Name : Yousef from Jordan, Age : 9 years

Golf Story : When I was six years old, doctors discovered that I suffer from a rare genetic disease that constantly causes stones to form inside the kidneys, and this requires me to take medications constantly. I started learning golf two years ago with a great coach, and from here the challenge began, I felt talented and that gave me the strength to face my illness

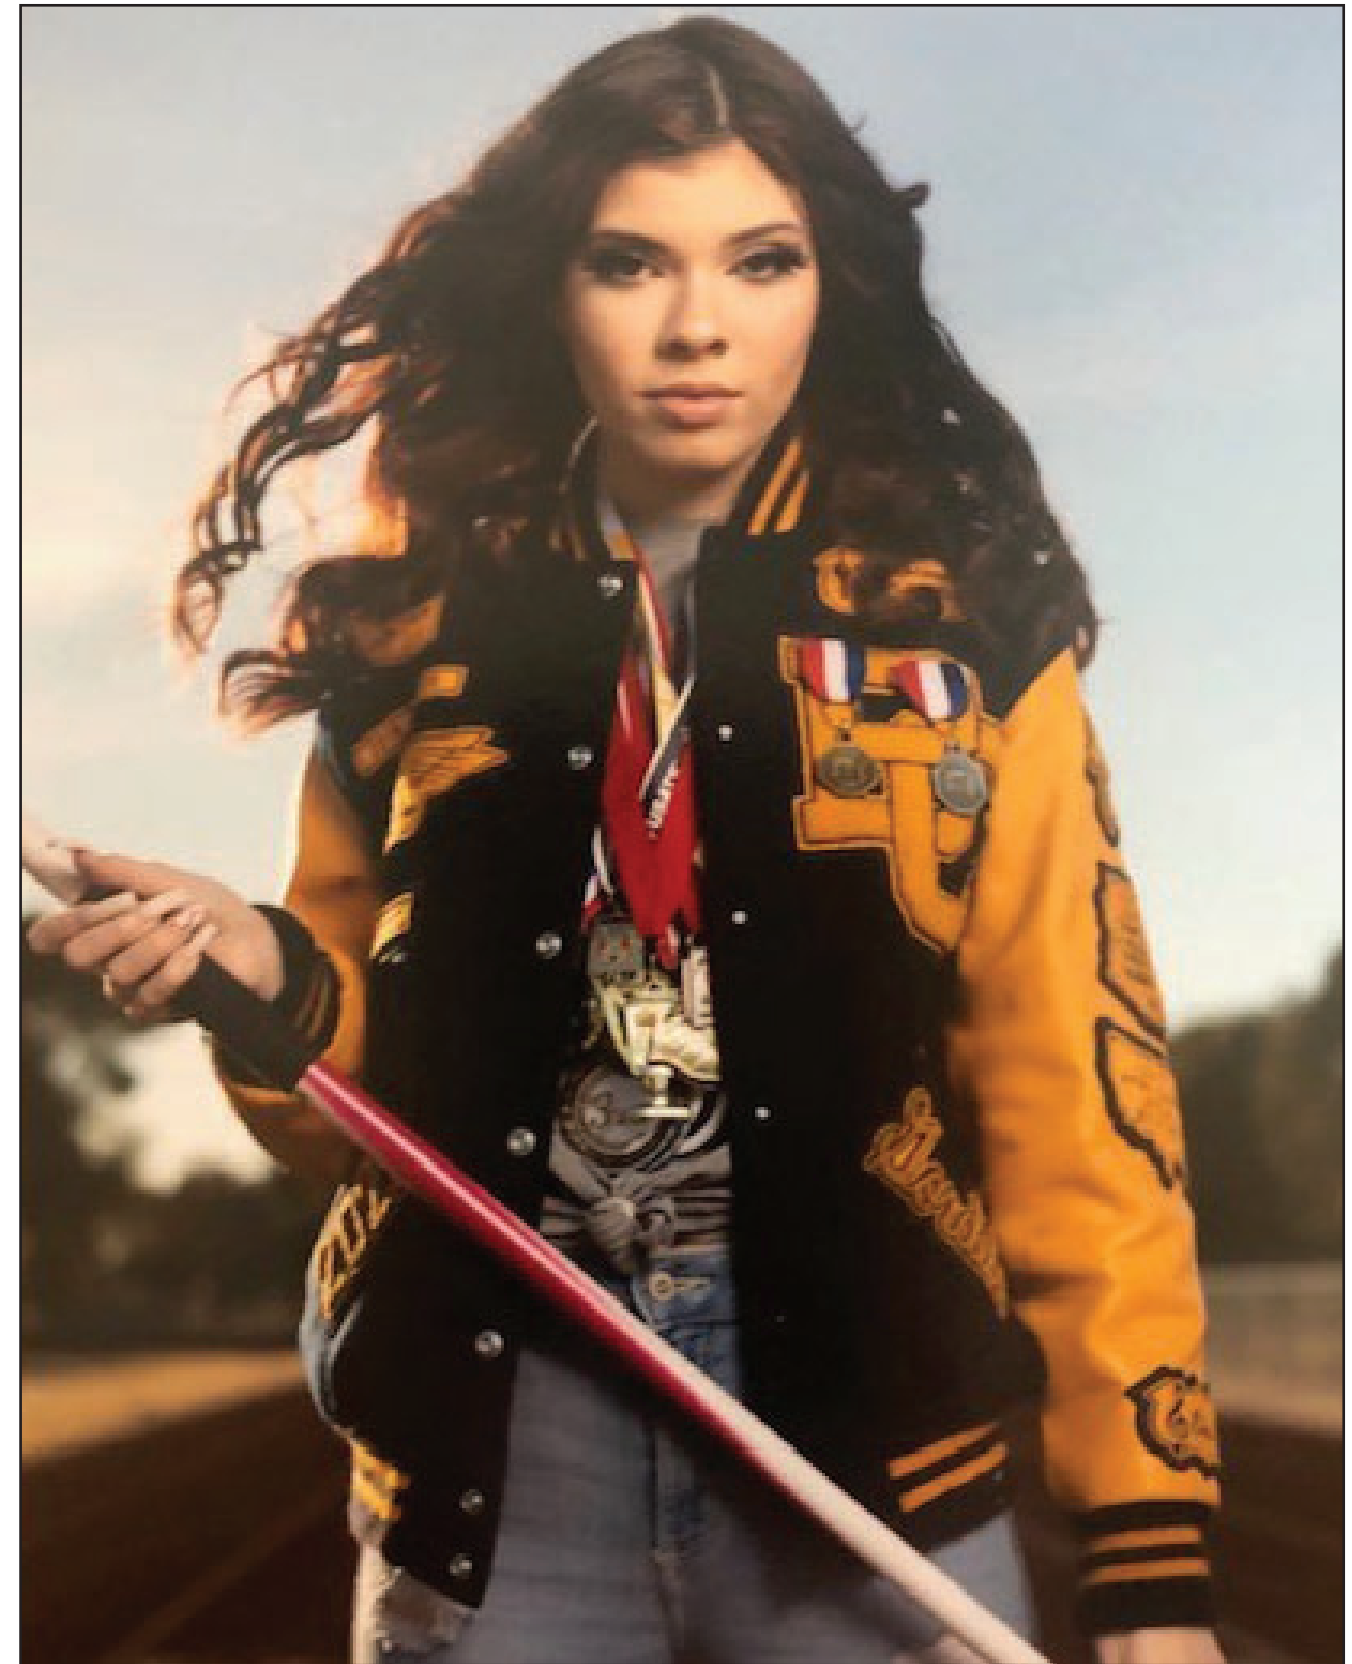

Dreams : 1. To be able to train professionally and

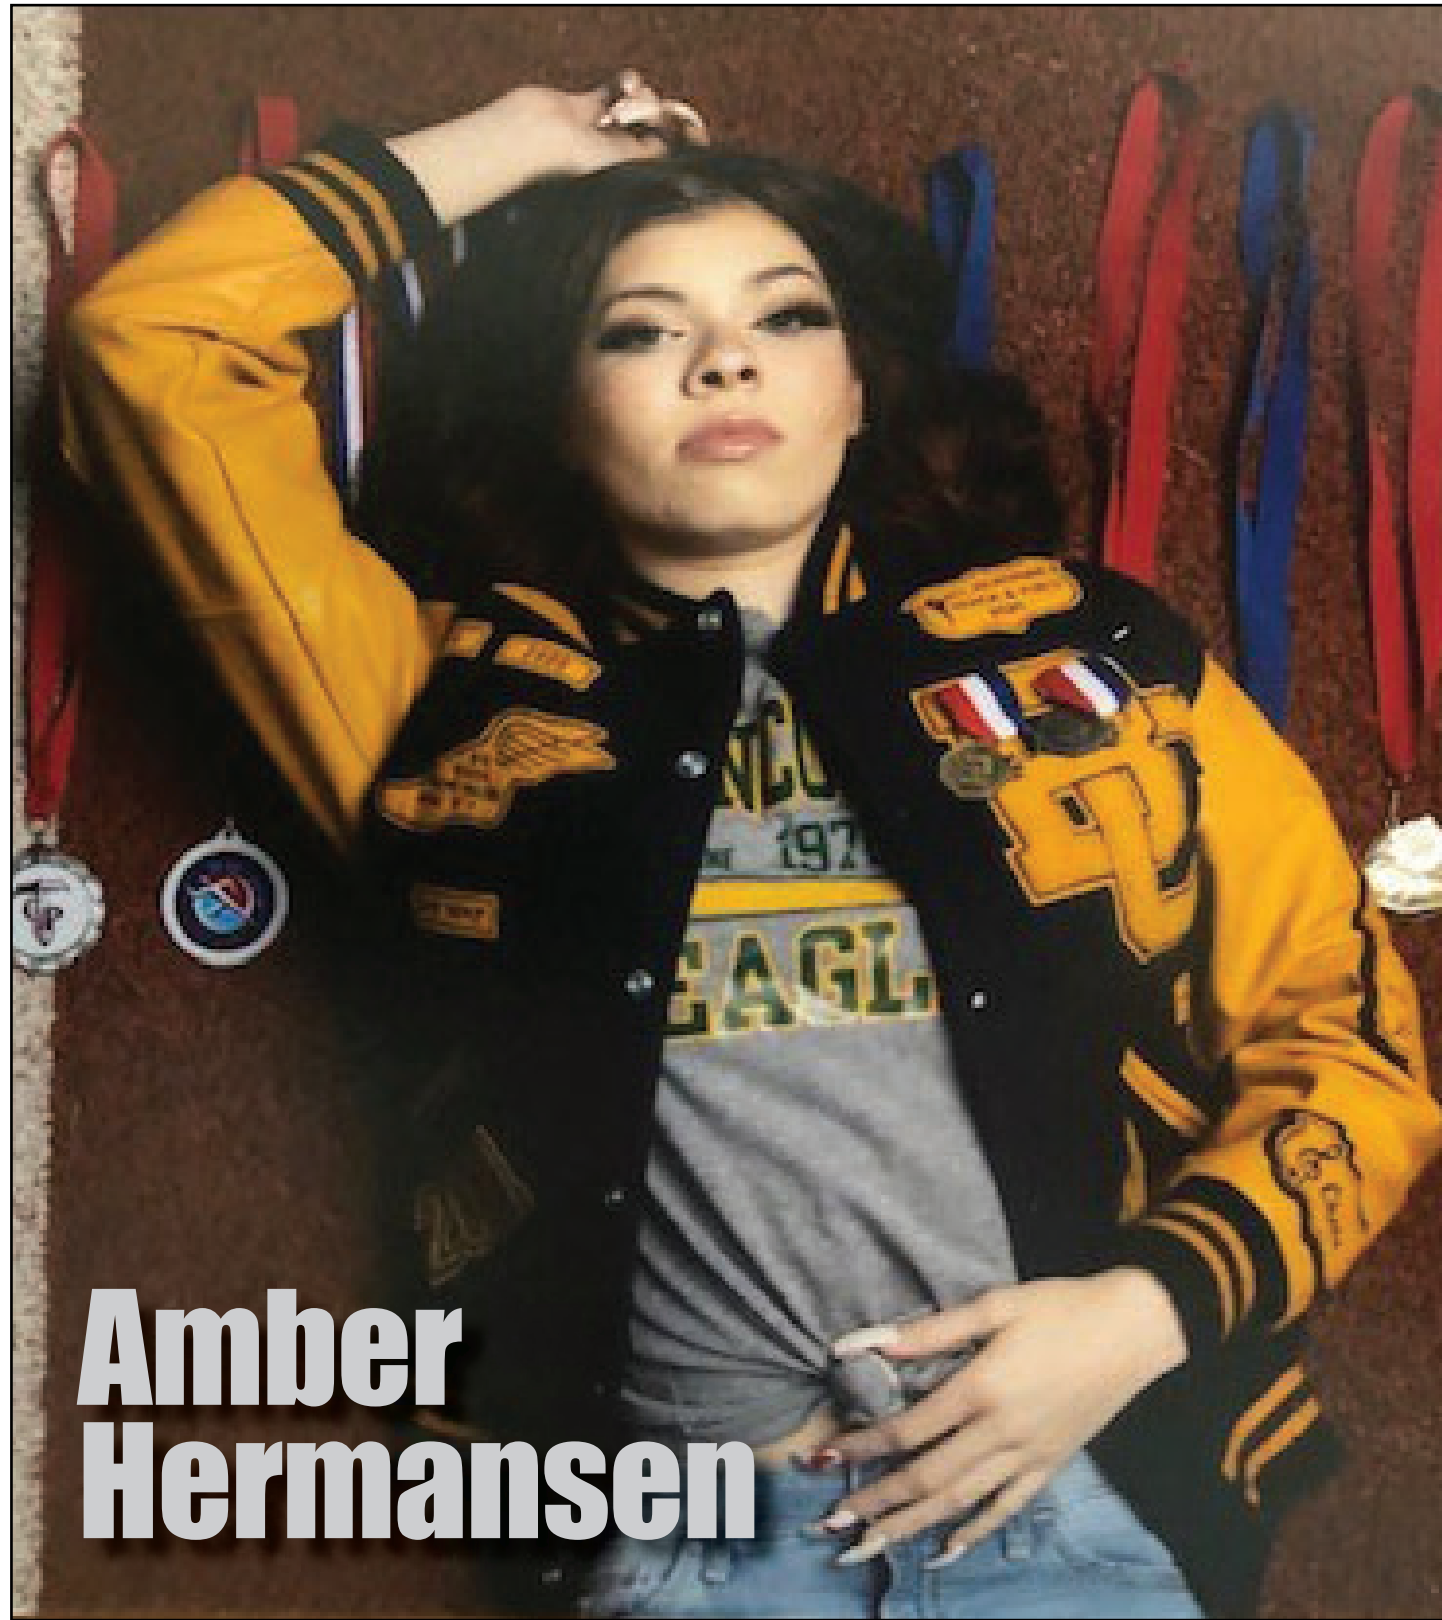

someday to become professional in playing golf.  
 2-To be able to obtain better medical care and cope with my illness.  
 3-To be able to participate in competitions held outside my country.

