**Briella
Champagne**

Briella Champagne

This is Briella. She is 9 years old and just started playing travel softball about a year ago. She loves the catcher position and is really great at it. She's also a pretty good batter. She has had some personal struggles in her short little life time (more than most adults could ever imagine). Playing catcher has really brought her out of her shell. Her team recently played a tournament that they didn't win or go to the championship

game to, and she received the MVP ring. She has not stopped smiling, but with the help of her teammates she now has three rings. Her goal is to be the BEST she can be so her team can succeed in playing ball. She never dreamed of being a ball player but once she got into it she just fell in love. Briella has a heart of compassion and loves everybody.

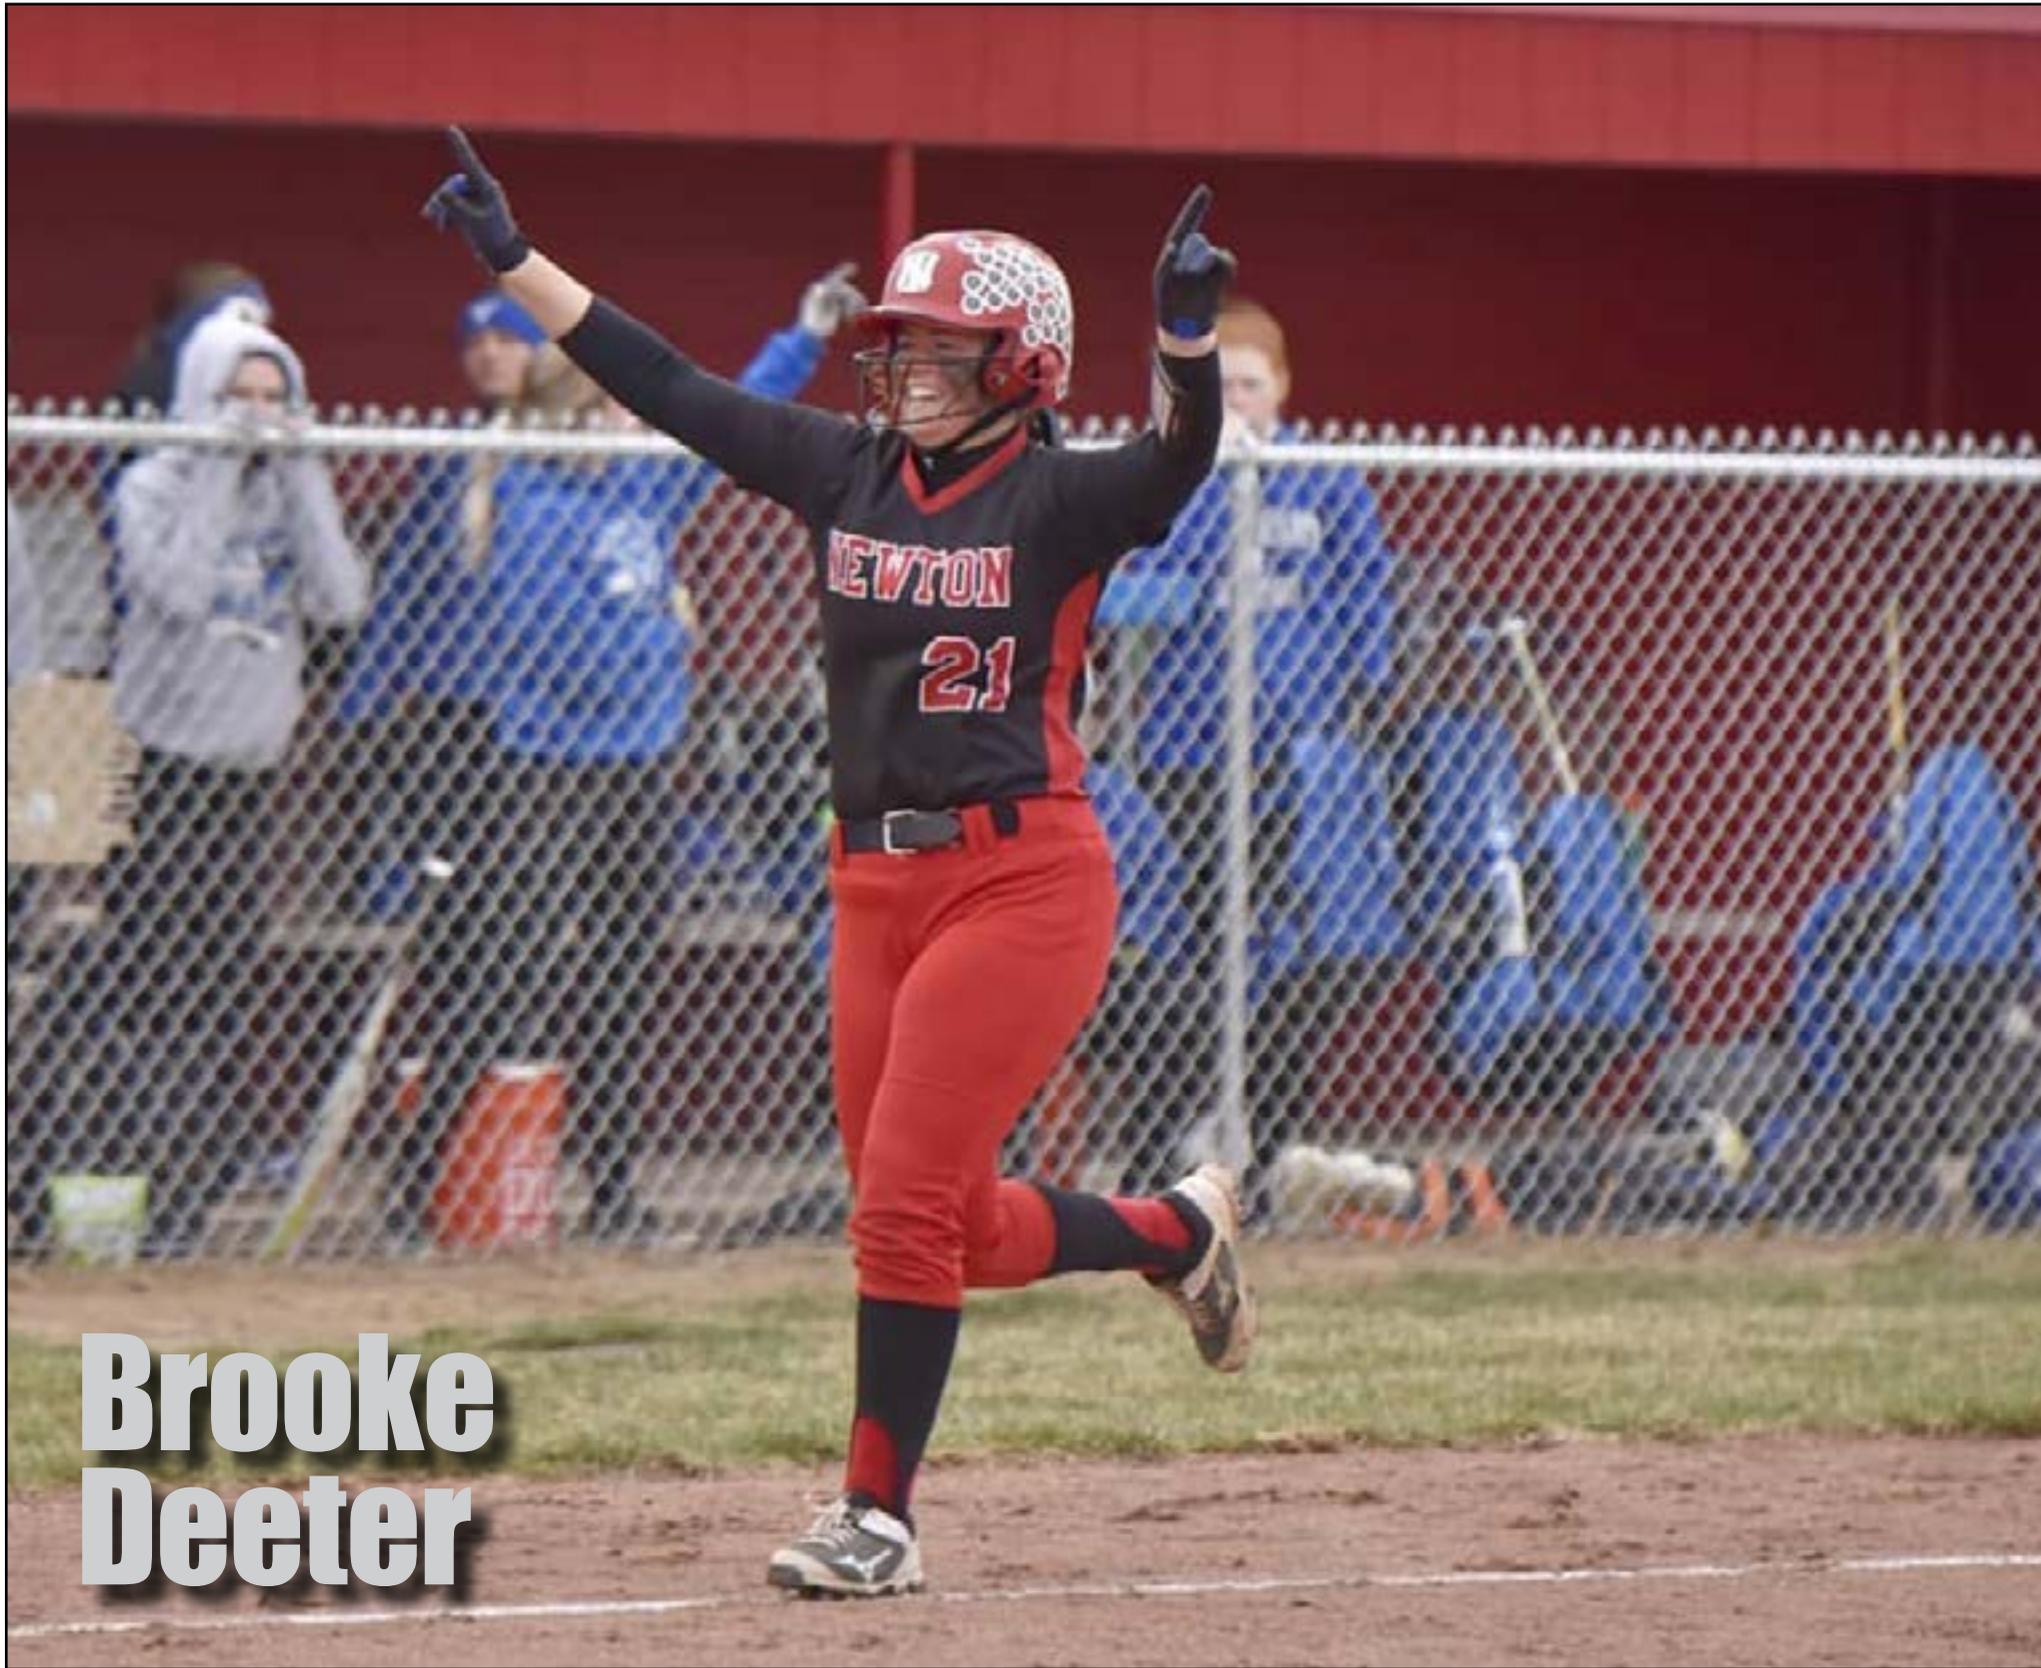

Brooke Deeter

Brooke will be entering her Sophomore year at Muskingum University in the nursing program. Following completion of her BSN she will strive to continue her education in hopes to become a CRNA. Given both Brookes academic and athletic background I have no doubt she will succeed in all she does. Brooke not only graduated at the top of her high school class, but she held many president and Vice President offices while in school in a variety of clubs. She also maintained all her 4.0 academic status while playing three varsity sports all four years. She along with many in the graduating class of 2020 could have crumbled in

such circumstances of having their senior year shut down due to COVID19 instead she took in stride what she couldn't change and worked harder with more determination then ever. Brooke had a very successful freshman year at college and is looking forward to her sophomore year. Of all the photo sessions we completed, her softball career came to an end with this one and it hit emotionally hard. Although Brooke no longer plays she continues to provide pitching lessons to younger girls and inspires them to work hard in all areas.

