Thea started playing tennis about a year and a half ago. Most of her motivation stems from the 2019 US open tennis tournament in NY where she was able to watch the professional players practice. She met a few of them including Madison Keys, Victoria Azarenka, and Maria Sakkari and suddenly there was an unprecedented desire to play.

Thea trains six days a week and takes one day off. She

trains anywhere between two to four hours each day. The weather never stops her. She has been limited in tournament participation due to her young age; however, her immediate goal is to play in the 2021 "Little Mo" and gain tournament experience where she will most likely be the youngest participant.

Thea was recently able to spend some time with Taylor Wingate, a former US Open tennis

champion. She played some rallies with him, and he provided her with words of continued encouragement even stating that she was a "phenom."

She really enjoys meeting new people because of the sport and has made many friends along the way.

Her aspiration is to one day become the French Open tennis champion at Roland Garros.

# Ana Paula Garcia

Hello, my name is Ana Paula; I love golf, since I was very young, I play this sport, and I participate in many National Tours and Tournaments in my country México. From a very young age, I watched my brothers play, and I think that, from there, I caught this sport.

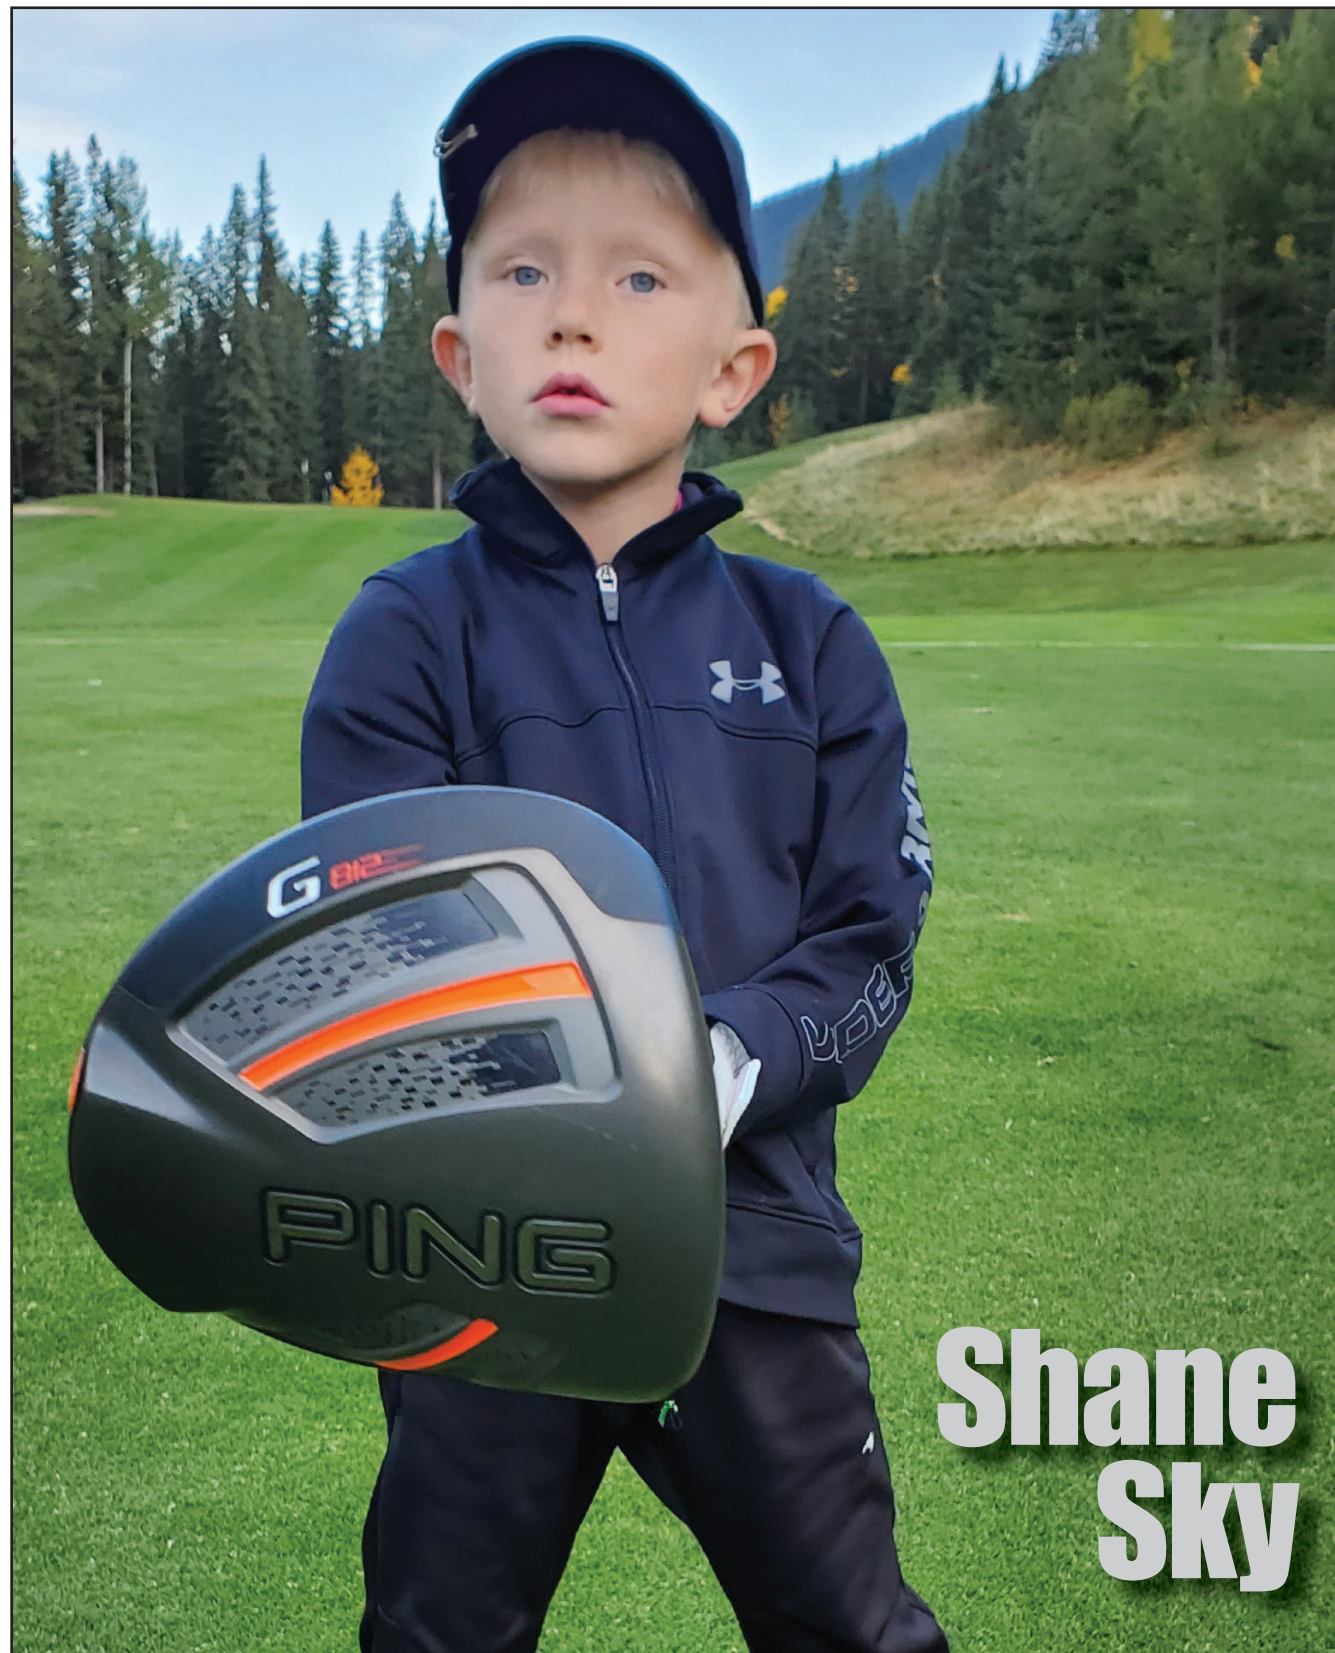

Since I was 6 years old, I have participated in Tournaments, and since then, I have had very good results; and I have won many trophies and recognitions. I was born to play golf, and I want to become a professional player, that puts my country Mexico very high. From a very young age, I discovered that, this sport comes to me very naturally; I could say that, for all that I have achieved, I am one of the best players in my country.

