Addison Frain

Vinscent Apodaca

Vinscent is very diverse when it comes to Sports. He started playing Sports at the Young age of 4yrs Old. He began with Flag Football then went on to Soccer and at 7yrs Old he started taking MMA. Vinscent has gone on to becoming an AMAZING Quarterback for his Little League WFFL Team from the age of 7 all the way to recently this year which he just ended his final WFFL year at 14. He is also the Quarterback for 4 Comp Teams for Football in which he has had the opportunity to Travel the US. He has the opportunity to compete in States such as; Arizona, California, Nevada, Ohio, Washington, Colorado, Idaho, and

Florida. On Dec 5th 2019 he traveled to Canton, Ohio and was conducted into The Pro Football Hall of Fame for Youth Championships. His 1 Comp Team also took Nationals in Phoenix, Arizona on May 25th 2019. He was on a 7v7 Football Team that took Nationals in Pasadena, California as well March of 2018. He is again on his way to Florida in Dec of 2020 as well. Now Football is NOT all he is good at. He Gained his Black Belt in Karate on July 28th 2018. He went to The Golden Gloves (for Boxing) in Mesquite, Nevada and went all the way to the Finals on July 20th 2018. He competed in

NAGA (which is a MMA Competition) and received 3 Silver Metals. He received 4 Gold Metals competing in Wrestling. He also The Pitcher for his Baseball Team in which he was able to take his Baseball Team to the Championship in 2019. So all in all he is VERY Diverse in most all Sports. To sum it down his Favorites have been; Goalie for Soccer, Pitcher for Baseball, his Fighting Record for Boxing 12 Wins 5 Loses, 4 Gold Metals in Wrestling, 3 Silver Metals at NAGA, Black Belt in Karate and his ALL TIME LOVE Quarterback in Football. He has played WR but mostly QB.

Class of 2028 Samerion "Guru" McKenzie rolls with the big dogs. Samerion is a born athlete named after the late Kobe Bryant with the middle name Jakobe. Samerion enjoys playing football, but unsurprisingly basketball is his heart. From the time he was able to hold a basketball he has always kept one in his hands. He began playing basketball at the age of four entering a 5/6 recreational league and although he was little dominated