Hailey Grall

My name is Hailey Grall, I was born in Richland in 2003 but I was raised in Pasco until we moved my eighth grade school year. I started playing city league softball and basketball when I was about eight years old. I continued playing both up until high school when I decided to focus more on softball and stopped playing basketball. I joined my first travel softball team when I was 13, it was an 18u team and a good experience. My freshman year of high school I was awarded the "hammer award" for my leadership on the field and being able to keep the team focused. Later on in my sophomore year I was given the opportunity to fly down to Florida and compete in the All American games. The teams were randomly placed with girls from all over the country, however I was the only one from Washington state, I even got to be in the news. It was a super fun learning experience and the beaches were great. I got to meet new people and make new friends all while playing softball. Even though my team didn't win in the end I still think it was worth it. Now I'm on my last year of travel softball and it's just kinda crazy how fast I got here. I have already committed to going to Grand Canyon University in Phoenix Arizona for the fall 2021 semester. I'm really excited to get to campus and move in at the beginning of September. My family plans on driving down with me, so that I will have my car there, which will make visiting new places much easier. As of now I plan on majoring in business with an emphasis in sports management. I wanted to stay in the sports field because I've been in it all my life. I'm not exactly sure where I'm going to end up after college, whether I'll be working for an NFL team or even NHL, or NBA, but that's what I hope for. I'm very happy and nervous to be ending this chapter of my life to start this new and exciting one. I will always remember what softball life has taught me and take it on with me forward to my new adventures.

