My name is Tia Tandy, I am 13 years old, I currently play for Dartford Valley RFC and Medway RFC. I have been playing rugby for 4 years.

I also swim once a week and do sprint training as well as my 4 weekly rugby sessions.

I have high aspirations and my goals this season is to be selected for the Kent team and in the future I would like to play premier league rugby and one day play for England.

# Tia Tandy

My dream is to one day play on a team in the NHL. My greatest role model is Sydney Crosby and it would be a dream to meet him one day. I have been playing ice hockey since I was 3 years old. My goals are to contribute to my new Hockey team as a first time player for CP Dynamo. My position is a forward and I want to work very hard for them, having fun and making new friends. I work hard

off and on the ice. My main focus is to get more aggressive, especially in front of the net. I also want to try different positions, trying defense. Off the ice I enjoy swimming, riding my motor bike, jumping on my trampoline, playing with my dog Calley and playing video games. One of my most awesome experiences was meeting and training with Pavel Barber.

I started playing hockey at five years old, I am now sixteen. I grew up in a small town, our closest AA team being two hours away. I played A Tier 1,2 or 3 hockey until my last year of Pee Wee where I ended up with 97 points. In my first year of Bantam my mom, my brother and I moved to Spruce Grove Ab where I tried out for Bantam AAA. The tryouts were intense but I made the team and we started a new school and a new season there. Besides being away from my dad and two older sisters, I had a great year!!

Hockey has taught me so much about life. I have met so many people, made tons of friends, been coached by awesome coaches, even travelled to

different countries to play, Hockey has taught me how to work hard, to be motivated and confident, it has taught me respect, how to be a team player, and how to be a leader in hockey and in life..