What I would love to do is, go play tournaments outside of Mexico; I really want to play with girls from other countries. In each tournament that I play, and each time I change category, it is a great challenge, where I try to learn from everything that happens to me, to grow in my sport and keep learning. Golf is something that I would like to do all my life; get where I have to go; with my achievements and, with the desire that I put into what I'm doing; it's a long way but, here I go. Thank you for having this platform; where we are taken into account, for valuing what we all do, in our sport, anywhere in the world, that's cool.

I will be a top golfer in the world one day. I love the game and learn every time I go out on the course. Watch for me as I grow in the game. Just one shot at a time.

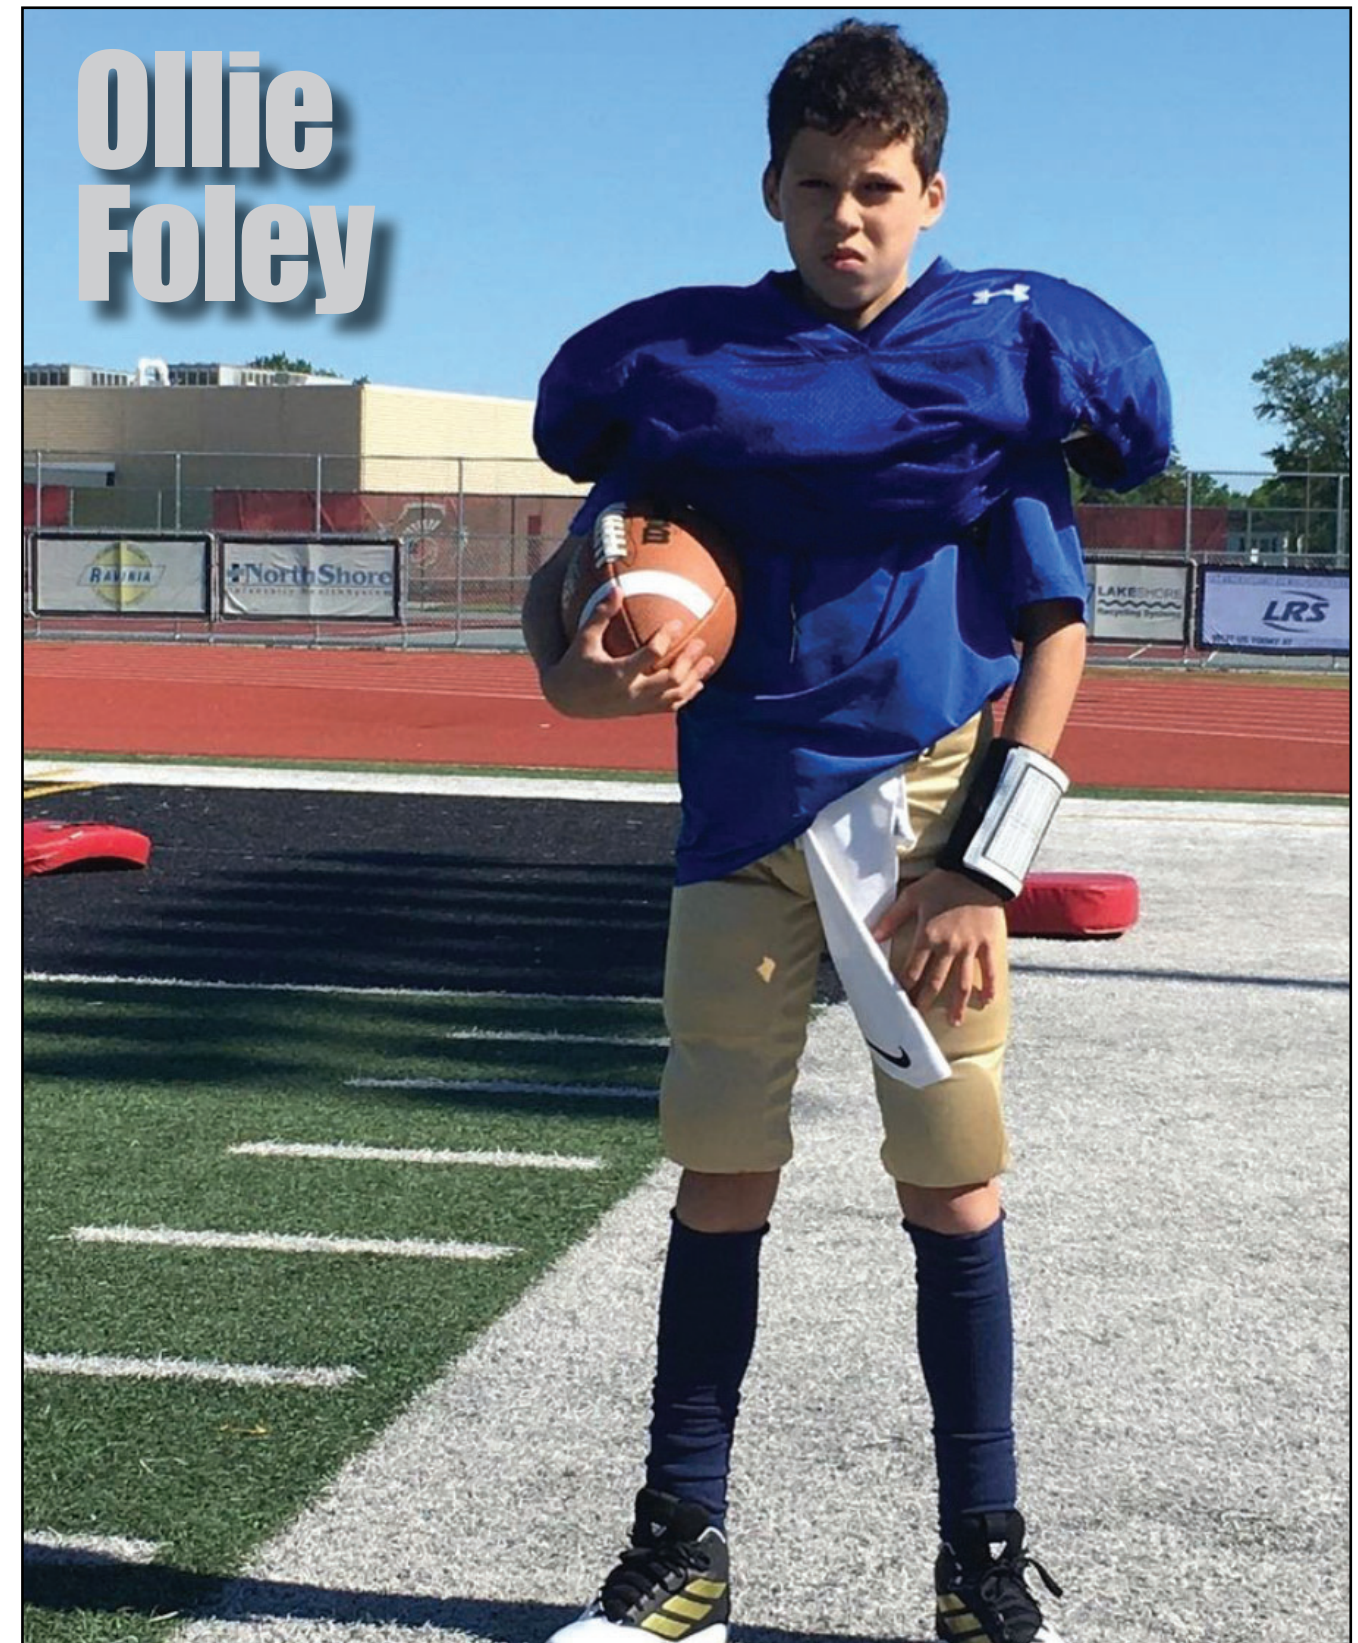

My dreams are to play D1 college football at Ohio state, noterdame, northwestern, TCU, Tennessee those are some of my dream schools and then I want to win the heisman and would like to play in the nfl and win the super bowl MVP some of my goals for this year's season are to throw for 20+ TD since I play QB and run for 10+ TD and win best player award in the TCYFL and some of my achievements last year was that I was ranked 37th in the nation