Jay is now 14 years old. She started martial arts at age 6 . She started with Tae kwondo then kung fu. She holds a blue belt in kung fu. Then her interest in martial arts grew stronger. She then started muay tai with Bruno Lurette , a very known Muay Tai Champion . At age 11 She was training with adults and loving it. She then added to her training Brazilian Jiu-Jitsu with Marco Leblanc, a Brown belt who trained with Shane Rice. In Spring 2020 She was suppose to compete in a kickboxing

event in Quebec but it was canceled because of Covid. Covid didn't stop Janelle from training everyday and working on her goals. She dreams of becoming a police officer and Compete as a MMA fighter. She works hard at school and is a very determined athlete. This would be such an honor for her to be published and to share her love of martial art for other girls! She believes girls can do anything as good as boys and she proves it when she trains with men! Keep pursuing your dreams Janelle . We are so proud of you.

Jonny Finkel

Jonny Finkel

Hello. My name is Jonathan Finkel and I am a thirteen year old boy from Montreal, Canada. Ever since I was 2 years old it has been my dream to join the NHL. I knew it ways and will continue to be a tough journey considering I'm not the biggest or fastest guy on the ice. My goal is to keep elevating my game as well as my line-mates games.

My achievements: 2016-17 allstar game, Chateauguay U6 tournament bronze, MWH 2016 U8 jamboree gold, MWH 2015 U8 jamboree silver, 2019 U11 YPHL 3 on 3 tournament gold, 2015-16 U8 Eastern Hockey League finalist, 2014-15 U8 Dollard APB tournament silver, 2013 YPHL U6 3 on 3 tournament gold and finally 2015 U8 YPHL 3 on 3 tournament gold.

I fell that my biggest challenge is my lack of size. Because I'm smaller I always get pushed around in front of the net in the corner. However I do win a lot of battles in those areas. I feel that if I was a bit taller I would be even more of a threat than I am now.

