Hello. My name is Tristan Vivona. I'm a twelve year old tennis player who is fortunate enough to have won National Level Tournaments in the U.S.A. I have been the #1 ranked Middle States Tennis Player of my age group, and have also been Nationally ranked as high as # 7 in the country. I have multiple wins against players ranked within the top 10 of the nation, and hope to keep trending higher in the coming years. I love to compete on the court, and cherish the friendships I continue to

make off of the court. I am grateful to my parents, coaches, tennis organizations, and school teachers for giving me the opportunity to be the best tennis player I can be. My tennis goal is to reach my full potential and see where it leads me to. To play tennis on it's highest level, you need to embrace the physical and mental challenges that await you. I understand that pressure is a privilege, and enjoy those moments in tight matches. Tristan

Ivan Sokiran

Hi! My name is Ivan Sokiran and I am a professional tennis player. Tennis is not just a business that I do, it is my whole life. I was born with a tennis racket:) as I am from tennis family. So I just can't imagine myself without tennis. And I really love it and happy to have this

amazing game in my life. My goal is to become number 1 ATP and I do not compromise. A lot of hard work I need to do now for the future in order to reach the main goal. And I am confident that success awaits me. It simply cannot be otherwise. So let's meet on the Grand Slams.

It's always been a goal of mine to show my little brothers just how much hard work and dedication can get you to where you want to be. I was told that as long as you have faith and work hard, all your dreams can come true. I will continue to do that by being the example they need and showing them. I work hard both athletically and academically with my academics being the most important. I have always been told there is a lot that can be taken from you but the one thing no one can take from you is the knowledge you hold. I take pride in being a straight A student and being apart of The National Elementary Honor Society. I am also in Gifted and Talented and plan to go to college to pursue a career in Paleontology. I play multiple sports which includes soccer, track, football and gymnastics! I train and work hard at them all because that is the type of person I am. When I set my mind on something, I give it 110% I have achieved many things in sports. My first year of track I made it to the USA Junior Olympics in three events and was ranked Top 15 in all three. Football is the one I have the most fun with. I play both offense (RB) and defense (Safety), but I like to call myself a true Athlete in the sport because I can play multiple positions. I am ranked Number 3 in the Nation for my age group and was also chosen as People's Choice Player of the Year!! I have been top 3 for Junior Heisman 2 times. I have won many MVP awards at combines and Conference Champs with my football team. I have learned so much in football and how important it is to stay focused. I have a short term goal of winning a Battle Championship with my team and also playing on Varsity as a Freshman. My long term goal is to Academically complete high school with my diploma and Associates Degree. If given the opportunity to go Pro, I would take it without a doubt because I truly love the game. In the meantime, I am going to continue to work hard, train hard, keep my grades A1, and most importantly keep God First in everything I do.