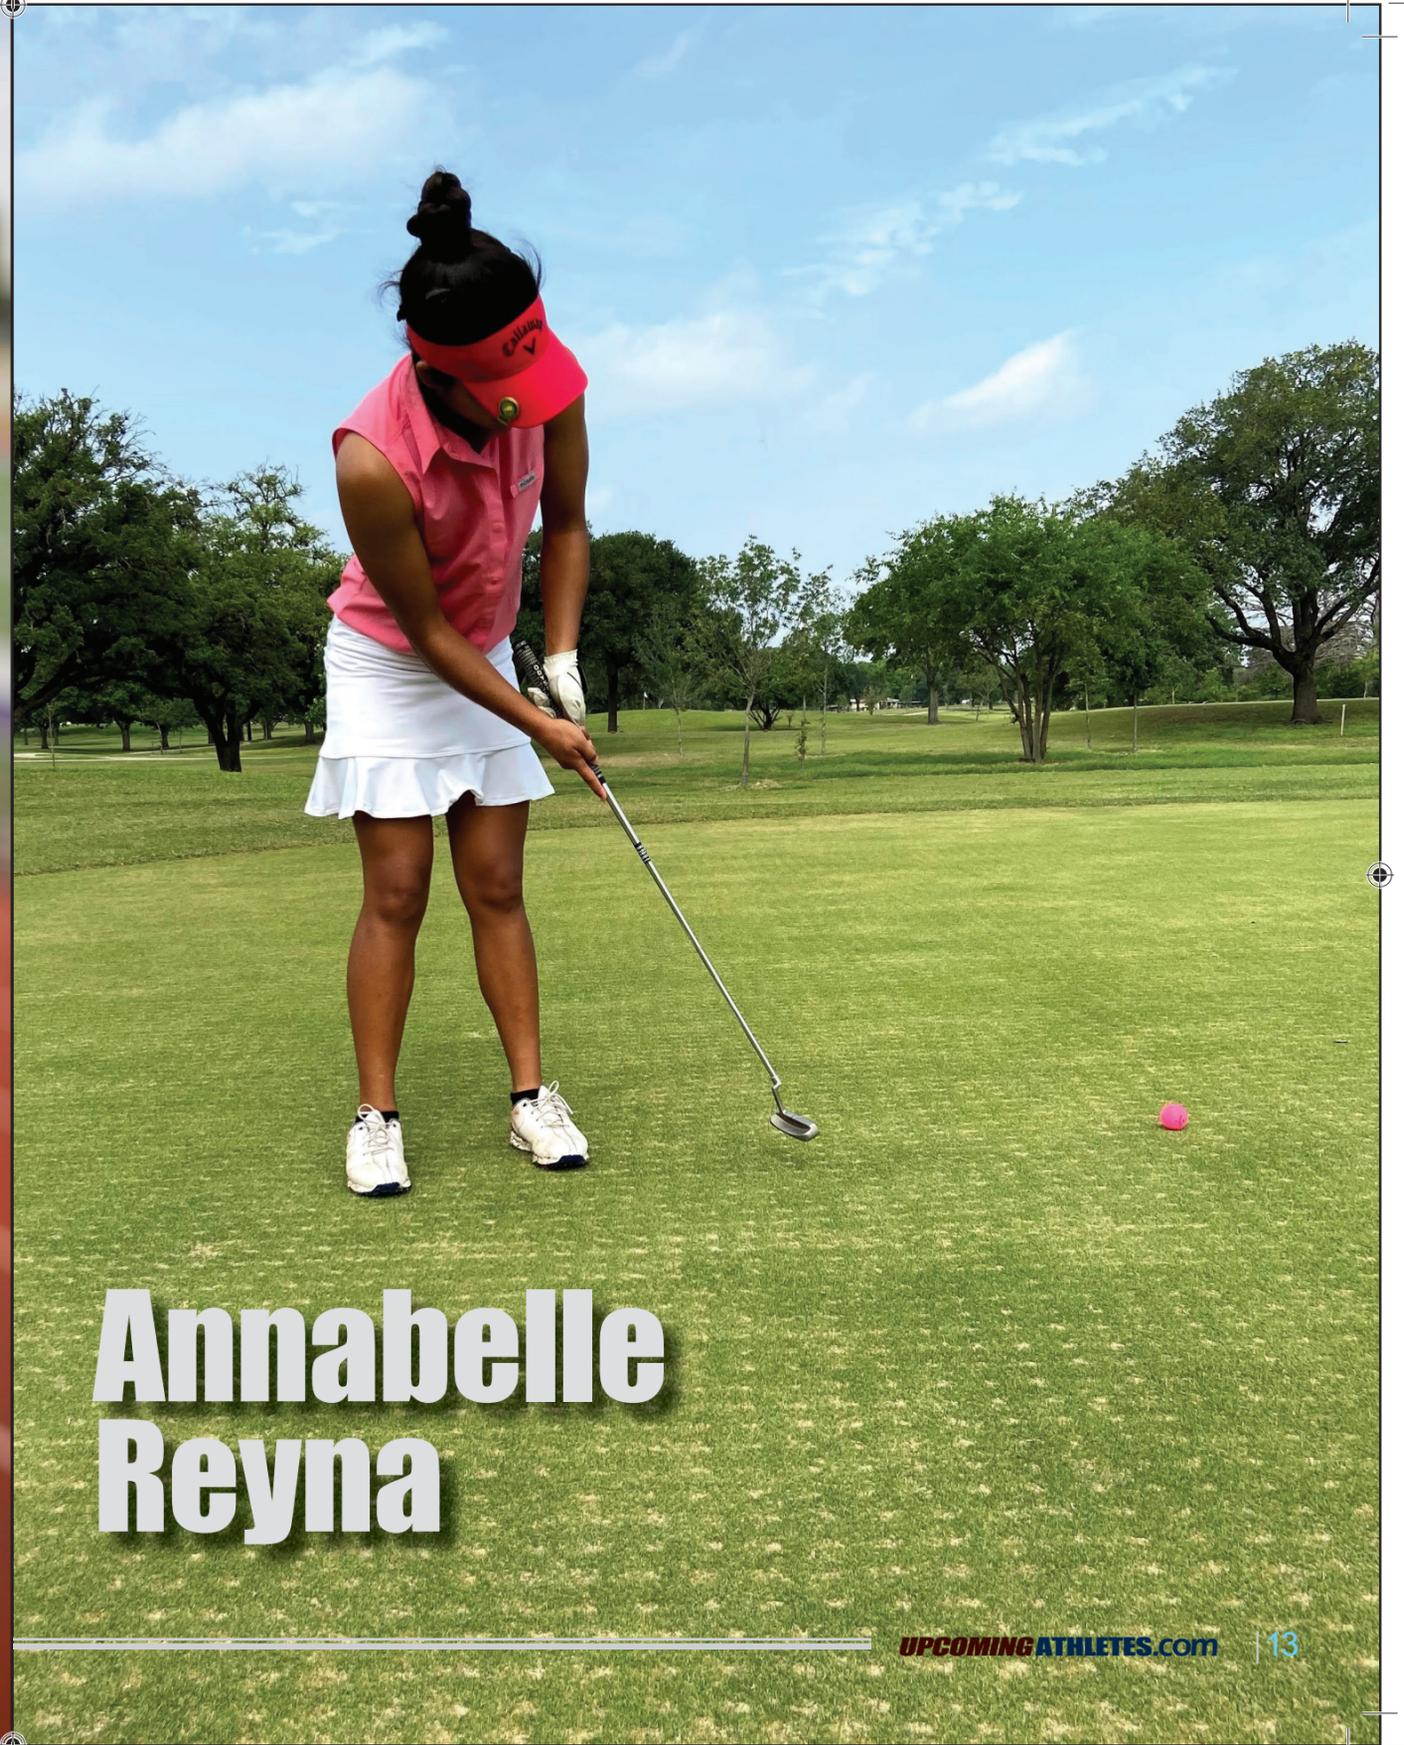

the floor. He continues to grow in his skills on the court. Although he is only in elementary he has participated in a on the radar showcase for middle schoolers. Other than his size Samerion "Guru" performed at the level of others at the camp holding his own locking big guys down on defense and still able to take and make jump shots. Samerion serves as a well known point and shooting guard on the floor and a wide receiver and corner back letting nothing get

past him on the field. Samerion plans to attend college and later play in the NBA. To prepare Samerion works out 2-3 times a week at Kingdom Boxing and Fitness Training where he focus on his footwork, hand and eye coordination, speed and agility. He also works hard at home whether it be getting his shots up or playing football in his own backyard. "Size doesn't matter when you want to be great. Go hard or go home." ~Samerion "Guru" McKenzie

My son Bentley has been playing soccer since he was 3 and travel since he was 6. He is 12 now. He also runs Cross Country and will start track and field in the Spring. He has played on teams that have lost almost every game and I believe that was a learning experience for him to never give up. His team now last Fall went 21 wins and 5 loses! A great season. We started Spring undefeated until we could not play anymore. He had to learn teamwork as when he wouldn't get a goal he would get upset but now he knows when he assists a goal he feels just as good about it! We are from Arkansas and the team was so happy to win first place in Memphis TN. Big win for us! This year he has the most goals scored and in top 5 for PK's. Cross Country first year to run up at 6:30am and loved it. Top 10 go to finals and he finished 13th. Not bad considering he takes 3 Pre-AP classes and soccer as well. Best miles was 6 minutes 23 seconds. Not bad he knows he needs to trim the second mile down as well to get a 12 minute 2 mile. He works hard and has so much determination.

Caydence Daniels

Caydence has been playing ball since the early age of 3! His love and skill has just grown tremendously throughout the years. His All-Star team at the age of 6 made it all the way to the Louisiana Pony World Series! At the age of 7 the same team "The Burleson Rebels" won the Travel-sports World Series out of Grapevine, Texas. At the ages of 8, he and his team won the Cen-Tex World Series Through many sweat and tears he has fought hard to become the player he is today. He is currently on a 10uAAA team.