for the class of 2027 and won two track medals at conference for my middle school team and also had a state state time in the 800 meter and I also was getting good grades in the class room last year there was no football season cause of Covid-19 but I still worked hard from home did drills and most importantly was that I took no days off so well other kids were inside and relaxing I was putting in work and grinding being the best player I could be.

Fegan Smith**

**Kenzie  
Ward**

Hi, my names Ava Fegan-Smith and I'm 10! I've been training in golf since I was 6 and competitively for the last 2 years! When I first picked up a club I just knew it's what I wanted to do and who I wanted to be, it felt right and the feeling of hitting a good shot was just so satisfying (back then that was just hitting the ball haha)! Things have come along way since then, I've competed in many competitions, I've had 4 Tour wins, many top 3 places and 1 Major win which makes me the current Junior British Masters U12's Champion for 2021 which is just an amazing feeling! My goals within golf

are to always carrying on enjoying it while I'm achieving all there is to achieve! I already play for the county of Oxfordshire and one day I want to represent England in competition and in the Olympics! The Ladies European Tour, LPGA and all the golfing Majors are all in my dreams for the future and so far, with the help of my father, coach and family we've made the dreams come true! You will be seeing me and my sister Sienna on the big stage in the coming years! Watch out for the Fegan-Smith sisters!

When I was younger I played outfield but always knew I wanted to be a goal keeper like Jordan Pickford, he is my inspiration. I always challenge myself to the best of my abilities and hopefully one day I will play for England!

I hope to be able to play tennis for my career. In the near future I would like to achieve my first win U12 (runner up last week!) and end the season in the top 100 in the UK for my age. I am working really hard at the moment to her the hours training in on court, focusing particularly on my backhand, my movement and serves. I'm Also trying to quicker feet by doing lots of ladder drills and sprints!

**KANANA  
MUTHOMI**

My name is Kanana Chepkurui Muthomi. I am a passionate 9 year old junior golfer from Nairobi, Kenya.

Growing up, we all have dreams. My dream is to play golf like Tiger Woods and Nelly Korda, and get to play at the LPGA and win a major for my country. My home club is Windsor Golf Course. I always put in the work at any free time I get at the range and at the course. My mom always captures the moments and always motivates me.

Golf can be so contagious, you play it and can't stop. But since I have school, I still have to balance between school, playtime with friends and golf. We all have challenges and golf mirrors day to day life. My parents took the decision to have me home schooled so as not to miss any school or any golf activity. This has so far been so easy for me. I get time for both golf and school work.

