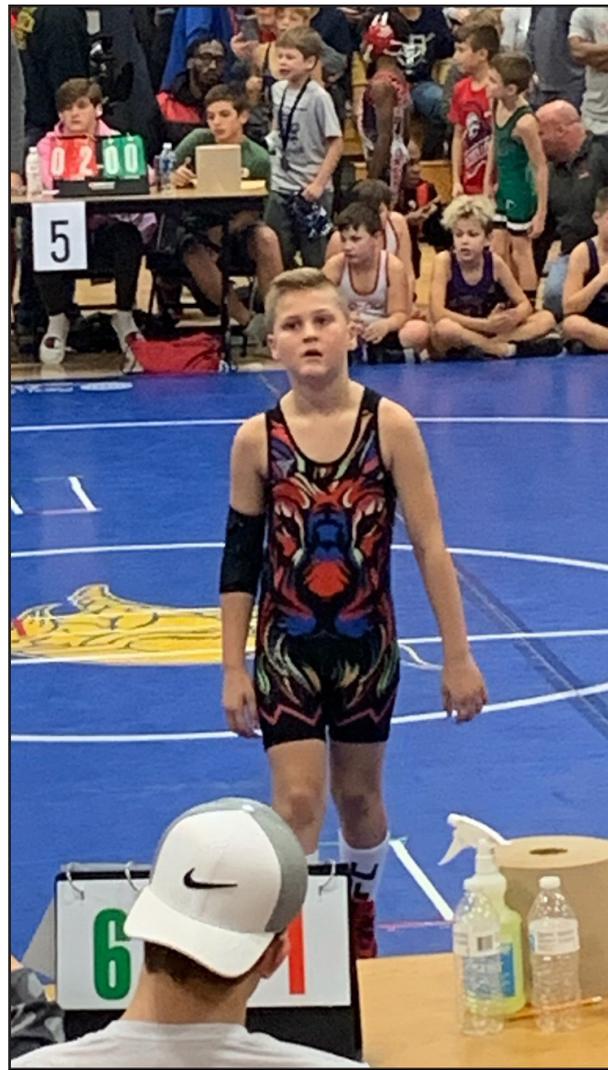

wonted to run the football At the age 5?he got his chance to run an he showed up big leading his team to playoffs his name started to ring at six he went on to play with the Oak grove warriors were he took it to a whole nother level his training an conditioning started to show he quickly became the best player in his league at his age and went on to lead his team to a state championship an win it with him having 5 touchdowns he have even worked harder for this up an coming season he bigger faster an smarter he's ready an all so a straight a student sedrick is well mannerd an a team player
