Caleb has shown exceptional growth as an athlete. He started playing soccer a little late, at age nine. Technically he had a lot of work to do to catch up. His first coaches didn't believe in him but as time went by he was coached by Scott Wells, who saw so much potential in Caleb. They trained and Caleb began to be recognized. He has been a varsity player all through high school and was a starter on the first state championship team for the Winfield High School boys soccer program. He was chosen from a regional camp to participate in the 2019 West Ham national camp and from there was chosen to attend the boys Elite trip to London. He was also presented with an opportunity to attend a 3 month residential soccer program in Italy. He is a captain of his team going into his senior year. Regardless of how you start, with passion and effort great things can be achieved.

Cole Cain

My name is Cole Cain. I am from Plymouth, Indiana and go to school at Riverside intermediate school. I currently play for the Teddyballgames Tigers 10u tigers travel team based out of South Bend, Indiana. This will be the 3rd season I have played travel baseball and I have been lucky to have good coaches. My goals for this year are to hit a homerun(just missed first one last year), be the best pitcher on my team and to win some

tournaments. I was part of the 9u Indiana All State team last year and my goal is to do that again this year. My dream is to one day play college and pro baseball. I would like to thank my hitting coach Bob Caban and my head coach Brandon Tugmon. My biggest challenge is balancing baseball and school. I am a honor student and work hard everyday to be that.

Cassid Hutto

Elizabeth Tardif is a 16 year old baseball player from a small town in Canada Quebec called St-Joseph-de-beauce. She plays for her high school team, Team Quebec and the team of her town. Yes, 3 teams! Eli is so in love with that game that she has to play for 3 teams and nobody can change that. Elizabeth started playing baseball at the age of 4 and she

felt in love with the game. It's her grandmother that told her to go tried baseball. Now, she is so happy that she decided to go try that sports. She is playing shortstop, pitcher and centerfield she wants to be the best in those positions so she work hard.

In 2020 before covid, Eli went to Florida play against college team to get better. That was one

of her dreams because when she was young people were saying that baseball was not a sport for the girls. But she continued to work hard. Now, Elizabeth have to play in a low level because in her towngirls can't play a sport of boy. Eli don't give up and stay strong and maybe one day someone will see her efforts.

Jered Rennick

Jered Rennick is a 13 year old football star from San Bernardino, California. Jered plays and competes at a high level in his sport. He is currently playing for TPA 7 on 7, and wants to thank coach Josh, coach George, coach Terrell, and coach Cody. His positions are Wide Receiver and Free Safety. Jered will be attending and playing football at Citrus Valley Highschool. His big goal is to make it to the top and play in the NFL.

Cassidy is part of the White Knoll High School girls lacrosse team. She is the starting goalie at White Knoll and plans to play primarily as a defender in college. The team is going on its third year since being founded and their first year as a varsity team. She is one of the three varsity captains that were voted on by the players of 2019-2020 team for the 2020-2021 team. Although the team has only had two seasons (one being cut short due to COVID), she has excelled. After their first season she won the "Most Improved" award and her average save percentage is approximately 65%. Not only does she play school lacrosse but she has played for multiple club teams over the past few years. These teams include, The Lake Murray Rapids, Inferno Lacrosse and a 7v7 club held by some of the previous Lake Murray coaches. While playing for Lake Murray, she met the women's head lacrosse coach for Brevard College. She has now committed to Brevard to play lacrosse and will be attending in the fall of 2021. One collegiate goal she has is to be one of the top three defenders on the team though she knows this will take time. A high school goal that she has is to bring more togetherness to the White Knoll team via team bonding experiences and through community service opportunities. Another goal would be to have a winning season for 2021. One challenge that she faces would be the lack of experience compared to most of her opponents. Having more experience is crucial because this means they have a higher lacrosse IQ, more skills and the ability to point out trick plays (or the lack of). This only makes her work harder and put more work in so that the experience gap is almost nonexistent. As she continues to play and grow as a player, she hopes to achieve these goals and create new ones on future teams.