My name is Kaleb Boyle. I am from London Ontario Canada and I am 11 years old. I hold two junior blackbelts currently. One in Shorin Ryu karate and the other is in Kungfu

I am currently a 14 time world champion in weapons and forms, traditional, extreme and musical forms and weapons are my divisions.

My goal is to make TEAM CANADA for the Olympics in 2028 when I would be 18 years old.

I play baseball competitively as well and really enjoy the skateparks as well. My coach Julian Shamuon of Hotshot Athletics is hands down one of the best instructors and coaches available in the world IMO

I am a proud member of TEAM NMAC INTERNATIONAL competitive team and am a

sponsored athlete by xplosive weaponry.

My journey started the day I turned 4 years old. I was being bullied badly in junior kindergarten. Safe to say to say 7 years of training and 14 world championships later I no longer get bullied.

Now I am part of a group called THE AMIGOS. We are a small group of 8 junior blackbelt world Champions from multiple different countries who have formed a group designed to give back to the martial arts community. We now provide a FREE training seminar once a month from a new world champion to give back to help the underbelts rising the ranks behind us.

I LOVE THIS SPORT!

Mikaela Dokes

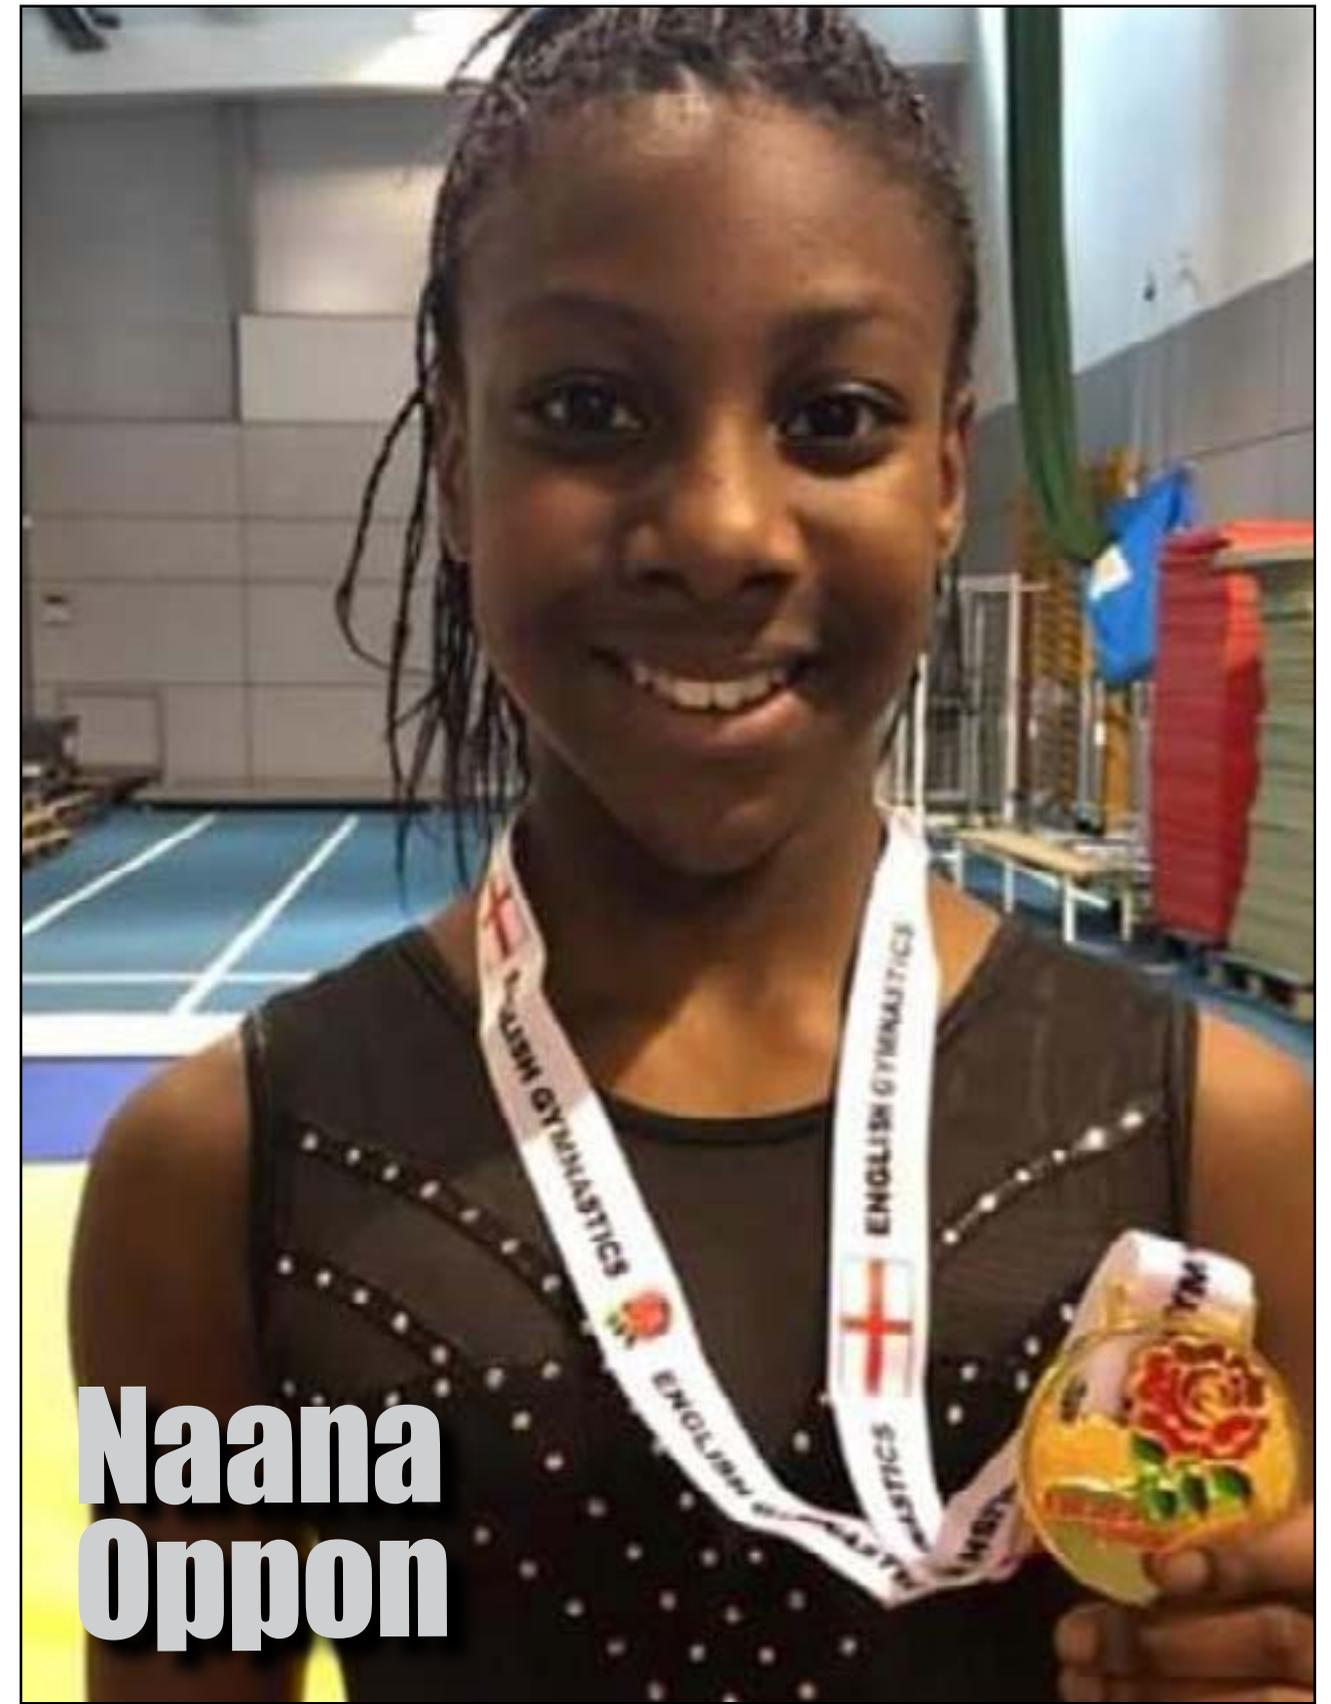

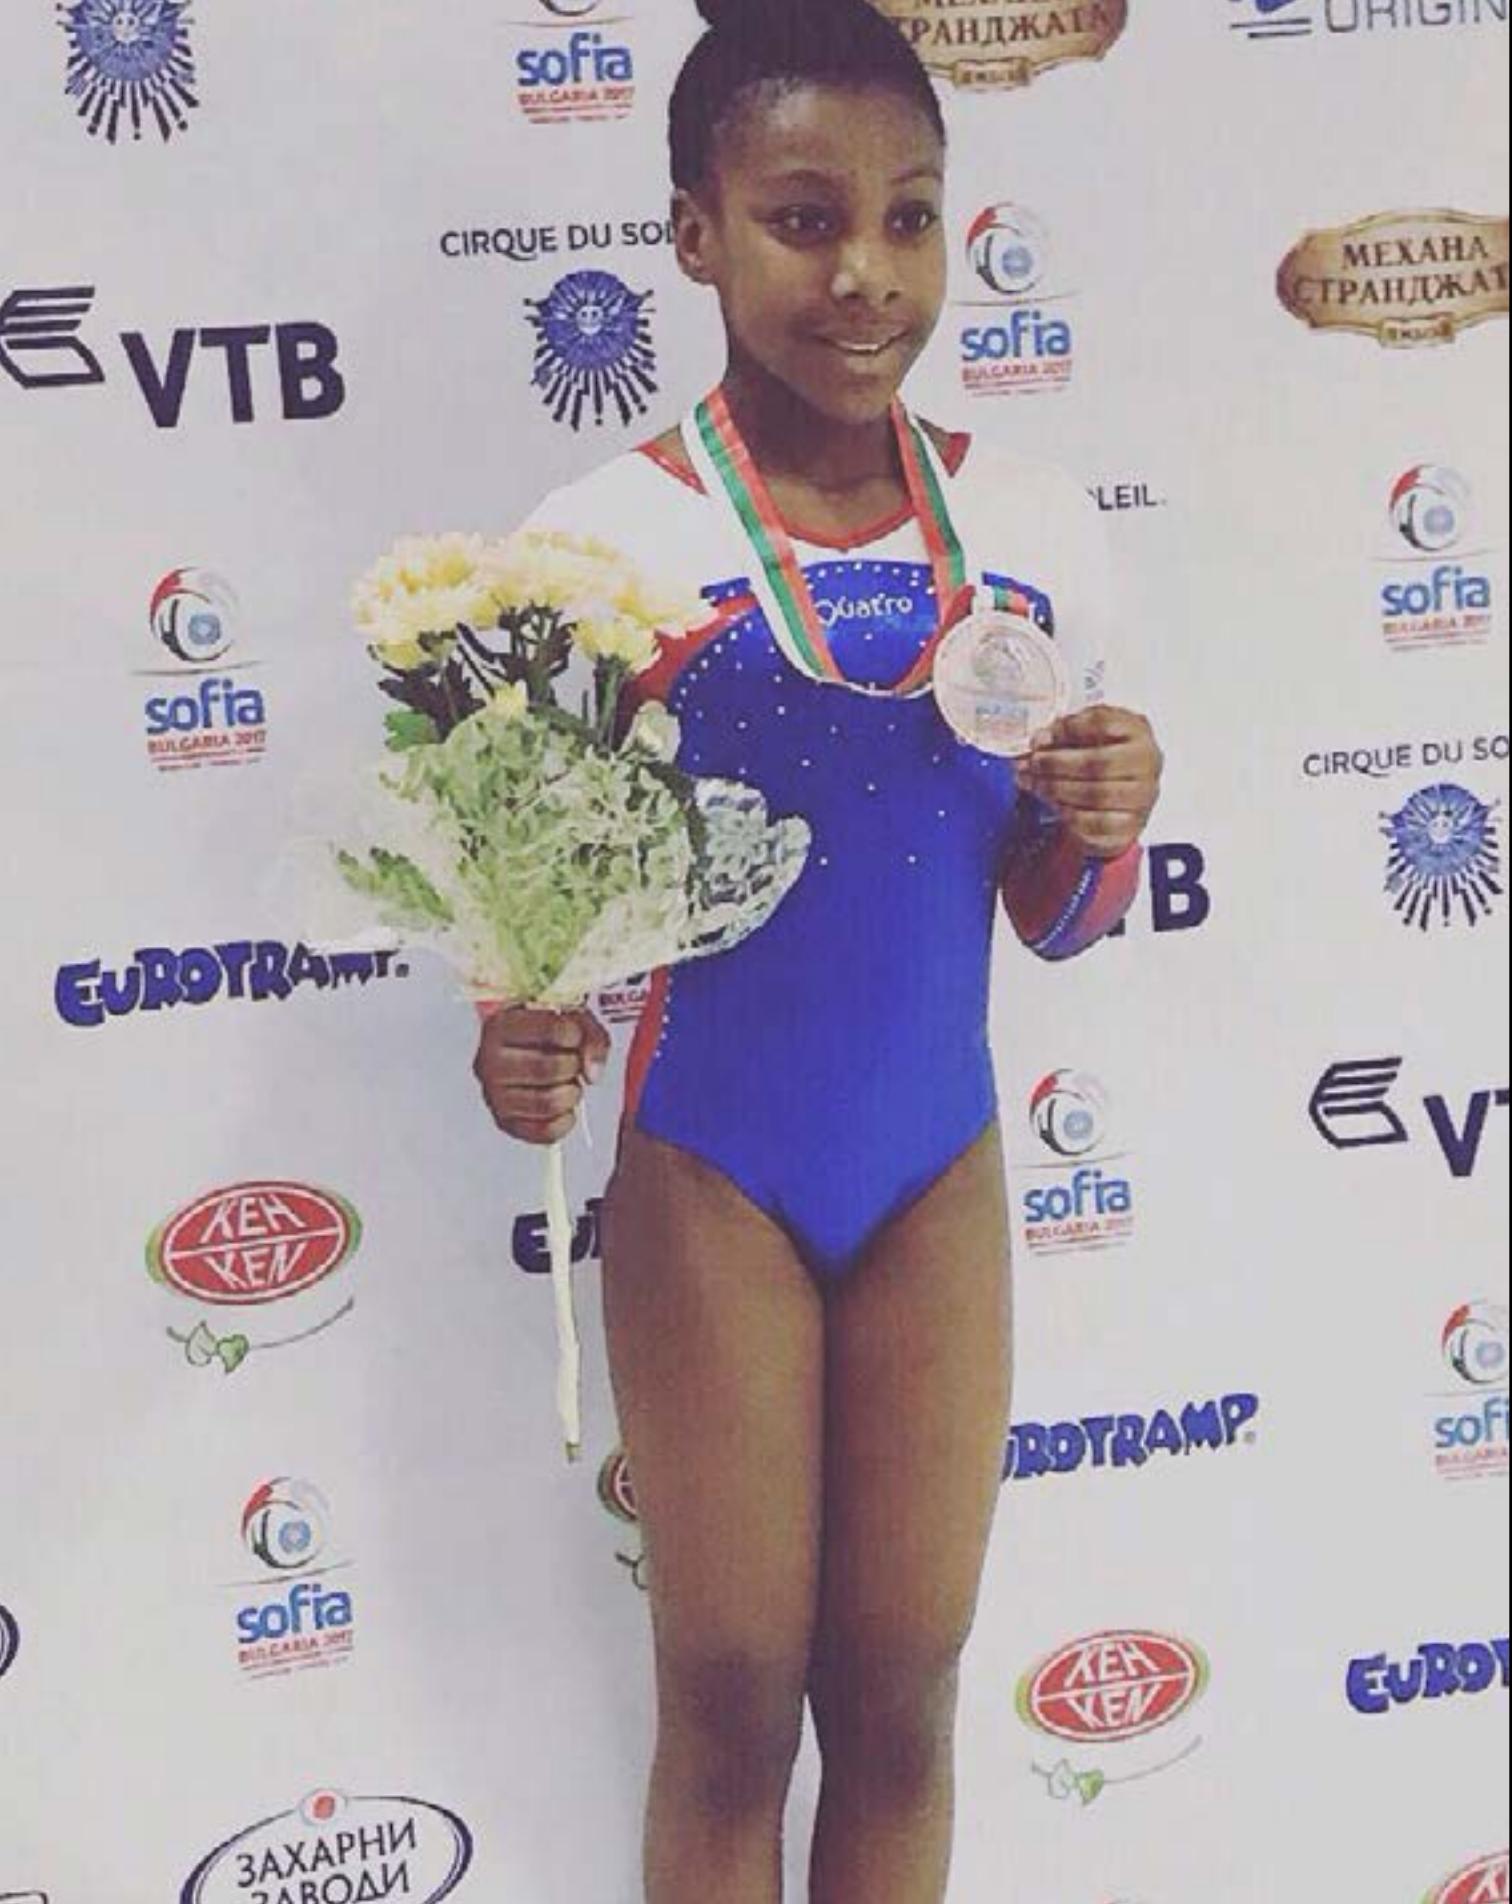

My goal is to play @ Notre Dame college for basketball and upon graduation my dream is to play in the WNBA. I have my own fb fan page that I post my workout videos on and building my fan base. I would appreciate the support by like/following my page and sharing my videos. Encouraging others to do the same. I'm only in kindergarten but have been playing since 1 years old. I