Hobbies : golf, football,Swimming  
 Highlights : Get medals in local golf competitions .  
 Country : Jordan home club : Bisharat Golf Club

Photographers Credits: My dad

**Tristan  
Rarchaert**

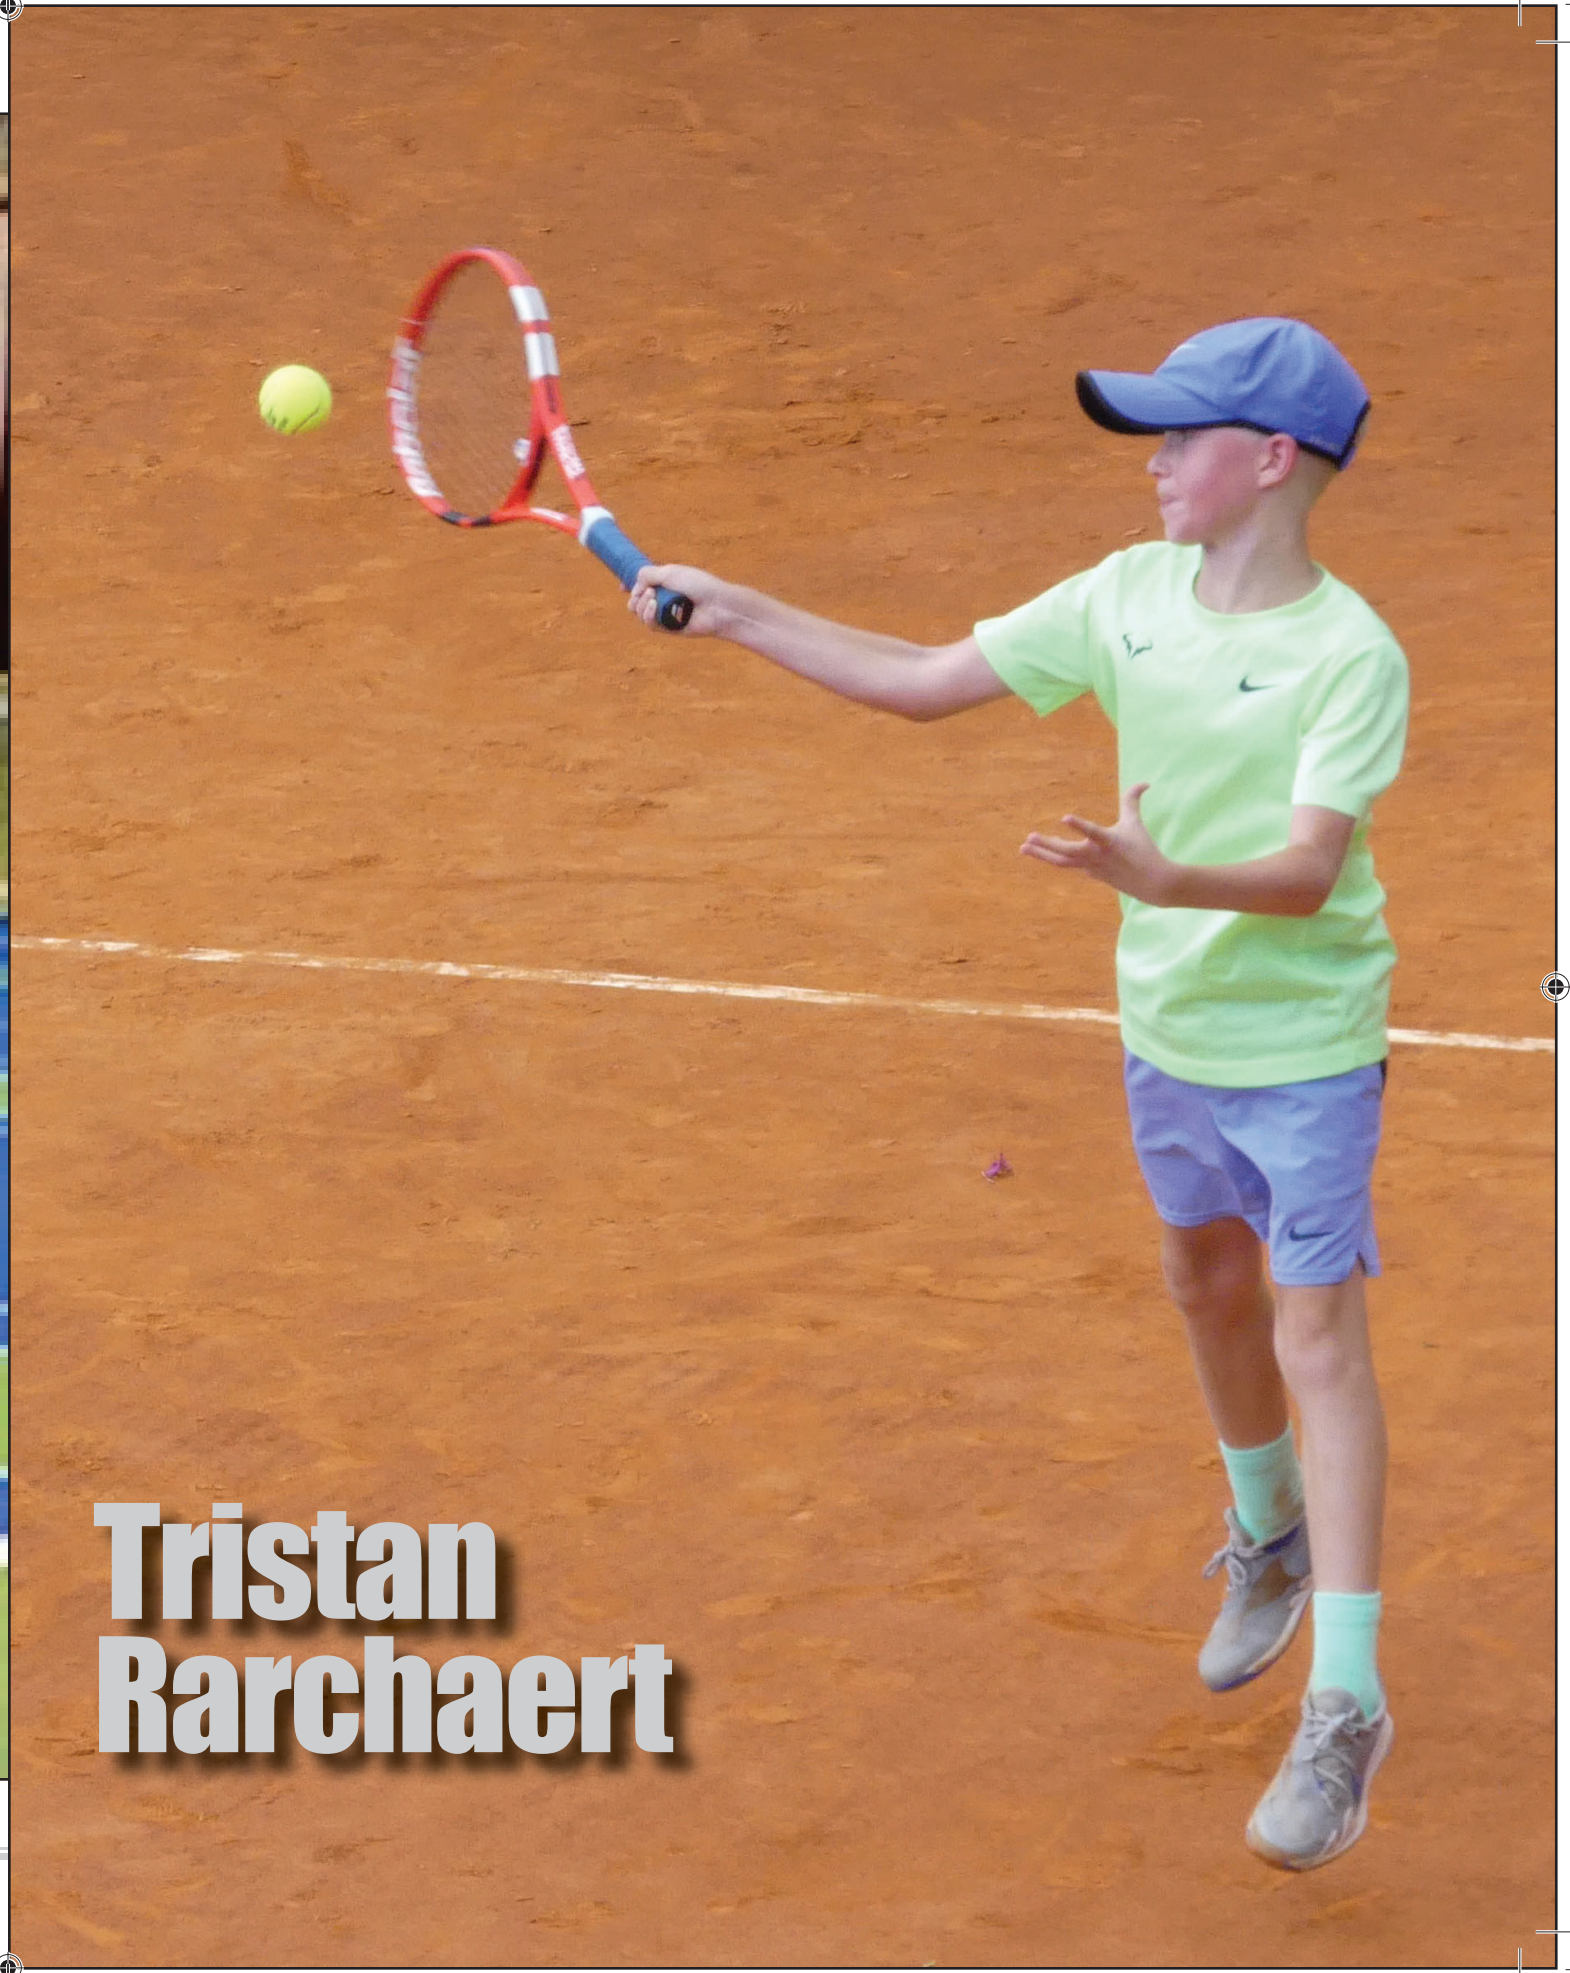

As a recent high school graduate, one of my dreams was to receive an athletic scholarship as a thrower. After years of being a competitor in high school and for USATF, I am happy to say that I am a collegiate athlete! My goals as I prepare to embark as a freshman at Concordia University Irvine, is to study hard as a Biology/Pre-Nursing student and begin my track and field training with my team. As a 3x National Qualifier in Javelin, I have achieved what most can only dream. I feel blessed that my