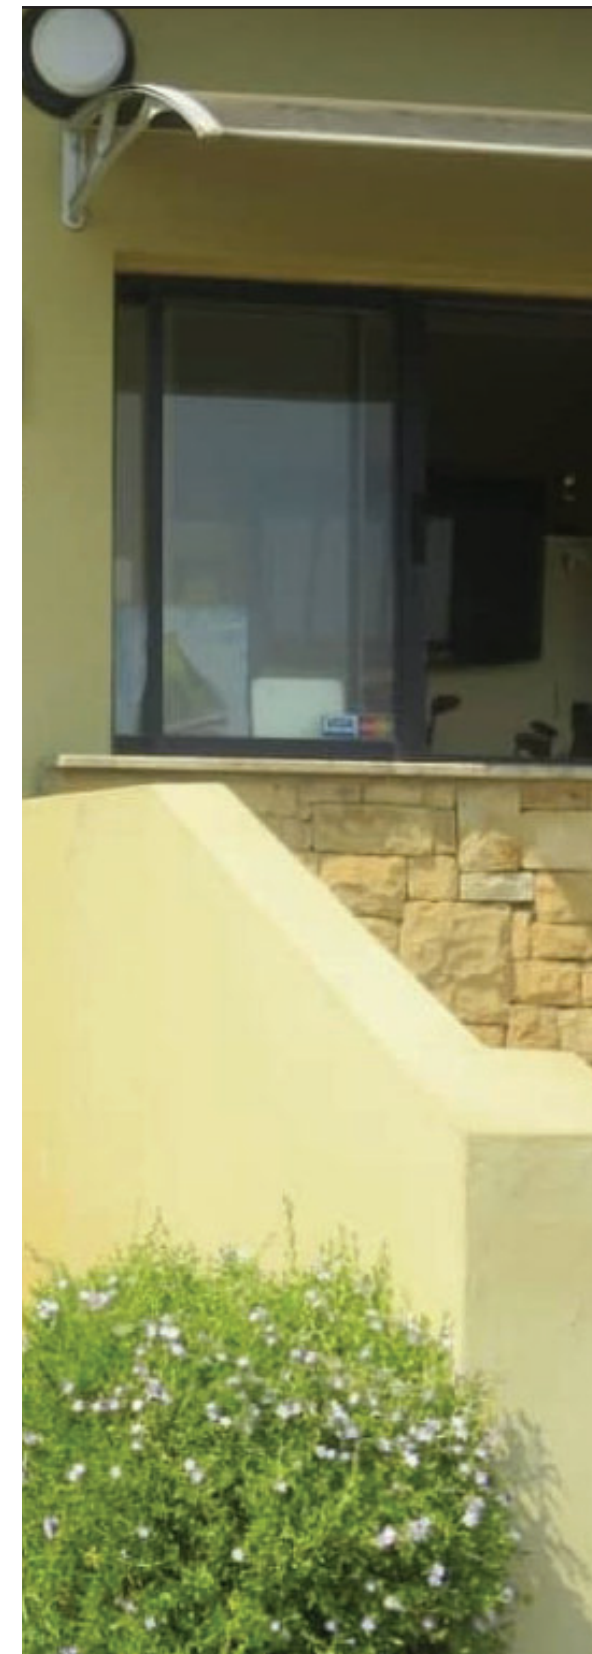

I remember I started playing golf at the age of 5. That's the first time I also got my first golf set. I would follow my dad, who's now my caddie to the course and while at the range too. I picked up golf so quick since every weekend my parents will load bags to the car and we called it a weekend full of golf! My greatest achievement is that, I have really grown up a lot faster on the golf course because golf teaches you how to behave. I also played a major tournament, The Junior Challenge Championship in South Africa, representing my country Kenya. I took the first place, in the girls 7 years category. This motivated me a lot and was proud of myself. This got me featured in the BBC sport news. Link <https://youtu.be/CL5UESsRSgw>

Special thanks to my coach, Pro. David Opati, my parents, Reve Golf Shafts for sponsoring me and my supporters.

**Doronenkova  
Anastasia**

My name is Nastya, I am 5 years old, I am from Ukraine. I've been playing tennis for a year already, my sister brought me here when I was 4. from the first training session, I fell in love with this game. I like the dynamics and speed in tennis. I have very big plans for the future, I'm going to win all the Grand Slam tournaments and become the first racket of the world in singles. Almost every day I work to achieve my goals, and I am sure that I will succeed!

# HOPE NUEZ LEN

I love to dream and when I do it I dream that I am a great athlete, I love dance, karate, rhythmic gymnastics, sports, artistic, poledance, I am still young and I will continue fighting to be who I want to be !!

My dreams are to own my own business, go to the NFL, go to ice box and take care of my family. My goals are to continue to get A's and b's in school, train harder in football, when a championship and go to ice box. One of my achievements was getting 2 championship rings at my football tournaments in Florida.