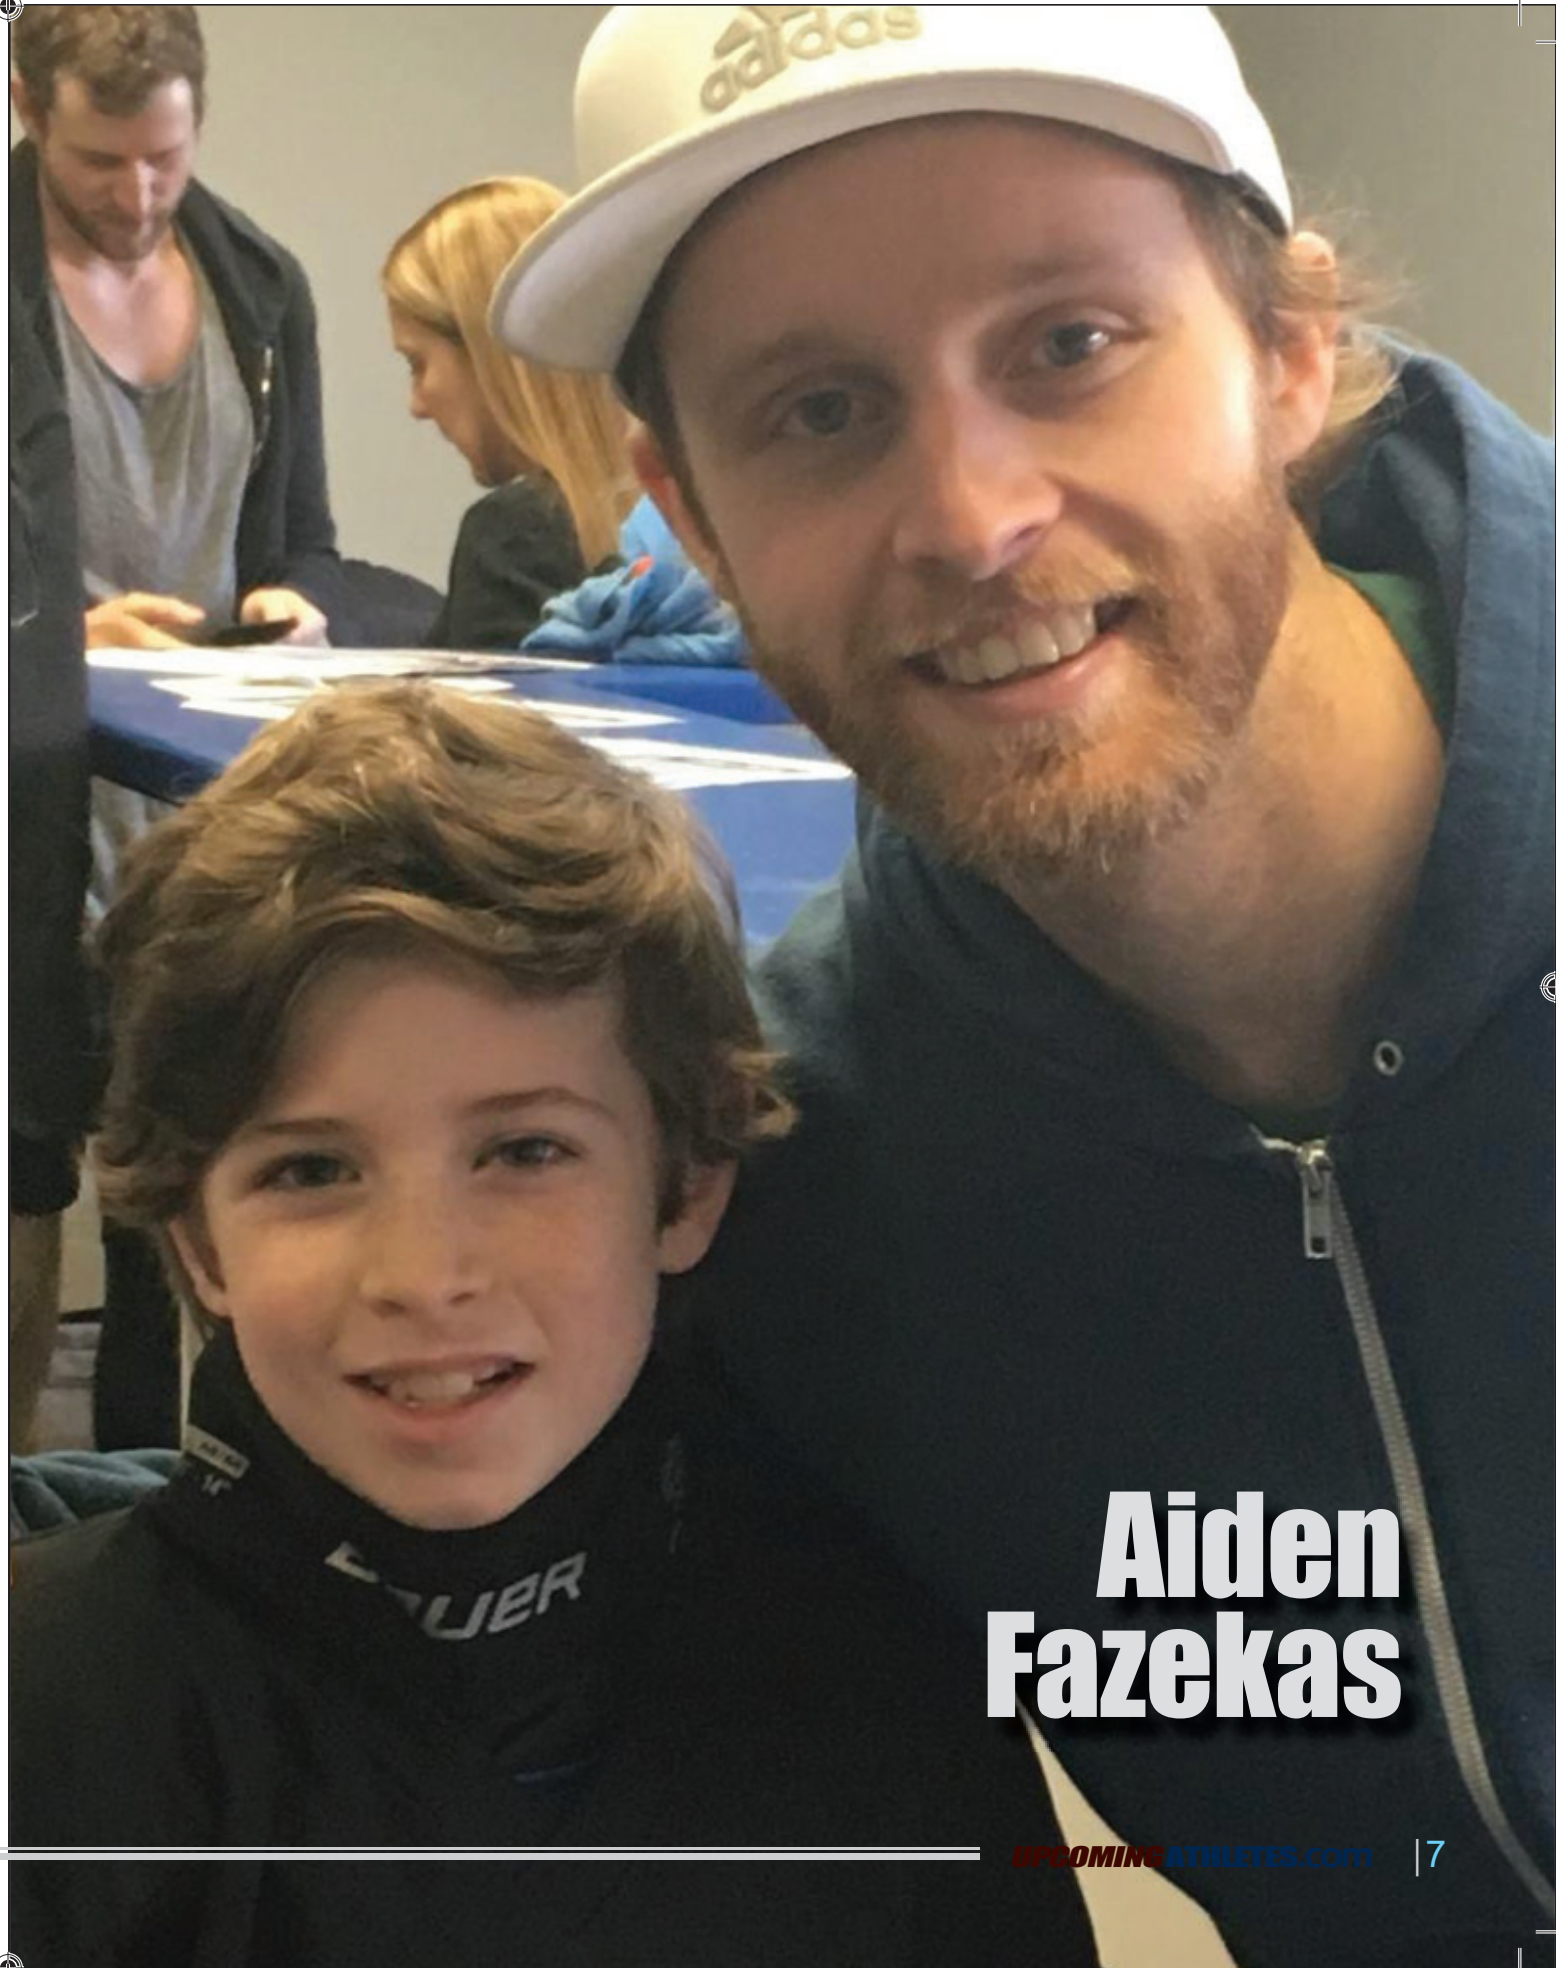

I am now in my third season in Spruce Grove, Ab, last year I made U16AAA, and hopefully this season I make the U18 AAA. I plan to ride the sport for as long as I can, whether it's Junior, College hockey, or whatever other opportunities may present.

You never know what's around the corner when you're striving to be the very best you can be in a sport that love!!

Basketball has always been my favorite sport. I love everything about the game! Of course school comes first because I know how important it is to be a student before an athlete. In order to continue to play the game I love, I have to do my part in the classroom and continue to work on my game outside of regular practices. A challenge I'm currently facing is the transition into middle school and having to actually "tryout" for a team. As long as I stay focused, I hope I can get closer and closer to my dream of playing professional basketball some day!

If you ask a child who is playing tennis about his dreams maybe most will say I want to become a professional tennis player. But do you know how many of them really believe it? So I do not dream, I believe in what I want to achieve and I believe in my goals. I believe that hard work and strong mind will get you not to the door, but right into the room. I never give up, because I believe