hard work, determination and passion for track has paid off. Challenges have not been too far from my sight. As a young thrower, I was seen as "too small" or "not strong enough" to throw but with my gym preparation and advice from health specialists on my diet, I have overcome those challenges and stand up to any future ones!

I am junior golfer who has passion in playing golf. I started playing golf since I was 3 yrs old and now I am almost 12 yrs old. I enjoy being in the competition as well as having fun with my friends but still determine to succeed. Golf teaches me to be more maturity than my age and also gives me the opportunity to be part of Wellington College International School Bangkok. My goal in this moment is to enter into top universities in USA and play golf with university golf team. There is no shortcut so the discipline and keep developing myself are the keys for success. I practice 5 days a week 3-4 hrs a day during my school but during school holidays, I practice 5-6 hrs a day. I also study hard to ensure I have good grades from school. I came to USA to compete FCG International tournament during July 8-9,2021 and I finish 2nd. And I commit to myself to go back to USA again next year onward. Thank you all of my supporting.

Covid situation is still not good in Thailand. Please stay safe!

My name is Lev, I am from Ukraine and since the age of 7 I have been playing tennis. At first it was just my hobby, but now I am 10 years old and I realized that this sport is what my life will be connected with. My dream is to be a professional tennis player in the future and of course I dream of getting to Wimbledon and becoming the 1st racket in the world. I know that this is trite and all my tennis players of the same age dream about it, but I am ready to work and full of hopes to make my dreams come true.