travel and play in as many camps and leagues as I can across neighboring states of Michigan. I was already offered an opportunity to play on a travel AAU team for 3rd grade and I'm in kindergarten. I just love the game of basketball and want to be the best I can be.

**Naana
Oppon**

Hello my name is Naana Oppon, I am 14 years old now and I do tumbling Gymnastics and I have won the British Championships 5 times, English Championships 3 times and have been the the World Championships 3 times and placed 3rd in 2017, 7th in 2018 and 2nd in 2019! Overall I have about 50 medals! In the future I aspire to compete in a team for Gb at the European Championships as a junior and senior tumbler. Some challenges

I have faced was having an injury at the World Championships in 2017 because I found it very frustrating because I couldn't train for awhile afterward. Another challenge is when I may be trying a new skill but I am really struggling, I get very worked up with myself sometimes. Although I love competition a lot, a challenge I face it the pressure that comes with competing but it is all worth while when I do my best and do well.

**Taylor
Johnson**

Taylor Johnson, Belding, Mi, had a drive when it came to playing at the highest level. She played for U.S. Centestl during the Girl's Big League World Series and finished 3rd. During her High School career at Belding HS, she set the Michigan High School Athletic Association's HS softball Home Run record at 49 and held it for 9 years until broken on 2019. Taylor then went on to play D1 basketball at Central Michigan University University. She was awarded All-Conference, All-Tournament Team & 6th Man of the Year twice. Taylor also played for Team USA in Taiwan in 2015 during the William Jones Cup.

