DIGITAL MEMORIES

My name is Holly Wardle and I am a competitive dancer at Bojangles dance arts, and competitive softball player for the Waterloo Ghosts.

I have won a lot of awards for dance and overalls for groups, solos and duets. For softball I have won provincials in my third year of mite, with my team going undefeated all season.

I want to break the stereotype about, if your a dancer you

can't play softball and if your a softball player you can't do dance. My favourite inspiring quote is `` I'm strong I'm tough I still wear my eyeliner.``

At my school we have this group and it's about girls/women's rights and self confidence. I'm a big believer in that and that girls/women can do anything. I just want other girls/women to know that you can be tough and strong and still be feminine and elegant.

My favourite thing about dance and softball is that the team cares and show support for each other.

At dance, I learned about discipline, self confidence, hardworking, always doing your best and team work. Which I use in softball also.

I want to be the best version of myself!

My name is Isabella Anderson but my softball sisters call me "Izzy." I play 14U travel ball with Ocala Eclipse-Bender. I usually play second and center field but I'm always willing to play where the team needs me! My dream has always been to further my softball career. My goals are to be the best that I can be as a softball player and hopefully, get into college through it. I have

challenges everyday and I know that it's important to overcome them. For example, I used to be afraid to slide or dive for the ball. In the past few years I overcame that fear and I make that effort for every play! My achievements so far has been batting lefty and righty, sliding, diving, catching pop flies, pitching at home and always staying positive for the team.

Kenna Karnes

Hi my name is Kenna Karnes, I'm 11 years old. I play travel softball for Charleston Chill 11U out of Illinois. I play second base, pitch and I'm the lead off hitter. This is my 5th year playing travel softball and my 7th year playing the sport I love. I have so many dreams for my future that include softball but my day to day dream is become a better softball player and team mate each and everyday. I have set some goals for myself along the way and the first one I set was to make a travel team, then I started working towards making a school team. I was able to reach that goal last fall when I made the middle school team. I'm aiming to make the school teams and even go on to college for the next several years. Some of the challenges I have faced during my softball days is my confidence or should I say the lack of confidence. I struggle with believing in myself

sometimes. I have met some amazing coaches, adults, umps and parents along the way and daily I'm reminded of my worth. I couldn't have done any of this without all the adults in my life. When I start getting down on myself I'm lifted right back up and for that I'm thankful. My achievements would include making the travel team, making the middle school team and becoming a pitcher. I have worked hard at taking my pitching to the next level. I know this is something I will never be done learning. Each and everyday there is something new to learn with this sport. I love softball and I'm willing to dedicate my time becoming the best softball player, team mate and human I can be. God blessed me with the dedication and love for this game. Thank you for reading my story!