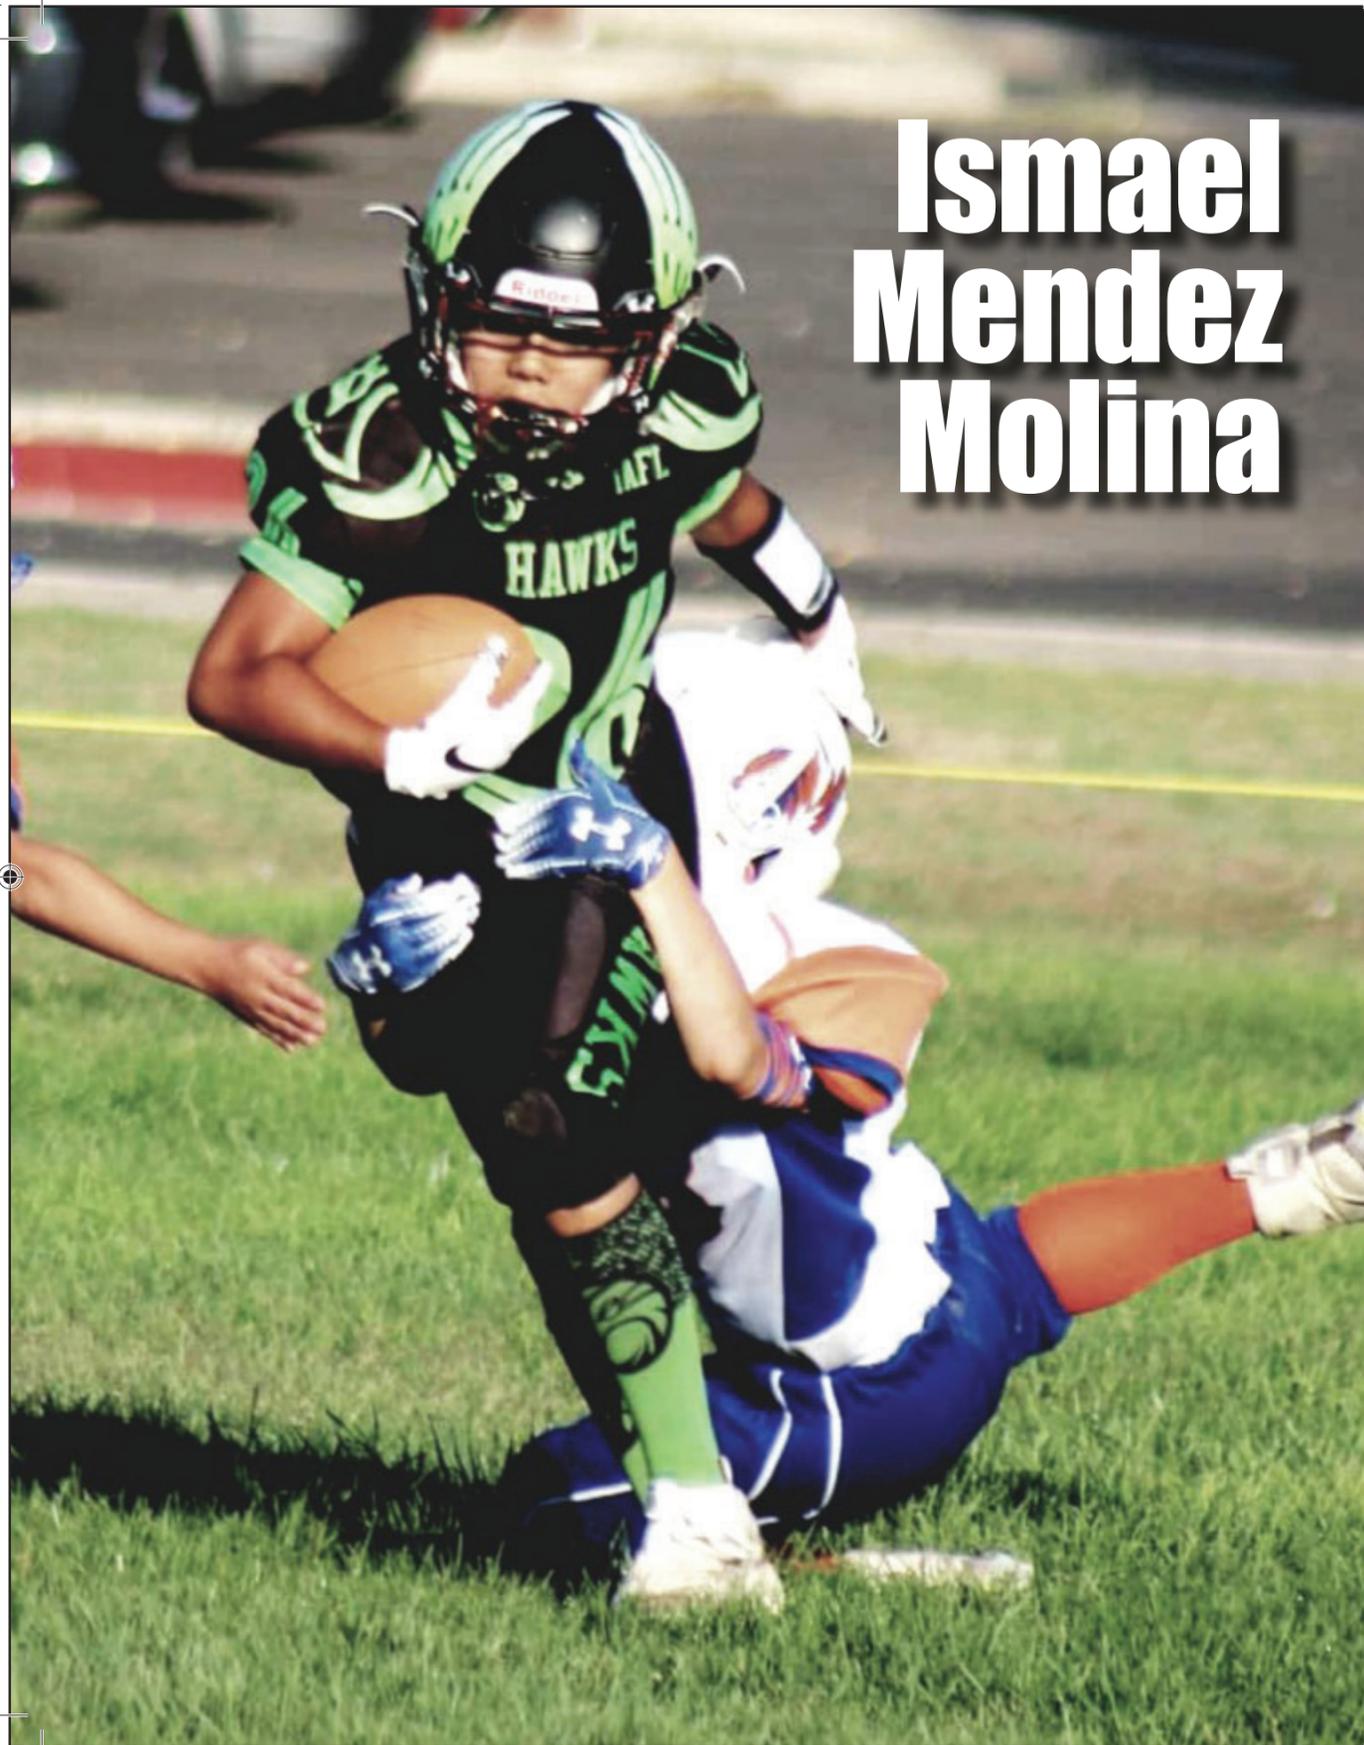

His favorite and strongest position is Centerfield, however, you can put him at any position including pitcher and catcher (even though he's always been the smallest one on the team) and he can do work. He has goals of playing college baseball and Dreams of becoming a Major League Baseball player, and then pursuing a career in law enforcement. Aside from Caydence's skills on the field, he is one of the most respectful, caring, and humble 9 year old you'll ever meet! He wears his heart on his

sleeve. His biggest challenge has been learning not to be hard on himself when he makes a mistake. Which is still a work in progress but he has improved tremendously! There isn't a day that goes by that he doesn't have a ball, glove or bat in his hands. The passion and love he has for the sport shows on and off the field. He proudly owns the title "Momma's Boy" and isn't afraid to share his love for God and his entire family.