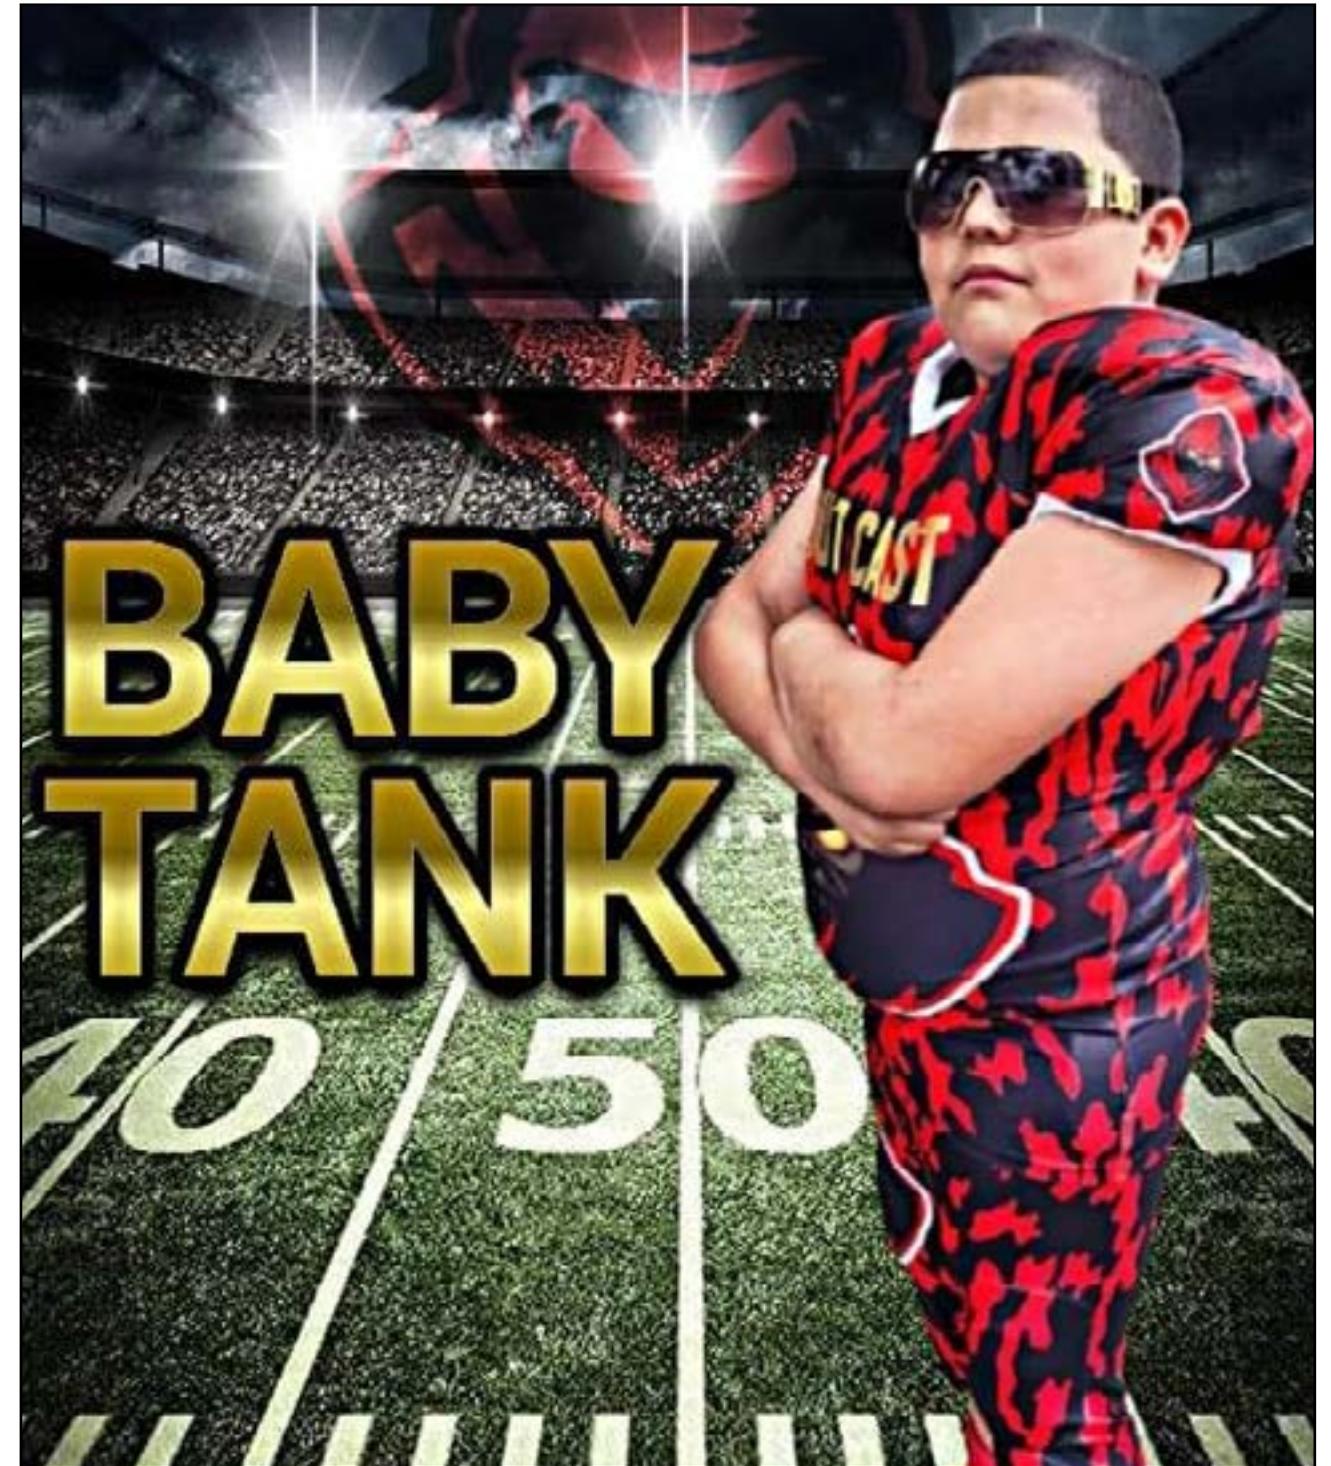

After turning down a professional career overseas due to knee problems, she now plays Major League Slow pitch softball representing Louisville Slugger as an Advisory player. During the 2018 season, her team won the World Tournament in Florida. After completing her Bachelor's degree at CMU, she is now finishing her Masters in Special Education at Liberty University & working Full Time at Wyoming Public Schools in Grand Rapids, Mi. She burns the candle at both ends proving it can be done. She is a great role model for all little girls with huge aspirations of doing what Their heart desires.