**Kane
Connelly**

Ismael has been a very competitive person since he was very small. I brought this up with his pediatrician because his desire to be the best in everything was to me, not normal. Doc said put him in sports, it should help...NOPE! What it did help with was putting energy and effort into something he loves. He has always been the smallest kid on the field, whether in Soccer, baseball,

basketball and football. There is one thing for sure, there aren't many kids on that field with the same amount of heart or determination. Ismael manages to stand out wherever he goes and make people watch him. He has made All-star team in baseball every year he was eligible. Also making all-star teams in football. He is an outstanding student. He tested into the gifted program and qualified in every portion. More importantly Ismael is respectful, trustworthy, and

honest. Ismael's dad works 2 jobs so that I can be home with him and his sister. So that Ismael has everything he needs to succeed. Ismael knows of the sacrifices we have made for him, he says that's what makes him work so hard. My son is an all around amazing athlete, hard working student, but most importantly a good person.

Kane Connelly

Kane started playing street and dek hockey when he had just turned 6 years old. His 3rd game ever, his coach asked him if he would want to try goalie. He tried on the gear, got in the net and from then on he was hooked. Being a goalie has brought him great confidence and has helped make many great memories. Kane has been in speech therapy since he was 4 for disfluency/stutter and was always a little shy. Playing hockey has brought him out of his shell and

helped him in his physical and social aspects but has helped him leaps and bounds with confidence and he has made life changing progress in speech therapy. Kane has won 2 back to back Championships and has played on 2 travel teams in 2 different towns. Kane loves to watch Ron Hextall videos on YouTube and try to mimic his plays. His favorite things about being a hockey goalie are wearing awesome gear and specialized helmets designed by his

dad for each team he's on, going out and challenging a player on a breakaway and at the end of a win when his whole team rushes to him in his crease and they all get to celebrate together. Kane would love to be a Team USA goalie when he gets a little older and travel all over the world and play other amazing teams. If he keeps up the hard work in his crease we will be sure to see him reach that goal with no problem.

My son Juan Carlos is 5 years old. He started Tball when he turned 3 years old. He is currently playing fall which is his last season in tball. He will be moving up to Juniors. I remember his first season in tball, practically benched because he didn't want to play. Now you can't get the glove off. He sleeps with this batting gloves and practices everyday. He wants to be a pitcher. Everything in is life is about baseball and of course marvel. He is currently working off the pitching machine and loves to play first base. He loves to watch older kids play so he can keep learning.

John Gossard will be 12 years of age in December, he plays major league baseball for Sunco at the West End Little League. John aka lil' John. Back in 2017 John did the MLB pitch hit and run competition at federal little league, he won first place in pitching, which then he advanced to the next round that was played in monrova md. John also won 1st place for pitching that then took him to the final round that was played at Camden Yards. John Placed 3rd place! In 2018 John was nominated to play in the baseball youth all American, which is kids from all across the nation to come and play a 3/4 day weekend of baseball, they pick the best players from different states to play. He got to play in San Antonio Texas, His team 2027 team freedom took 1st place. 2019 he was asked to come back to play again this time it was in Ocean City Maryland, they placed 3rd in their age bracket. 2020 John was asked to come play again but with Covid going on he was unable to play, which crushed his heart. John started playing baseball when he was 6yrs of age, he made the 7/8 allstars when he was 8 he got moved up to the 9/10 allstars and same with when he was 10 they moved him up to the 11/12 allstars. Alot of coaches knew from then he was going to make something of himself till this day they say his heart and sole is all about baseball. Even coaches from other leagues come over to say how good he is. He has struggled in life without a father figure so he looks up to his grandfather George Gipe and all his coaches that he has ever worked with for guidance into becoming who he is. His goal at life is to make something from what hes good at and wants to succeed in baseball whether it be a professional baseball player or a baseball coach.
